SAFAVIEH FLU4094A

SAFAVIEH Sarella Glam Gold Beaded Flush Mount Instruction Manual

Model: FLU4094A

Introduction

This manual provides instructions for the safe installation, operation, and maintenance of the SAFAVIEH Sarella Glam Gold Beaded Flush Mount (Model FLU4094A). Please read these instructions thoroughly before beginning installation and retain them for future reference.

The SAFAVIEH Sarella Glam Gold Beaded Flush Mount is a ceiling light fixture featuring a brass base and crystal bead strands. It is designed for indoor use and includes LED bulbs. This fixture is ETL listed and UL Certified.

Setup and Installation

Safety Information

- Always turn off the main power supply at the circuit breaker before beginning installation.
- Consult a qualified electrician if you are unsure about the installation process.
- Ensure all electrical connections comply with local codes and ordinances.
- Do not exceed the specified wattage for replacement bulbs.
- This fixture is designed for indoor use only.

Included Components

- Flush Mount Fixture (Brass base, crystal strands)
- LED Bulbs (3, E12 base, 4W each)
- Mounting Hardware

Tools Required (Not Included)

- Screwdriver
- Wire Strippers
- Pliers
- Electrical Tape
- Ladder

Installation Steps

1. **Turn off Power:** Locate the circuit breaker controlling the light fixture's power supply and turn it off. Verify power is off using a voltage tester.
2. **Remove Old Fixture (if applicable):** Carefully remove any existing light fixture, disconnecting wires as necessary.
3. **Attach Mounting Bracket:** Secure the provided mounting bracket to the junction box in the ceiling using the screws provided. Ensure it is firmly attached.
4. **Wire Connections:** Connect the fixture's wires to the house wiring according to standard electrical codes:
    - Connect the **black** fixture wire to the **black** (hot) house wire.
    - Connect the **white** fixture wire to the **white** (neutral) house wire.
    - Connect the **ground** fixture wire (bare copper or green) to the **ground** house wire.

    Secure connections with wire nuts and electrical tape.
5. **Mount the Fixture:** Carefully lift the fixture and align it with the mounting bracket. Secure the fixture to the bracket using the provided screws.
6. **Install LED Bulbs:** Screw the included E12 base LED bulbs into the sockets.
7. **Restore Power:** Turn the power back on at the circuit breaker.

Image: Diagram showing the dimensions of the SAFAVIEH Sarella Flush Mount, indicating a width of 11.875 inches (30.2 cm) and a height of 10 inches (25.4 cm).

Operating Instructions

The SAFAVIEH Sarella Flush Mount is controlled via a remote control (if included with your specific model) or a standard wall switch connected to the fixture's power supply.

- **Power On/Off:** Use the wall switch or the designated button on the remote control to turn the light fixture on or off.
- **Brightness:** The included LED bulbs provide 120 lumens each. If your remote control or wall switch supports dimming, ensure compatible dimmable E12 LED bulbs are used for dimming functionality.

Maintenance

Cleaning

- Always ensure the power is off before cleaning the fixture.
- Wipe the brass base and crystal beads with a soft, dry, or slightly damp cloth.
- Do not use abrasive cleaners, solvents, or polishes as they may damage the finish or crystals.

Bulb Replacement

- The fixture uses 3 E12 base LED bulbs. The included bulbs have a lifespan of approximately 25,000 hours.
- To replace a bulb, ensure the power is off at the circuit breaker.
- Carefully unscrew the old bulb and screw in a new E12 base LED bulb of the same wattage (4W) or equivalent.

Troubleshooting

Problem	Possible Cause	Solution

Problem	Possible Cause	Solution
Light does not turn on.	No power to the fixture. Loose wire connection. Faulty bulb.	Check circuit breaker and wall switch. Turn off power, check wire connections. Replace bulb.
Light flickers.	Loose bulb. Incompatible dimmer switch (if applicable). Faulty bulb.	Tighten bulb. Ensure dimmer is compatible with LED bulbs. Replace bulb.
Remote control not working.	Dead battery in remote. Remote not paired (if applicable).	Replace remote battery. Refer to remote's specific pairing instructions (if applicable).
