Aerpro APVTY15C Vehicle Specific Reverse Camera

INSTRUCTION

- When a factory ute tub has been removed and replaced with a flat tray onto the back you may also lose the factory reverse camera.
- This kit allows you to add a high-quality CMOS NTSC reverse camera system back into the vehicle without cutting into wires or drilling.

- The connector is located behind the front left (passenger) kick trim.
 - No need to disassemble the vehicle's dash.
 - Disconnect the original 26 pin connector harness.
 - Replace the existing 26 pin connector with the APVTY15C connector.
 - Reconnect the original 26 pin connector to the APVTY15C patch wire connector
