IRONCK HK-PA-01

IRONCK Kitchen Pantry Storage Cabinet (Model HK-PA-01)

Instruction Manual

1. Introduction

This instruction manual provides detailed guidance for the assembly, operation, and maintenance of your IRONCK Kitchen Pantry Storage Cabinet, Model HK-PA-01. Please read this manual thoroughly before beginning assembly or use to ensure proper installation and safe operation. Keep this manual for future reference.

2. Safety Information

Please observe the following safety precautions to prevent injury or damage to the product:

- **Stability:** This cabinet is designed to be freestanding but includes wall attachments for added stability. It is highly recommended to secure the cabinet to a wall using the provided anti-tip hardware to prevent tipping, especially in households with children or pets.
- **Weight Distribution:** Do not exceed the maximum weight limit of 280 pounds for the entire cabinet. Distribute weight evenly across shelves. Heavier items should be placed on lower shelves.
- **Flammable Materials:** Keep flammable materials away from ignition sources. Ensure proper ventilation if storing any items that may emit fumes.
- **Assembly:** Assembly should ideally be performed by two adults. The package is heavy, and some steps may require assistance to lift and align components.
- **Tools:** Use appropriate tools for assembly. Ensure all screws and fasteners are tightened securely but do not

overtighten to avoid damaging the material.

- **Moving the Cabinet:** Once assembled, the cabinet is not designed for frequent relocation. If moving is necessary, empty the cabinet completely and lift it carefully to avoid structural stress.

3. Package Contents

Before beginning assembly, verify that all parts and hardware are present and undamaged. If any parts are missing or damaged, please contact customer support.

3.1. Components

- Top Cabinet Section (Panels, Doors, Shelves)
- Bottom Cabinet Section (Panels, Doors, Shelves)
- Drawer Assembly (Drawer box, front panel, slide rails)
- Back Panels
- Adjustable Shelves (4 total)
- Door-hung Storage Boxes (2)
- Foldable Tray Divider

3.2. Hardware

A variety of screws, dowels, cam locks, hinges, handles, and magnetic catches are included. Refer to the separate hardware diagram for identification.

4. Setup and Assembly Instructions

Follow these steps carefully. It is recommended to assemble the cabinet in the room where it will be used due to its weight and size.

4.1. Tools Required

- Phillips Head Screwdriver
- Hammer (for dowels)
- Measuring Tape (optional, for shelf placement)

4.2. Assembly Steps

1. **Unpack and Organize:** Lay out all numbered and lettered parts on a clean, soft surface to prevent scratches. Group similar hardware components.

2. **Assemble Base Section:** Begin by assembling the bottom cabinet section according to the provided diagrams. Ensure all cam locks and screws are securely fastened.
3. **Install Drawer Rails:** Attach the drawer slide rails to the cabinet side panels. Pay close attention to the orientation shown in the diagrams to ensure correct installation.
4. **Assemble Drawer:** Construct the drawer box and attach the front panel. Install the drawer handles.
5. **Assemble Top Section:** Assemble the upper cabinet section, including its fixed and adjustable shelves.
6. **Attach Back Panels:** Secure the back panels to both the top and bottom sections. Ensure they are flush and properly aligned.
7. **Stack Sections:** With assistance, carefully lift and place the top cabinet section onto the bottom section. Secure them together using the designated fasteners.
8. **Install Doors:** Attach the hinges to the doors and then to the cabinet frame. Adjust hinges as needed to ensure doors align properly and close smoothly. Install door handles and magnetic catches.
9. **Insert Adjustable Shelves:** Place the adjustable shelves at your desired heights.
10. **Install Wall Anchors:** Secure the cabinet to the wall using the anti-tip hardware provided. This is a critical safety step.

5. Operating Instructions

5.1. Adjustable Shelves

The cabinet features three adjustable shelves and one fixed shelf. To adjust a shelf, remove all items from the shelf, then carefully lift the shelf and reposition the shelf pins to the desired height. Ensure all four pins are securely inserted into the corresponding holes before placing the shelf back.

