Dpofirs 1080P Security Camera User Manual

Brand: Dpofirs | Model: Dpofirsukb9hgdptv

Introduction

This manual provides detailed instructions for the setup, operation, and maintenance of your Dpofirs 1080P Security Camera. Designed for both indoor and outdoor use, this smart home camera offers advanced features such as 1080P Full HD video, automatic infrared night vision, two-way audio communication, mobile detection with app notifications, and a self-contained AP hotspot for reliable recording. Please read this manual thoroughly to ensure proper use and optimal performance of your device.

Package Contents

Please verify that all items listed below are included in your package:

- Dpofirs 1080P Security Camera
- Wall Mount Base
- Adhesive Pads
- USB Type-C Charging Cable
- User Manual (this document)

Figure 1: Package contents including the camera, mount, and cable.

Setup Guide

1. Physical Installation

The Dpofirs camera can be placed on a flat surface or mounted to a wall using the provided wall mount base and adhesive pads. Ensure the camera is positioned to cover the desired monitoring area.

Figure 2: The Dpofirs 1080P Security Camera.

2. Powering On

Connect the camera to a power source using the supplied USB Type-C charging cable. The camera will automatically power on and initiate its startup sequence.

3. App Connection (Wi-Fi Setup)

To utilize all smart features, download the dedicated mobile application (compatible with Android devices) from your smartphone's app store. Follow the in-app instructions to connect the camera to your home Wi-Fi network. This typically involves scanning a QR code displayed on your phone with the camera or connecting via the camera's self-contained AP hotspot.

Operating Instructions

1. 1080P Full HD Image Quality

The camera is equipped with premium lenses to deliver clear, vivid, and realistic 1080P Full HD video. This ensures high-quality monitoring of your space.

Figure 4: Comparison of 1080P HD image quality.

2. Infrared Night Vision

The camera features automatic infrared night vision, allowing for clear surveillance even in low-light or dark conditions. The effective irradiation distance is 5-10 meters.

