Disposal guidelines and WEEE

. Aeotec devices may contain batteries; remove them when not in use. Do not dispose of devices as unsorted municipal waste, use separate collection facilities. Contact your local government for further information

One-Year Limited Warranty

Aeotec Limited warrants included Aeotec branded hardware devices when purchased new and delivered in new condition and their original container against defects in materials and workmanship for one year from the date of original purchase from an authorized reseller when purchased and used in the region of original export. In line with the terms of sales between Aeotec and the authorized importer/reseller of this device, any claims against the foregoing warranty are to be handled by the authorized distributor / reseller directly.

The foregoing warranty is subject to the proper installation, operation, and maintenance of the device in accordance with installation instructions and the operating manual supplied to the customer, and further documentation made available digitally. Liquid damage, including, but not limited to, internal liquid damage caused by improper use, closure, or affixing of the hardware, is not covered by this warranty. Splash, water, and dust resistance are not permanent conditions and resistance might decrease as a result of normal wear.

Not warranted for damage from open flames and heat, and exposure to sun. Not warranted for battery leak damage; always remove all batteries from products that are not being used. Aeotec does not warrant against normal wear and tear, nor damage caused by accident or abuse. Please be sure to read this device's support notes, digital materials, and quick start guide fully. Subject to the full terms of obtaining service within 30 days of the manifestation of a problem, if you submit a valid claim under this warranty, Aeotec shall provide further information in obtaining warranty services from the authorized importer and/or seller of this device.

The full warranty, including warranty exclusions and liabilities, is available at support.aeotec.com/warranty. Aeotec's English language warranty and instructional information are paramount to translations provided in any other language and prevail over any such translations.

FCC Notice

. The edition of this device made and certified for the US market and marked as such complies with part 15 of the FCC rules. Operation is subject to the following two conditions

1. this device may not cause harmful interference, and
2. this device must accept any interference received, including interference that may cause undesired operation.

The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications to this equipment. Such modifications could void the user's authority to operate the

equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

1. Reorient or relocate the receiving antenna
2. Increase the separation between the equipment and the receiver.
3. Connect the equipment to an outlet on a circuit different from that to which the receiver is connected
4. Consult the dealer or an experienced radio/TV technician for help
5. Ensure this device and its antenna(s) are not co-located or operating in conjunction with any other antenna or transmitter.

RF Exposure Statement.

To maintain compliance with FCC’s RF Exposure guidelines, This equipment should be installed and operated with a minimum distance between 20cm between the radiator and your body: Use only the supplied antenna.

California Proposition 65. WARNING

This product contains a chemical known to the State of California to cause birth defects or other reproductive harm. Use only for intended purposes. Do not use it for other purposes including, but not limited to, the consumption of food and drinks. While the information in this guide has been compiled with care, it may not be deemed an assurance of device characteristics. All information, including, but not limited to, information regarding the functionality, features, and/or device specifications are subject to change. Aeotec Limited reserves all rights to revise or update its products or documentation without any obligation to notify any individual or entity. Aeotec Limited shall be liable only to the degree specified in the terms of sale and delivery.
