Features

1. Small Design

The AFK A02 Digital Clock has a sleek form that takes up little room, so it can be used anywhere. Because it's small and light, you can easily put it on your nightstand, take it with you when you travel, or set it up in your office.

2. Backlit LCD Screen

With its very clear LCD screen, the clock is easy to read even in poorly lit rooms. The backlight makes it easy to quickly check the time without hurting your eyes, even in the middle of the night or first thing in the morning.

3. More than one use

The clock does more than just tell time; it has many useful features, such as:

4. Time Display: This feature keeps you up to date on the exact time.

The date display lets you see at a look what day it is.

- **Alarm Function:** Makes sure you get up on time with choices that you can change.
- **Ambient weather Display:** Shows you the weather right now to help you stay comfortable.

5. Snooze Button

The dual alarm system lets you set two different times to wake up, so you can fit both into your plan. It has a snooze button that lets you take an extra 5-minute nap. You can use this button up to 3 times. To turn off the alarm, just press any key twice. This is helpful for people who sleep a lot.

6. Uses little energy

This clock is made to work well for a long time because it has a high-capacity recharging battery. It can play music at a moderate setting for up to 8 to 10 hours, so you can use it without having to charge it often.

7. **Strong Construction**

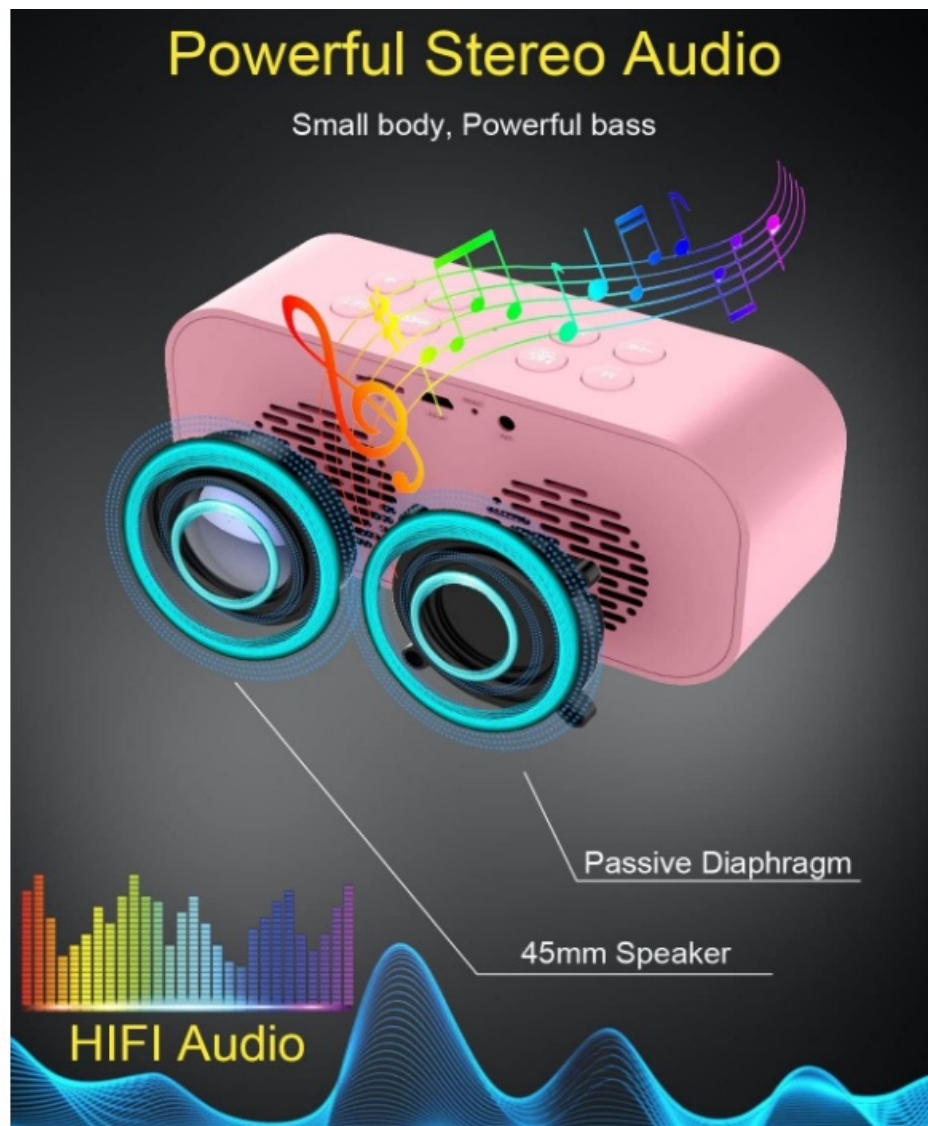

The AFK A02 Digital Clock is made from high-quality ABS plastic and is designed to last. Its strong design means it will last a long time, even if you use it a lot.

8. **Design with Multiple Uses and Usability**

This clock has a lot of modern features that work well with today's lifestyles:

- **Bluetooth Speaker:** It has a powerful stereo subwoofer that lets you listen to music, talks, or podcasts.

- **Hands-Free Calling:** The built-in microphone and smart noise reduction make it possible to make calls without any delays.

- **Mirror LED Display:** The stylish LED mirror display not only tells you the time but also makes your room look better.

9. **Feel Good When You Wake Up**

The clock is great for kids, adults, and people who sleep a lot because it:

- **Dual Alarm:** Set two alarms to go off at different times.

- **Brightness Can Be Changed:** Three levels of brightness make sure there is no glare at night.

