2. Important Safety Instructions

Please read and understand all safety instructions before using this product. Keep these instructions for future

reference.

- **Power Source:** Use only the specified power cord and connect to a grounded outlet. Ensure the voltage matches the speaker's requirements.
- **Water and Moisture:** Do not expose this appliance to rain or moisture. Do not place objects filled with liquids, such as vases, on the apparatus.
- **Ventilation:** Ensure proper ventilation. Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.
- **Heat:** Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
- **Cleaning:** Unplug this apparatus before cleaning. Clean only with a dry cloth.
- **Servicing:** Do not attempt to service this product yourself. Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.
- **Placement:** Place the speaker on a stable, flat surface to prevent tipping.

3. Setup Guide

3.1 Unpacking and Placement

Carefully remove the speaker from its packaging. Place the speaker on a firm, level surface. The speaker is equipped with rugged wheels and handles for portability.

Image: Close-up view of the QFX SBX-212W speaker's rugged wheels and integrated back and side handles, highlighting its portable design.

3.2 Power Connection

1. Locate the power input on the back of the speaker.
2. Connect the provided power cord to the speaker and then to a standard electrical outlet.
3. Ensure the power switch is in the OFF position before plugging in.

3.3 Microphone Connection

The SBX-212W includes two wired microphones. Connect them to the microphone input jacks on the speaker's control panel.

3.4 Remote Control Setup

Insert batteries (not included, typically AAA) into the remote control according to the polarity markings.

4. Operating Instructions

4.1 Powering On/Off

Press the main power switch located on the back or front panel to turn the speaker ON or OFF.

4.2 Using the 15.4" LED Touchscreen Display

The speaker features a large 15.4-inch LED touchscreen display powered by Android 11 OS, providing an intuitive interface for controlling functions and accessing apps.

4.3 Bluetooth Connectivity

1. Turn on the speaker and select Bluetooth mode using the mode button on the control panel or remote.

2. Enable Bluetooth on your mobile device (smartphone, tablet, etc.).
3. Search for "SBX-212W" in your device's Bluetooth settings and select it to pair.
4. Once paired, you can stream audio wirelessly to the speaker.

4.4 True Wireless Stereo (TWS) Function

Connect two SBX-212W speakers wirelessly for a true stereo sound experience.

4.5 Audio Inputs and Features

- **AUX Input:** Connect external audio devices using a 3.5mm AUX cable.
- **USB/TF Card Inputs:** Play music directly from USB drives or TF (microSD) cards.
- **Microphone Inputs:** Adjust microphone volume and echo effects for karaoke.
- **Guitar Input:** Connect a guitar for live performance.
- **FM Radio:** Tune into your favorite FM radio stations.

- **Graphic Equalizer:** Utilize the built-in 7-band graphic equalizers to fine-tune your sound.

Image: A visual summary of the QFX SBX-212W's key features, including Bluetooth connectivity, dual 12-inch woofers, 15.4-inch touchscreen, LED party lights, microphone inputs, guitar input, AUX input, USB/TF card inputs, microphone volume/echo controls, FM radio, and remote control functionality.

5. Maintenance and Care

Proper care will ensure the longevity and optimal performance of your QFX SBX-212W speaker.

- **Cleaning:** Use a soft, dry cloth to clean the exterior of the speaker. For the touchscreen, use a screen-specific cleaning solution and a microfiber cloth. Do not use abrasive cleaners or solvents.
- **Storage:** When not in use for extended periods, store the speaker in a cool, dry place, away from direct sunlight and extreme temperatures.

- **Handling:** Always use the integrated handles and wheels when moving the speaker to prevent damage.

6. Troubleshooting

If you encounter issues with your speaker, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
No Power	Power cord not connected; Power outlet not working; Speaker power switch off.	Ensure power cord is securely connected. Test outlet with another device. Turn speaker power switch ON.
No Sound	Volume too low; Incorrect input mode selected; Audio cable loose/damaged.	Increase master volume. Select correct input mode (Bluetooth, AUX, USB). Check audio cable connections.
Bluetooth Disconnection/Cannot Pair	Device too far; Interference; Speaker not in pairing mode; Previously paired device connected.	Move device closer to speaker. Avoid obstacles. Ensure speaker is in Bluetooth pairing mode. Disconnect from other devices.
Microphone Not Working	Microphone not connected; Microphone volume too low; Microphone switch off.	Ensure microphone is fully plugged in. Increase microphone volume. Turn microphone switch ON.
Screen Unresponsive/Frozen	Software glitch; Temporary system error.	Restart the speaker by turning it off and on again. If issue persists, contact support.
