Joyroom FW12

V25Z Smart Watch User Manual

Model: FW12

1. Introduction and Overview

This manual provides comprehensive instructions for the V25Z Smart Watch, designed to help you understand its features, set it up correctly, operate it efficiently, and maintain it for long-lasting performance. The V25Z Smart Watch offers seamless connectivity, an intuitive touchscreen, and robust features for daily use and fitness tracking.

2. Product Features

- **Seamless Connectivity:** Receive notifications for calls, messages, and applications directly on your wrist.
- **Intuitive Touchscreen:** Navigate features and applications with a responsive and user-friendly interface.
- **Long-lasting Battery Life:** Equipped with a 210mAh battery, providing extended usage time.
- **IP68 Waterproof Rating:** Designed to withstand water immersion, suitable for various activities.
- **Call Functionality:** Answer and make calls directly from the watch.
- **Multi-language Support:** Includes support for the Arabic language.
- **Health Monitoring:** Features such as Heart Rate Monitor and Blood Oxygen tracking.
- **Activity Tracking:** Records steps, calories, distance, and provides various workout modes.
- **Customizable Interfaces:** Offers 12 built-in menu styles to personalize your experience.

3. Setup Guide

3.1 Charging the Device

Before first use, fully charge your V25Z Smart Watch. Connect the magnetic charging cable to the charging points on the back of the watch and plug the USB end into a standard USB power adapter (not included). A full charge typically takes approximately 2 hours.

Image: The V25Z Smart Watch screen showing a charging indicator with 89% battery and a lightning bolt symbol, illustrating the ultra-long battery life feature.

The watch features an ultra-long battery life, with a 210mAh battery capable of lasting up to 30 days on a single charge, depending on usage.

3.2 Powering On/Off

- **To Power On:** Press and hold the side button until the screen illuminates.

- **To Power Off:** From the watch face, swipe down to access the quick settings, then tap the power icon and confirm shutdown. Alternatively, navigate to Settings > System > Power Off.

3.3 Pairing with Your Smartphone

To unlock the full capabilities of your V25Z Smart Watch, pair it with your smartphone via Bluetooth. The watch supports Android 5.0 and above, and Apple 9.0 and above.

1. Download the official companion application (refer to the watch packaging or quick start guide for app name) from your smartphone's app store (Google Play Store for Android, Apple App Store for iOS).
2. Ensure Bluetooth is enabled on your smartphone.
3. Open the companion app and follow the on-screen instructions to add a new device.
4. Select "FW12" or "V25Z Smart Watch" from the list of available devices in the app.
5. Confirm the pairing request on both your smartphone and the watch.

4. Operating Instructions

4.1 Basic Navigation

- **Swipe Up/Down:** Scroll through menus and notifications.
- **Swipe Left/Right:** Access quick widgets or different watch faces.
- **Tap:** Select an item or open an application.
- **Side Button:** Press to return to the watch face or wake the screen.

4.2 Call Functionality

The V25Z Smart Watch allows you to answer and make calls directly from your wrist when connected to your smartphone.

- **Answering Calls:** When an incoming call is received, the watch will display the caller ID. Tap the green phone icon to answer.
- **Making Calls:** Access the "Phone" application on the watch to view recent calls or dial a number.

Image: The V25Z Smart Watch displaying an incoming call screen with a phone number (171XXXX5262) and options to answer (green icon) or decline (red icon).

4.3 Notifications

Once paired, the watch will display notifications from your smartphone, including messages, social media alerts, and other app notifications. Ensure notification permissions are enabled in the companion app on your phone.

4.4 Menu Styles

The V25Z Smart Watch offers 12 distinct menu styles, allowing you to choose your preferred operation mode and visual layout. You can switch between these styles in the watch's settings or by long-pressing the watch face (depending on the watch face).

4.5 Activity and Health Tracking

The watch is equipped with sensors to monitor various health and fitness metrics.

- **Heart Rate Monitor:** Continuously tracks your heart rate throughout the day.
- **Blood Oxygen:** Measures your blood oxygen saturation levels.
- **Workout Modes:** Supports various sports activities, providing real-time data such as duration, distance, steps, calories, and pace.
- **Sleep Tracking:** Monitors your sleep patterns to help you understand your sleep quality.

4.6 Scene Graph Display

The watch features a clear and vibrant display, capable of showing information in various formats, including a detailed scene graph display for time and activity data.

Image: The V25Z Smart Watch displaying a dynamic green digital time and activity data interface, highlighting its versatile display options.

5. Maintenance

- **Cleaning:** Regularly wipe the watch screen and strap with a soft, dry cloth. For stubborn dirt, a slightly damp cloth can be used. Avoid harsh chemicals or abrasive materials.
- **Water Resistance (IP68):** The watch is IP68 waterproof, meaning it can withstand immersion in water up to 1.5 meters for 30 minutes. It is suitable for daily use, hand washing, and light rain. Avoid hot water, steam, or prolonged immersion in deep water. Do not operate buttons underwater.
- **Battery Care:** To prolong battery life, avoid fully discharging the watch frequently. Charge it when the battery level is low. Store the watch in a cool, dry place when not in use for extended periods.
- **Storage:** Store the watch away from direct sunlight, extreme temperatures, and strong magnetic fields.

6. Troubleshooting

Problem	Possible Cause	Solution
Watch does not power on.	Low battery; device frozen.	Charge the watch for at least 30 minutes. Press and hold the side button for 10-15 seconds to force restart.
Cannot pair with smartphone.	Bluetooth off; app issue; watch not discoverable.	Ensure Bluetooth is on for both devices. Restart both watch and phone. Reinstall the companion app. Ensure watch is in pairing mode.
Notifications not received.	Permissions not granted; app not running in background.	Check notification permissions in your phone's settings and the companion app. Ensure the app is running in the background.

Problem	Possible Cause	Solution
Inaccurate health data.	Watch fit too loose/tight; sensor obstruction.	Ensure the watch is worn snugly but comfortably on your wrist. Clean the sensor on the back of the watch.
