# FANGOR 7.5 Inch Dual Portable DVD Player F-611D User Manual

Model: F-611D

## Introduction

Thank you for purchasing the FANGOR 7.5 Inch Dual Portable DVD Player, Model F-611D. This manual provides detailed instructions for setting up, operating, maintaining, and troubleshooting your new device. Please read this manual thoroughly before use to ensure proper functionality and longevity of your product.
This dual DVD player system is designed specifically for in-car use, providing entertainment for passengers during travel. It allows for simultaneous playback of the same movie on both screens or different movies on each screen, offering versatile viewing options.

## Package Contents

Before you begin, please verify that all items are included in your package:

- 2 x FANGOR 7.5 Inch Portable DVD Players
- 2 x IR Remote Controls
- 2 x Headrest Straps
- 1 x 2-in-1 Car Charger
- 1 x AV Cable
- 1 x User Manual (this document)

Figure 1: Included Accessories and Components

## Setup Instructions

Follow these steps to set up your FANGOR Dual Portable DVD Player in your vehicle:

1. **Attach Headrest Straps:** Securely attach one headrest strap to the back of each DVD player. The straps are designed to fit around most car headrests.

Figure 2: Placing the Headrest Strap

2. **Mount Players to Headrests:** Position each DVD player on the back of a car seat headrest. Adjust and fasten the straps tightly to ensure the players are stable and do not swing during motion.

Figure 3: Adjusting and Fastening the Strap

3. **Connect Power:** The dual DVD players are designed for car use only and do not have built-in batteries. They require continuous power from the car charger. Connect the included 2-in-1 car charger to your vehicle's 12V power outlet (cigarette lighter socket) and then to both DVD players.

   **Important Note:** These players are designed for 12V car power outlets only. Do not use with 24V systems as this may damage the device and drain your car battery.

Figure 4: Connecting to Car Power Supply

4. **Connect for Same Movie Playback (Optional):** If you wish for both screens to display the same movie, connect the included AV cable between the "AV OUT" port of the master player (the one with the DVD disc inserted) and the "AV IN" port of the slave player.

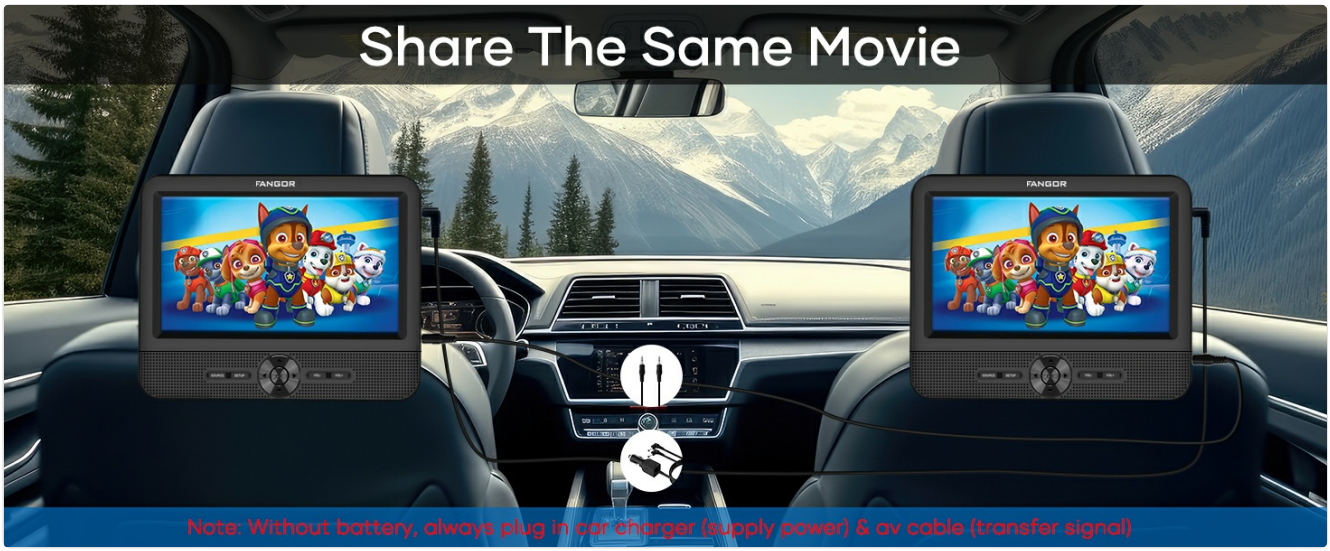

Figure 5: Connecting for Shared Movie Playback

## Operating Instructions

### Powering On/Off

Once connected to the car charger, the players will power on automatically or can be turned on using the "DISPLAY ON/OFF" button on the player or remote control.