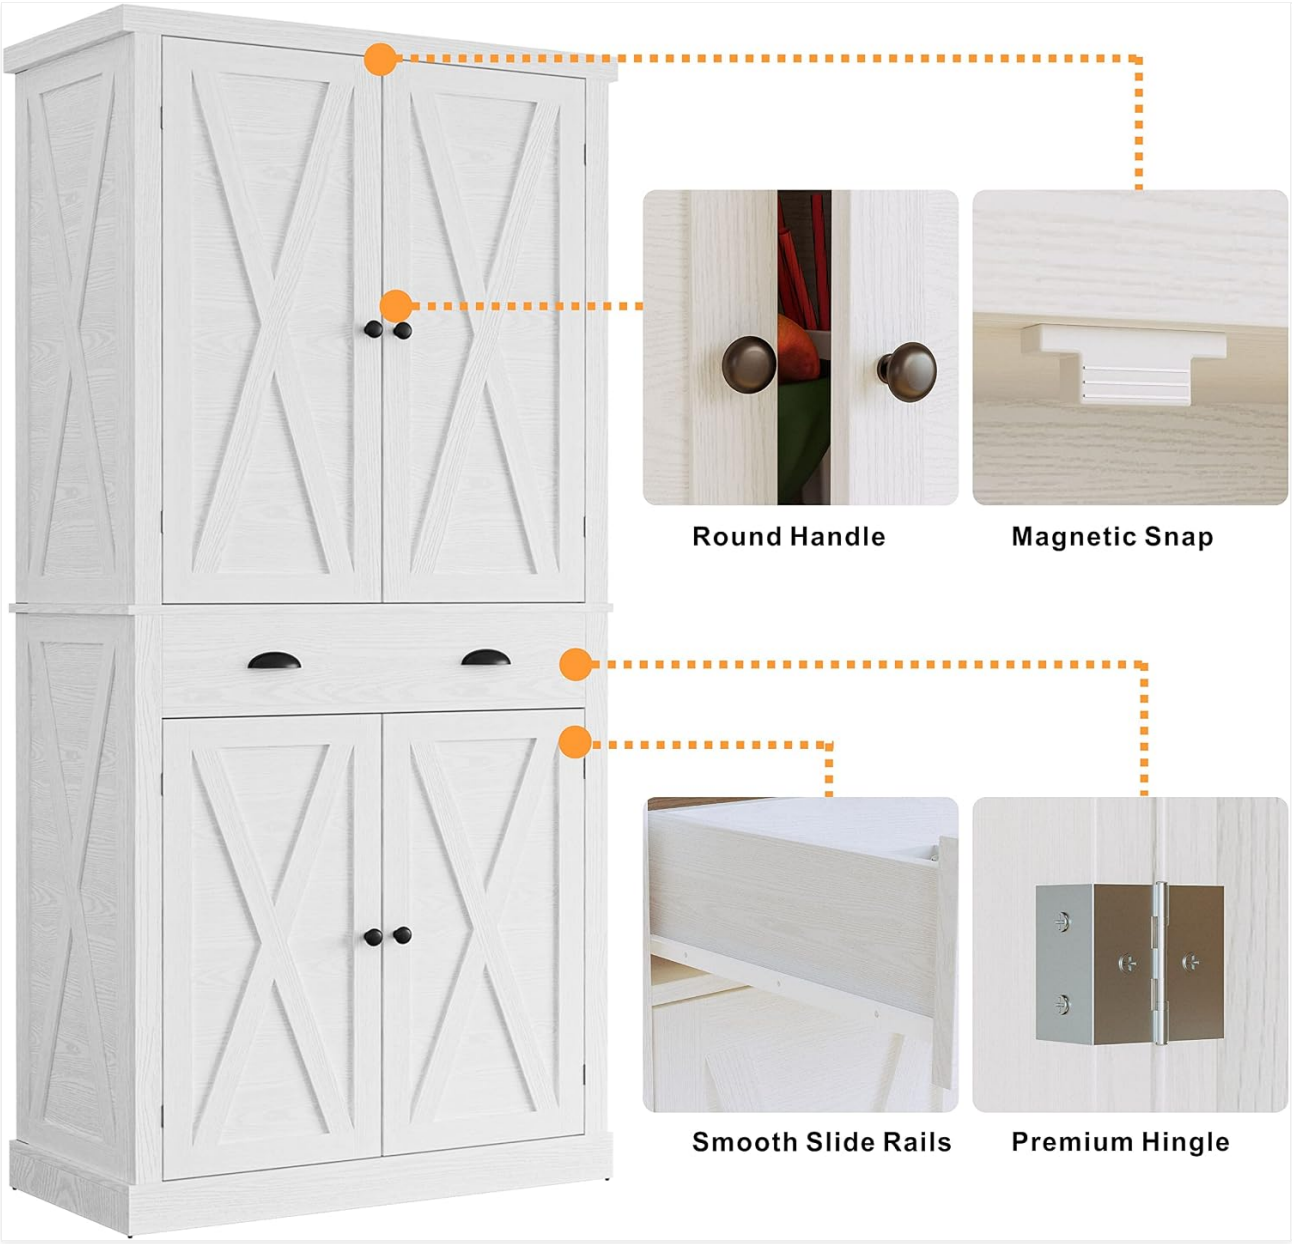

Figure 5.1: Adjustable Shelf Mechanism

5.2. Doors and Drawer

- **Doors:** The barn-style doors open and close using the round handles and are secured by magnetic snaps. Ensure doors are fully closed to keep contents secure.
- **Drawer:** The central drawer operates on smooth slide rails. Pull the drawer handle to open and push to close. Avoid forcing the drawer if it encounters resistance.

Figure 5.2: Drawer in Open Position

5.3. Accessories

The cabinet includes two door-hung storage boxes and a foldable tray divider for enhanced organization. These can be placed as desired within the cabinet.

Figure 5.4: Foldable Tray Divider

6. Maintenance and Care

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, which can damage the finish.
- **Spills:** Clean up spills immediately to prevent moisture damage to the engineered wood.
- **Hardware Check:** Periodically check all screws and fasteners to ensure they remain tight. Retighten if necessary.
- **Sunlight Exposure:** Avoid prolonged exposure to direct sunlight to prevent fading or discoloration.

7. Troubleshooting

- **Doors Not Aligning:** If doors do not close flush or appear misaligned, check the hinge adjustments. Most hinges allow for minor adjustments using a screwdriver. Ensure the cabinet is level on the floor.
- **Drawer Sticking:** Verify that the drawer slide rails are installed correctly and are free of obstructions. Ensure all screws on the rails are tightened.
- **Cabinet Instability:** Ensure the cabinet is placed on a flat, level surface. Recheck all assembly fasteners. If the cabinet still feels unstable, ensure the wall attachment hardware is properly installed and secured.
- **Missing or Damaged Parts:** If you discover any missing or damaged parts during assembly, do not proceed. Contact customer support for replacements.

8. Specifications

Feature	Detail
Brand	IRONCK
Model Name	HK-PA-01
Color	White
Product Dimensions	15.7"D x 30.5"W x 72.6"H (40cm D x 77.5cm W x 184.5cm H)
Item Weight	101.2 Pounds (45.9 kg)
