Braun BR-81740721

Braun Charging Stand User Manual

Model: BR-81740721

1. Introduction and Product Overview

This manual provides essential information for the safe and effective use of your Braun Charging Stand. Please read these instructions carefully before using the product and retain them for future reference.
The Braun Charging Stand is designed to provide a convenient and stable charging solution for compatible Braun shavers, utilizing your existing shaver power cord.

Figure 1: The Braun Charging Stand. This image displays the compact, black, circular charging base with the integrated charging connector at its center, designed to securely hold and charge compatible Braun shavers.

1.1. Compatibility

This charging stand is specifically designed for Braun Shaver Types **5762** and **5764** only. It is compatible with various models within the Braun Series 7 (S7) and Series 5 (S5) / Series 6 (S6) Easyclean/Sensoflex lines that correspond to these types.

To verify your shaver's type number, please check the underside of your shaver. The type number is typically printed near the charging port or on a label.

Figure 2: Shaver Type Identification. This image shows the bottom of a Braun shaver with a yellow box highlighting the "Type: 5764" designation, indicating where users can find their shaver's compatibility information.

Compatible Models include:

- **Series 7 (S7) - 360° Flex:**7011, 7012, 7018, 7020, 7027, 7071, 7075, 7081, 7120, 70-B1000s, 70-B1200s, 70-N1000s, 70-N1200s, 70-N4300cs, 70-S1000s, 70-S1200s, 70-S4200cs, 70-S7200cc.
- **Series 5 (S5) - Easyclean & Series 6 (S6) - Sensoflex:**5010, 5011, 5012, 5015, 5018, 5020, 5035, 5044, 5049, 5050, 50, 6010, 6011, 6012, 6020, 6040, 6045, 6072, 6075, 6090, 60, 50-B1000s, 50-B1200s, 50-B1620s, 50-B4650cs, 50-M1000s, 50-M1200s, 50-M1300s, 50-M4000cs, 50-M4500cs, 50-R1000s, 50-R1200s, 50-R1300s, 50-W1000s, 50-W1200s, 50-W1500s, 50-W1600s, 50-W4200cs, 50-W4650cs, 60-B1000s, 60-B1200s, 60-B1500s, 60-B4500cs, 60-B7200cc, 60-N1000s, 60-N1200s, 60-N4500cs, 60-N4820cs, 60-R1000s, 60-R1200s.

2. Setup

The Braun Charging Stand is designed for simple and quick setup. It requires your existing Braun shaver power cord (not included with the stand).

1. **Connect Power Cord:** Insert the power cord (from your Braun shaver) into the designated port on the back or underside of the charging stand. Ensure the connection is firm.
2. **Plug into Outlet:** Plug the other end of the power cord into a suitable electrical outlet.
3. **Placement:** Place the charging stand on a stable, flat, and dry surface, away from water sources.

3. Operating Instructions

Once the charging stand is set up and connected to power, you can begin charging your compatible Braun shaver.

1. **Place Shaver:** Gently place your compatible Braun shaver onto the charging stand. Ensure the shaver's charging contacts align with the pins on the stand. The shaver should sit securely in the stand.
2. **Charging Indicator:** The charging indicator light on your shaver (if applicable) will illuminate to confirm that charging has begun. Refer to your shaver's specific user manual for details on its charging indicators.
3. **Full Charge:** Allow the shaver to charge until it reaches a full charge, as indicated by your shaver's battery display or indicator light.

Note: *The charging stand itself does not have an indicator light; it acts as a conduit for power from your shaver's cord to the shaver.*

4. Maintenance

To ensure the longevity and proper function of your Braun Charging Stand, follow these simple maintenance guidelines:

- **Cleaning:** Disconnect the charging stand from the power outlet before cleaning. Wipe the stand with a soft, dry cloth. Do not use abrasive cleaners, solvents, or immerse the stand in water.
- **Storage:** When not in use for extended periods, store the charging stand in a cool, dry place.
- **Avoid Damage:** Do not drop the stand or expose it to excessive force, as this may damage the charging pins or the unit itself.

5. Troubleshooting

If you encounter issues with your Braun Charging Stand, consider the following common solutions:

Problem	Possible Cause	Solution
Shaver not charging when placed on stand.	• Shaver not compatible with the stand. • Power cord not properly connected or plugged in. • Shaver not correctly seated on the stand. • Power outlet issue.	• Verify your shaver's type number (5762 or 5764). • Ensure the power cord is securely connected to both the stand and the wall outlet. • Reposition the shaver on the stand, ensuring the charging contacts align. • Test the power outlet with another device.
Stand appears unstable.	• Uneven surface. • Shaver not properly seated.	• Place the stand on a flat, stable surface. • Ensure the shaver is correctly and fully seated on the stand.

If the problem persists after attempting these solutions, please refer to the Warranty and Support section for further assistance.

6. Specifications

- **Product Name:** Braun Charging Stand
- **Model Number:** BR-81740721
- **Compatible Shaver Types:** 5762, 5764
- **Manufacturer:** Braun

- **Package Dimensions:** 3.27 x 2.83 x 2.17 inches
- **Item Weight:** 3.21 ounces
- **ASIN:** B09C7GN829

7. Warranty and Support

For information regarding warranty coverage, product support, or service, please refer to the documentation included with your original Braun shaver or visit the official Braun website. You may also visit the Braun Store on Amazon for additional product information and contact options.
Please retain your proof of purchase for warranty claims.
