Atyhao E27 30W LED Ceiling Fan Light User Manual

Model: Atyhaoqwicbt5eau2591

1. Introduction

Thank you for choosing the Atyhao E27 30W LED Ceiling Fan Light. This product combines an energy-efficient LED light with a silent fan, designed for easy installation into standard E27 lamp holders. This manual provides essential information for safe operation, installation, and maintenance of your new device.

2. Package Contents

Please verify that all items are present in the package:

- 1 x Atyhao Ceiling Fan Light
- 1 x User Manual

Note: The color of the fan cover may vary.

3. Product Specifications

Item Type	Ceiling Fan Light
Material	ABS + PC
Product Dimensions (Diameter x Height)	Approx. 25cm (9.8in) x 12cm (4.7in)
Voltage	85-265V
Frequency	50/60Hz
Lamp Power	30W
Fan Power	4W

Lamp Holder Type	E27
Light Source	White LED Light (6000K, 2400lm)
Life Expectancy	50000 Hours
Weight	Approx. 576g (20.3oz)
Control Method	Integrated Switch (Touch)

Figure 3.1: Product dimensions showing a diameter of 25cm (9.8in) and a height of 12cm (4.7in).

Note: Manual measurements may have slight variations.

4. Important Safety Information

- Always turn off the power supply before installation, cleaning, or maintenance.
- Ensure the E27 lamp holder is securely installed and capable of supporting the product's weight.
- Do not use in damp environments or where directly exposed to water.
- Avoid touching the fan blades while the fan is operating.
- This product is designed for indoor use only.

- Keep out of reach of children.
- If any damage is observed, discontinue use immediately and consult a qualified technician.

---

5. Installation Guide

The Atyhao Ceiling Fan Light is designed for simple installation into any standard E27 lamp holder, similar to replacing a regular light bulb. No complex wiring is required.

1. **Power Off:** Before beginning, ensure the power supply to the lamp holder is completely turned off at the circuit breaker to prevent electrical shock.
2. **Screw In:** Carefully screw the Atyhao Ceiling Fan Light into the E27 lamp holder until it is firmly seated. Do not overtighten.
3. **Restore Power:** Once securely installed, restore power to the lamp holder from the circuit breaker.

Figure 5.2: Example of the fan light installed in a ceiling fixture, ready for operation.

6. Operating Instructions

The Atyhao Ceiling Fan Light features three operating modes, controlled by repeatedly pressing the standard wall switch connected to the E27 lamp holder.

1. **First Gear (Light Only):** Turn on the wall switch. The LED light will illuminate, providing white light. The fan will remain off.
2. **Second Gear (Fan Only):** Turn the wall switch off and then on again. The fan will activate, providing air circulation, while the LED light will turn off.
3. **Third Gear (Light + Fan):** Turn the wall switch off and then on again. Both the LED light and the fan will operate simultaneously.
4. **Off:** Turn the wall switch off to power down both the light and the fan.

7. Care and Maintenance

Regular cleaning and proper care will ensure the longevity and optimal performance of your Atyhao Ceiling Fan Light.

- **Cleaning:** Before cleaning, always ensure the power is turned off. Use a soft, dry cloth to wipe the exterior surfaces. For stubborn dirt, a slightly damp cloth can be used, followed by a dry cloth. Do not use abrasive cleaners, solvents, or harsh chemicals.
- **Fan Blades:** Periodically check the fan blades for dust accumulation. Gently wipe them clean with a soft, dry cloth.
- **Storage:** If storing the unit for an extended period, ensure it is clean and dry, and store it in a cool, dry place away from direct sunlight.

8. Troubleshooting

If you encounter issues with your Atyhao Ceiling Fan Light, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Light or fan does not turn on.	No power to the lamp holder. Product not screwed in properly.	Check the circuit breaker and wall switch. Ensure the fan light is securely screwed into the E27 holder.
Fan operates, but light does not (or vice versa).	Incorrect operating mode selected.	Cycle through the operating modes by turning the wall switch off and on again.
Unusual noise from the fan.	Dust accumulation on blades. Loose installation.	Turn off power and gently clean fan blades. Ensure the unit is tightly screwed into the lamp holder.

If the problem persists after attempting these solutions, please contact customer support.

9. Warranty and Customer Support

For information regarding warranty coverage or technical support, please refer to the documentation provided at the time of purchase or contact your retailer. Keep your purchase receipt as proof of purchase.
