Assembly Instructions

Follow the included instruction booklet for step-by-step assembly. The booklet is designed for clear readability, with bricks organized by numbered bags to guide you through the construction process.

1. **Follow the Booklet:** Begin with the first numbered section in the instruction booklet and proceed sequentially. Each step illustrates the pieces required and their placement.

4. **Lighting Kit Integration:** Integrate the included lighting kit as instructed in the manual. The placement of lights is typically suggested to enhance the aesthetic appeal of the completed coffee shop.
5. **Detailing:** Pay attention to the intricate details, such as furniture, signage, and decorative elements. These small additions bring the coffee shop to life.

- **Handling:** Handle the assembled model with care, especially when moving it, to prevent pieces from detaching.

- **Missing Pieces:** In the rare event of a missing piece, double-check your workspace and sorted piles. If a piece is genuinely missing, please contact customer support for assistance.