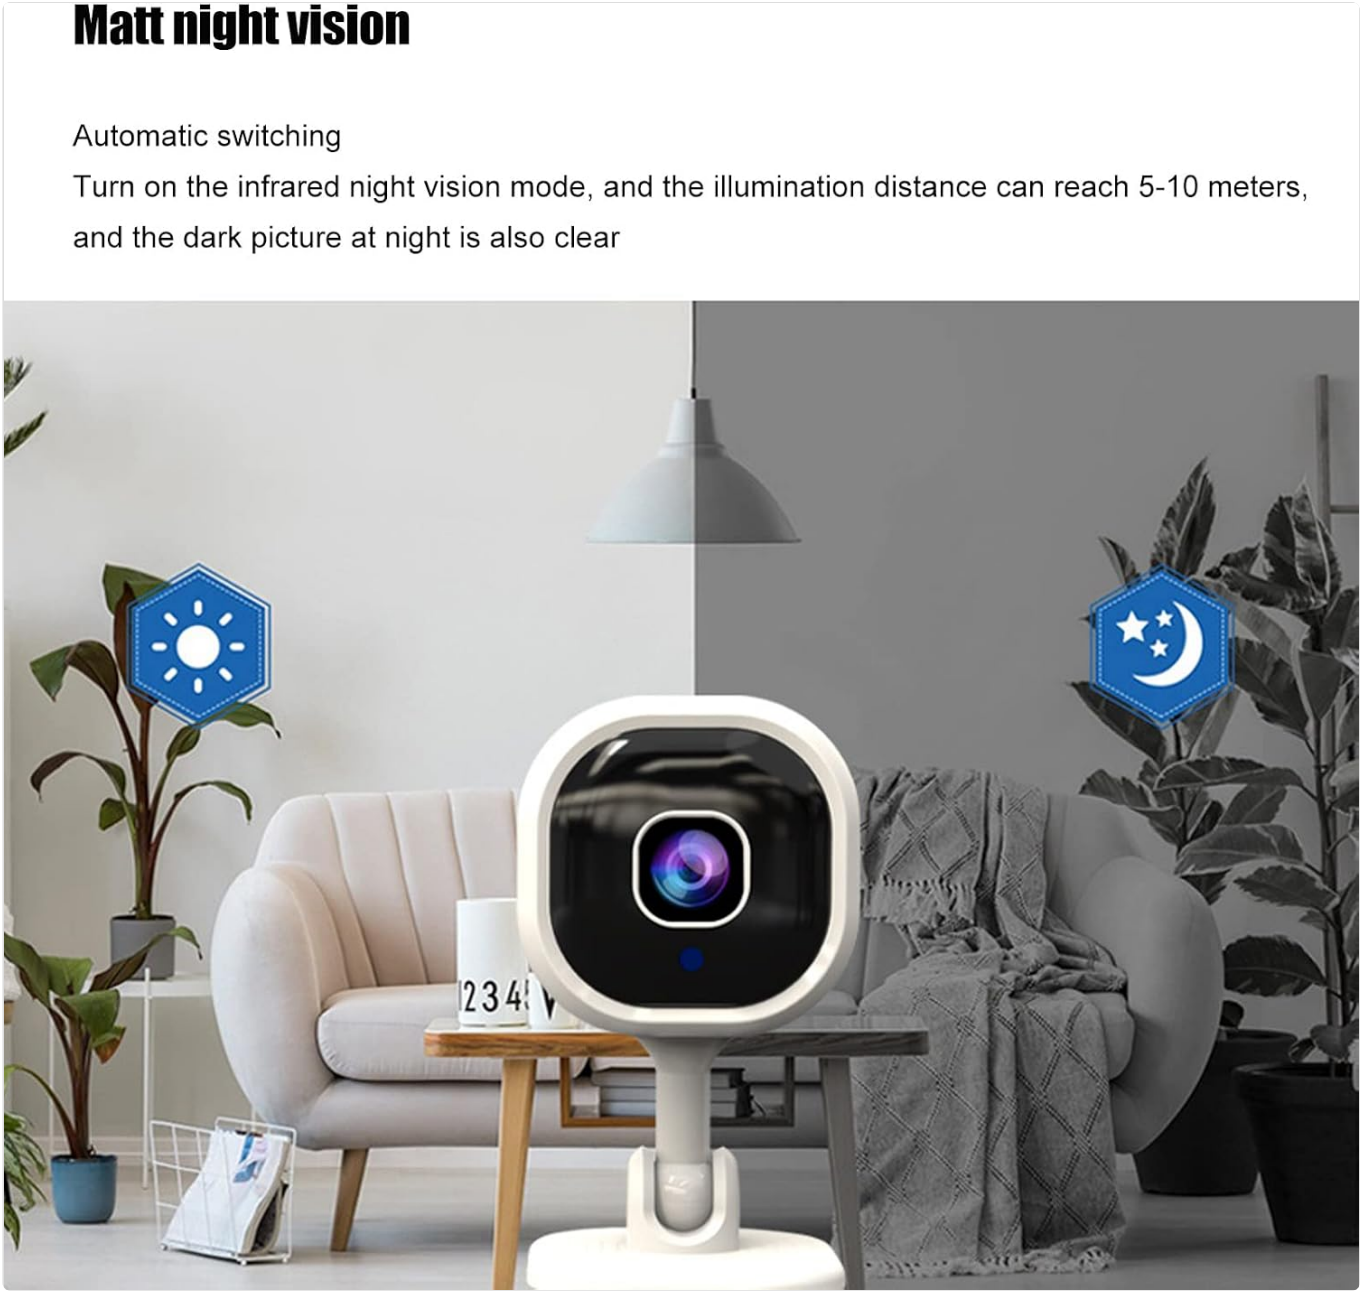

Figure 5: Automatic infrared night vision in action.

3. Two-Way Audio Intercom

With a built-in microphone, the camera supports two-way voice real-time calls. This allows you to communicate with family members or pets remotely, providing an experience similar to face-to-face interaction.

Figure 6: Two-way audio communication for interacting with family and pets.

4. Mobile Detection & Phone Push Message

When the camera detects abnormal movement within its shooting area, it immediately triggers an alarm message and sends it to your mobile phone application. You can then connect remotely via the AP hotspot for real-time viewing. This feature enhances home security by alerting you to potential intrusions.

Figure 7: Mobile detection alerts and real-time viewing.

5. Self-Contained AP Hotspot

The camera features its own AP hotspot, enabling recording even when your main network connection is unavailable. This ensures continuous surveillance and convenient data transmission.

6. Storage

The camera supports up to 128GB Micro Memory (TF card) for local storage of recordings. The memory card is not included

and must be purchased separately.

Figure 8: Expandable storage up to 128GB.

Maintenance

To ensure the longevity and optimal performance of your Dpofirs Security Camera, follow these maintenance guidelines:

- **Cleaning:** Gently wipe the camera lens and body with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials that could damage the surface or lens.
- **Placement:** Ensure the camera is placed in a stable location, away from direct sunlight, extreme temperatures, and excessive moisture.
- **Firmware Updates:** Periodically check the mobile application for any available firmware updates. Keeping the firmware updated ensures improved performance and security.

Troubleshooting

If you encounter issues with your Dpofirs Security Camera, please refer to the following common problems and solutions:

Problem	Possible Cause / Solution
Camera not powering on	Ensure the USB Type-C cable is securely connected to both the camera and a working power outlet. Try a different power adapter or cable.
Cannot connect to Wi-Fi	Check your Wi-Fi password. Ensure the camera is within range of your Wi-Fi router. Restart your router and the camera. Verify that your Wi-Fi network is 2.4GHz, as 5GHz networks may not be supported.
Poor image quality	Clean the camera lens. Ensure there is adequate lighting. Check your internet connection speed if streaming.

Problem	Possible Cause / Solution
Motion detection not working	Verify that motion detection is enabled in the app settings. Adjust sensitivity settings. Ensure there are no obstructions in the camera's field of view.
Two-way audio issues	Check microphone and speaker settings in the app. Ensure your phone's volume is up. Reduce background noise.

Specifications

Feature	Detail
Product Model	A3 / Dpofirsukb9hgdptv
Video Resolution	1080P Full HD
Connectivity Technology	Wireless (Wi-Fi)
Infrared Night Vision	Automatic Switching, 5-10 meters range
Two-Way Voice	Supported (Built-in microphone)
AP Hotspot	Self-contained
Storage Mode	Supports up to 128GB Micro Memory Card (not included)