Figure 6: Power On/Off and Last Memory Function

## Disc Playback

1. Open the disc cover on the main player.
2. Carefully insert a DVD or CD disc with the label side facing up.
3. Close the disc cover. The player will automatically begin reading the disc.

Figure 7: Inserting a Disc

This portable DVD player supports all region discs and multiple formats including DVD, DVD+R, DVD-R, DVD+RW, DVD-RW, CD, CD+R, CD-R, CD+RW, CD-RW, VCD, and SVCD. Blu-ray discs are not supported.

## USB/SD Card Playback

The players are equipped with USB and SD card slots for playing digital media files. Supported formats include:

- **Video Formats:** VOB, AVI, MPEG1, MPEG2 (MP4 is not supported)
- **Audio Formats:** MP3, WMA

- **Image Formats:** JPG, JPEG

USB drives and SD cards up to 32GB (FAT32 format) with resolutions up to 720 x 576 pixels are supported.

## Volume Control and Audio Output

Each player features upgraded dual stereo speakers for clear sound. Volume can be adjusted separately for each player using the dedicated volume buttons on the unit or the remote control. Each player also has a headphone jack, allowing individual users to connect wired headphones for private listening.

Figure 9: Dual Stereo Speakers

## Last Memory Function

The FANGOR DVD players include a last memory function. This feature allows the player to resume playback from where it was last stopped, even after being powered off. This is particularly useful for long car journeys, ensuring you don't miss a moment of your movie.

## Maintenance

To ensure the longevity and optimal performance of your FANGOR Dual Portable DVD Player, please follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to clean the exterior of the players. For stubborn marks, slightly dampen the cloth with water. Do not use abrasive cleaners, solvents, or chemical sprays, as these can damage the surface.
- **Screen Care:** Gently wipe the screen with a microfiber cloth specifically designed for electronics. Avoid pressing too hard on the screen.
- **Disc Care:** Always handle discs by their edges. Keep discs clean and free of dust, fingerprints, and scratches. Store discs in their cases when not in use.
- **Storage:** When not in use for extended periods, store the DVD players in a cool, dry place, away from direct sunlight and extreme temperatures.
- **Power Connection:** Always ensure the car charger is securely connected to both the players and the car's power outlet. Avoid tugging or bending the cables excessively.

## Troubleshooting

If you encounter any issues with your FANGOR Dual Portable DVD Player, please refer to the following common problems and solutions:

| Problem | Possible Cause | Solution |
|---|---|---|
| No power/Player does not turn on. | ◦ Car charger not properly connected.<br>◦ Car's 12V outlet is not working.<br>◦ Fuse in car charger or car's outlet blown. | ◦ Ensure the car charger is firmly plugged into both players and the car's 12V outlet.<br>◦ Check if other devices work in the car's 12V outlet.<br>◦ Inspect the car charger's fuse or consult your car's manual for outlet fuse location. |
| Disc does not play or skips. | ◦ Disc is dirty, scratched, or damaged.<br>◦ Unsupported disc format (e.g., Blu-ray).<br>◦ Player lens is dirty. | ◦ Clean the disc with a soft, lint-free cloth. Try another disc.<br>◦ Refer to "Supported Formats" in the Operating Instructions.<br>◦ Use a DVD lens cleaning disc (not included). |
| No sound or distorted sound. | ◦ Volume is too low or muted.<br>◦ Headphones not fully plugged in.<br>◦ Audio format not supported. | ◦ Increase volume using the player's buttons or remote.<br>◦ Ensure headphones are fully inserted into the jack.<br>◦ Check "Supported Formats" for audio compatibility. |

| Problem | Possible Cause | Solution |
| --- | --- | --- |
| Second screen shows "No Signal" or black screen. | ◦ AV cable not properly connected.<br>◦ Incorrect input source selected on the second player. | ◦ Ensure the AV cable is securely connected between the "AV OUT" of the master player and "AV IN" of the slave player.<br>◦ On the second player, press the "SOURCE" button to select the correct AV input. |
| Remote control not working. | ◦ Batteries are dead or inserted incorrectly.<br>◦ Obstruction between remote and player's IR sensor. | ◦ Replace batteries and ensure correct polarity.<br>◦ Point the remote directly at the player's IR sensor and remove any obstructions. |
