TRESKO HDKF-002

TRESKO Dog Cage Model HDKF-002 Instruction Manual

Model: HDKF-002 | Dimensions: 77 x 48 x 54 cm

1. Introduction

Thank you for choosing the TRESKO Foldable Dog Cage. This manual provides essential information for the safe and effective use of your new pet transport cage. Designed for versatility, this cage serves as a secure retreat for your pet during travel, camping, or at home. Please read these instructions carefully before assembly and use, and retain them for future reference.

2. Safety Instructions

- Always ensure the cage is fully assembled and all latches are securely fastened before placing your pet inside.
- Do not leave your pet unattended in the cage for extended periods, especially in extreme temperatures.
- Regularly inspect the cage for any damage, loose wires, or sharp edges that could harm your pet. Discontinue use if damage is found.
- Ensure the cage size is appropriate for your pet, allowing them to stand, turn around, and lie down comfortably.
- Keep fingers and clothing clear of moving parts during assembly and folding.
- This cage is intended for pet containment only. Do not use it for any other purpose.

3. Package Contents

Upon unpacking, please verify that all components are present and undamaged:

- 1 x TRESKO Foldable Wire Dog Cage
- 1 x Removable Plastic Base Tray
- 1 x Carry Handle (pre-attached or to be attached)

4. Setup and Assembly

The TRESKO Dog Cage is designed for quick and easy assembly and disassembly. Follow these steps to set up your cage:

1. **Unfold the Cage:** Place the folded cage on a flat, stable surface. Carefully lift the top panel and unfold the side panels outwards.

2. **Secure the Sides:** Bring the side panels up and connect them to the front and back panels using the integrated clips or hooks. Ensure all connections are firm and stable.
3. **Lower the Top Panel:** Once the sides are secured, lower the top panel into place.
4. **Insert the Base Tray:** Slide the removable plastic base tray into the bottom of the cage. Ensure it sits flat and securely.

Figure 4.2: The removable plastic base tray provides a hygienic and easy-to-clean floor for the cage.

5. **Final Check:** Verify that the entire cage is stable, all panels are locked into position, and the doors operate smoothly.

To fold the cage for storage or transport, reverse these steps. Remove the tray, unclip the side panels, and collapse the cage flat.

5. Operating Instructions

Using your TRESKO Dog Cage is straightforward:

- **Opening and Closing Doors:** The cage features two doors (front and side) for convenient access. Each door is equipped with two double locks. To open, slide the latch upwards and pull the door outwards. To close, push the door shut and slide the latch downwards to secure it.

- **Placement:** Position the cage on a stable, level surface. For indoor use, consider placing a soft bed or blanket inside for your pet's comfort. For outdoor or transport use, ensure the cage is secured to prevent movement.

6. Maintenance and Cleaning

Regular cleaning and maintenance will extend the life of your TRESKO Dog Cage and ensure a hygienic environment for your pet.

- **Cleaning the Tray:** The plastic base tray is removable and waterproof. Slide it out from the bottom of the cage, wash with mild soap and water, rinse thoroughly, and dry before reinserting.
- **Cleaning the Wire Frame:** Wipe down the wire frame with a damp cloth and mild, pet-safe cleaner. Avoid abrasive cleaners that could damage the powder coating. Dry completely to prevent rust.
- **Inspection:** Periodically check all welds, latches, and wire connections for signs of wear or damage. Tighten any loose parts if possible, or contact customer support if significant damage is observed.

7. Troubleshooting

If you encounter any issues with your TRESKO Dog Cage, refer to the following common solutions:

Problem	Possible Cause	Solution
Cage is unstable after assembly.	Panels not fully locked into place.	Ensure all side clips and hooks are securely fastened. Check that the cage is on a level surface.
Door does not close or latch properly.	Obstruction or misalignment.	Check for any debris blocking the latch mechanism. Gently adjust the door frame if slightly bent.

Problem	Possible Cause	Solution
Tray is difficult to slide in/out.	Debris under the tray or misalignment.	Remove the tray and clean the area underneath. Ensure the tray is inserted straight.

If the issue persists or is not listed here, please contact TRESKO customer support for assistance.
