ADVANCE TABCO SU-P-208 High Limit Switch

OVERVIEW

- CHECK FOR CONCEALED DAMAGE FILE CLAIM WITH DELIVERING FREIGHT CARRIER

TOOLS REQUIRED

- Philips Head Screw Driver

Units Prior To 2022

Units Built January - May 1, 2022

• STEP 1:

Unplug or turn off the breaker powering the unit. Disconnect the wiring from the existing High Limit Switch.

• STEP 2:

Connect the wiring to the new High Limit Switch. Using the #10 sheet metal screws, install the mounting to the element pan as shown.
