⏻ +1	tPoPirctsa%
1 +2	Long press To touch link with bulbs.
2+3	Long press Connect to the gateway.
⏻ +3	L$_R$o$_e$ng$_{set}$7$_t$re$_e$ss$_{bulb}$.
1 +3	Long press Reset to factory settings.

1. Pull off the lid sticking out of the battery compartment.

    For more information on installation and use please visit **www.adurosmart.com/remote**.

2. To use without a control station, switch on the ZigBee lamp which you want to control.

3. Touch the lamp cover with the remote and keep pressing button 1 (symbol) + button 2 (symbol) . The Eria soft white lamp will flash 2 times when it initiates the touchlink and a color lamp will flash green once. Make sure that you keep button 1 (symbol) + button 2 (symbol) pressed until a successful touch-link is confirmed as illustrated at step 4.

4. If the touchlink is successful the soft white lamp will flash slowly 2 times, if you have touchlinked the color lamp successful then it will turn green.