10. **This Bluetooth speaker has great sound quality.**

Whether you're playing music through Bluetooth, an AUX cable, or a TF card, the built-in stereo subwoofer makes the sound full and engaging. This function is very useful because it lets you enjoy high-quality sound anywhere, which makes it great for parties, work, or just relaxing.

11. Simple to connect to many devices

The AFK A02 can easily connect to a number of gadgets, including Bluetooth lets you connect to phones, tablets, computers, and other devices without any trouble.

- **AUX Cable:** This is included in the package for devices that don't have Bluetooth.
- **TF Card:** You can play music straight from a TF card, but the card is not included.

12. A Long Time to Play

The clock speaker has a 2000mAh rechargeable battery that lets you play music at a moderate setting for up to 10 hours. Use it for a long time by charging it quickly and easily with the USB wire that comes with it.

Usage

Inserting the Battery:

- Open the back cover.
- Insert the provided AAA battery, ensuring the correct polarity.
- Close the back cover securely.

Setting the Time and Date:

- Press the "Mode" button to cycle through settings (time, date, or alarm).
- Use the "+" or "-" buttons to adjust values.

Activating the Alarm:

- Press and hold the “Alarm” button to set the alarm.
- Adjust the hour and minute using the “+” or “-” buttons.
- Toggle the alarm on/off using the switch.

Using the Backlight:

- Press the top button to illuminate the display temporarily.

Care and Maintenance

- **Cleaning:** Wipe the surface with a soft, damp cloth. Avoid using harsh chemicals.
- **Battery Replacement:** Replace the battery when the display dims or the clock stops functioning. Use only AAA batteries.
- **Storage:** Keep the clock in a cool, dry place away from direct sunlight or high humidity.
- **Avoid Dropping:** Handle the clock with care to prevent damage.

Troubleshooting

1. Display Not Turning On

- Check if the battery is inserted correctly.
- Replace the battery with a new one.

2. Inaccurate Timekeeping

- Reset the time using the “Mode” button.
- Replace the battery if the issue persists.

3. Backlight Not Working

- Ensure the battery has sufficient power.
- Contact customer support if the issue remains unresolved.

4. Alarm Not Sounding

- Verify that the alarm is activated (check the alarm icon).
- Ensure the correct time is set for the alarm.
