NATERIAL Solaris 5-Person Garden Sofa Instruction Manual

Model: Solaris | Manufacturer Reference: 3276007268317

Introduction

Thank you for choosing the NATERIAL Solaris 5-Person Garden Sofa. This manual provides essential information for the assembly, operation, maintenance, and care of your new garden furniture. Please read these instructions carefully before use and retain them for future reference.

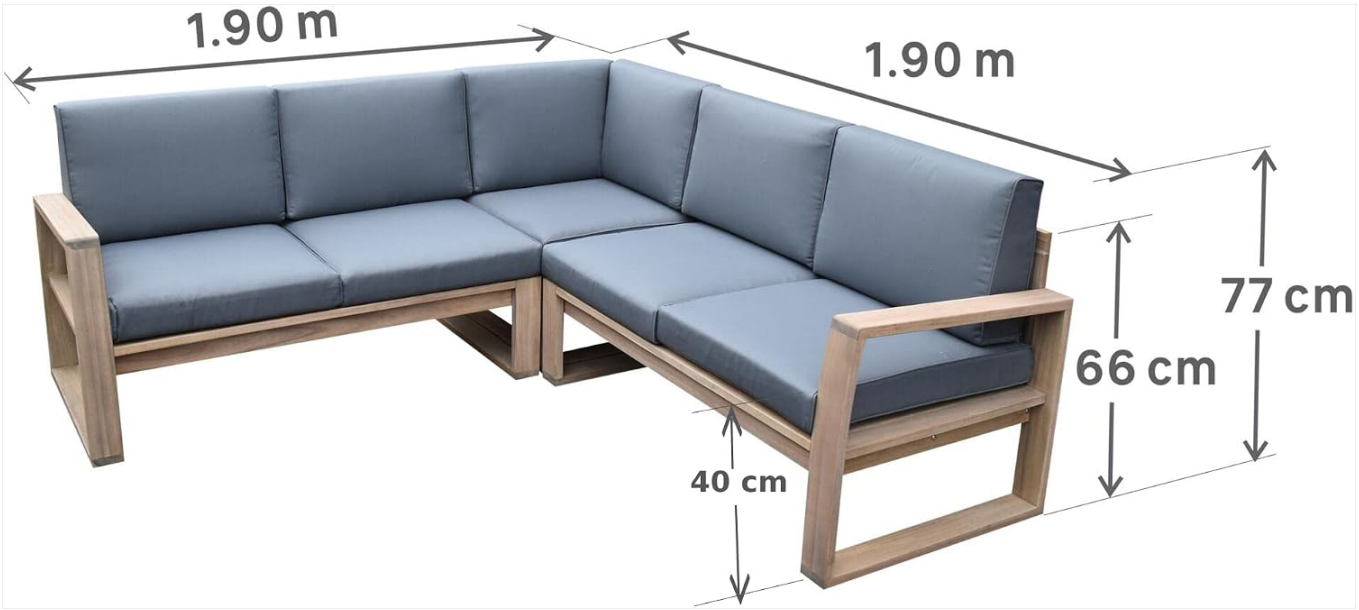

Image: The NATERIAL Solaris 5-Person Garden Sofa, showcasing its contemporary design and grey cushions, set up in a modern outdoor patio area.

Product Features

- **Design:** This garden sofa features simple lines and a contemporary design, bringing an authentic character to your garden. Its geometric armrests, U-shaped legs, and natural materials make it easy to integrate for a rustic and warm aesthetic.
- **Comfort:** The SOLARIS garden sofa includes two sofa sections and one corner armchair, each with soft, removable cushions. These cushions are treated to be UV-resistant and water-repellent, offering optimal and adaptable comfort.
- **Durability:** Constructed from acacia wood, a tropical hardwood known for its aesthetic appeal, natural durability,

and robustness, ensuring resistance to outdoor conditions. The hardware is made of galvanized steel for long-term resistance to the outdoor environment.

- **Sustainable Wood:** Our garden furniture is sourced from sustainably managed forests, ensuring environmental respect, social benefit, and economic viability. The wood is monitored and controlled throughout its processing.

Setup and Assembly

Assembly is required for this product. Please follow these general guidelines. Refer to the specific assembly diagram included in your product packaging for detailed steps and component identification.

1. **Unpack Components:** Carefully remove all parts from the packaging. Lay them out on a clean, soft surface to prevent scratches. Verify all components are present against the parts list in your packaging.
2. **Assemble Frame Sections:** Begin by assembling the main frame sections of the two sofas and the corner armchair. Ensure all bolts and screws are finger-tightened initially.
3. **Connect Sections:** Connect the sofa sections and the corner armchair using the provided galvanized steel

hardware. Ensure a secure fit.

4. **Final Tightening:** Once all sections are aligned and connected, fully tighten all bolts and screws using the appropriate tools. Do not overtighten.
5. **Place Cushions:** Position the seat and backrest cushions onto the assembled frame.

Note: It is recommended to have two people for assembly to ensure stability and ease of handling.

Operating Instructions

The NATERIAL Solaris Garden Sofa is designed for outdoor seating. Ensure it is placed on a stable, level surface. The cushions are water-repellent, but prolonged exposure to heavy rain is not recommended.

- **Seating Capacity:** This sofa is designed to comfortably seat up to 5 adults. Do not exceed this capacity.
- **Cushion Care:** The cushions feature removable covers for easy cleaning. While water-repellent, it is advisable to

bring cushions indoors during adverse weather conditions or prolonged periods of non-use to extend their lifespan.

- **Placement:** Position the sofa in a desired outdoor area, ensuring adequate space around it for comfortable use and movement.

Maintenance and Care

Proper maintenance will extend the life and appearance of your NATERIAL Solaris Garden Sofa.

- **Wood Care:** The acacia wood should be treated with a suitable outdoor furniture oil once or twice a year to maintain its appearance and protect it from weathering. Clean the wood with a soft cloth and mild soapy water before oiling.
- **Cushion Cleaning:** The polyester cushion covers are removable and can be cleaned according to the care label instructions, typically a gentle wash. For minor spills, wipe with a damp cloth.

- **Winter Storage:** During winter months or prolonged periods of non-use, it is highly recommended to store the furniture indoors or cover it with a breathable, appropriate NATERIAL protective cover to shield it from harsh weather conditions.
- **Hardware:** Periodically check and tighten all galvanized steel hardware to ensure the structural integrity of the sofa.

Troubleshooting

Problem	Possible Cause	Solution
Wobbly or Unstable Sofa	Loose assembly hardware. Uneven ground.	Check and tighten all bolts and screws. Move the sofa to a level surface.
Wood Fading or Cracking	Lack of regular oil treatment. Prolonged exposure to harsh weather.	Apply outdoor furniture oil as recommended in the maintenance section. Store indoors or cover during extreme weather.
Cushions Retaining Water	Prolonged exposure to heavy rain. Damage to water-repellent treatment.	Bring cushions indoors during heavy rain. Ensure cushions are dry before storing. Consider re-treating with a fabric water-repellent spray if needed.

Specifications

Brand	NATERIAL
Model Name	Solaris
Manufacturer Reference	3276007268317
Overall Product Dimensions (L x W x H)	190 x 190 x 77 cm
Product Weight	66 kg
