Braun 9 PRO+ 9467cc

Braun Series 9 PRO+ 9467cc Electric Shaver

User Manual

1. Introduction

Thank you for choosing the Braun Series 9 PRO+ 9467cc electric shaver. This premium grooming device is engineered for an exceptionally close and comfortable shave, even on 1, 3, or 7-day beards. Featuring 5 ProShave elements and a surgical-grade stainless steel ProTrimmer, it offers unparalleled precision and skin comfort. This manual provides essential information for the safe and effective use, maintenance, and care of your new shaver.
Key features of your Braun Series 9 PRO+ 9467cc shaver include:

- **Superior Shaving Performance:** 5 perfectly synchronized shaving elements for efficiency and comfort.
- **Precision ProTrimmer:** Surgical-grade stainless steel trimmer for accurate styling of sideburns and moustaches.
- **Wet & Dry Use:** 100% waterproof design allows for use with foam, gel, or even in the shower.
- **Long-lasting Battery:** Powerful Li-Ion battery provides 60 minutes of cordless shaving.
- **SmartCare 6-in-1 Station:** Automatically cleans, lubricates, dries, and charges your shaver at the touch of a button.

2. Safety Information

Please read all safety instructions carefully before using the appliance. Failure to follow these instructions may result in electric shock, fire, or serious injury.

- **Water Safety:** To ensure safe operation, avoid using the appliance near water unless explicitly stated as waterproof. The Braun Series 9 PRO+ is 100% waterproof and can be used for wet shaving or in the shower.
- **Cleaning and Storage:** Clean and store the appliance thoroughly after each use. Refer to the detailed cleaning and maintenance instructions in this manual.
- **Charger Use:** Use only the charger provided with your device. Do not overcharge the battery.

- **Children:** This appliance can be used by children aged 8 years and above and persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they have been given supervision or instruction concerning use of the appliance in a safe way and understand the hazards involved. Children shall not play with the appliance. Cleaning and user maintenance shall not be made by children without supervision.
- **Disassembly:** Do not attempt to disassemble or repair the appliance yourself. Contact authorized service personnel for any repairs.
- **Power Cord:** Regularly inspect the power cord for damage. Do not use the appliance if the cord is damaged.

3. Setup

Before first use, or if the shaver has not been used for a long period, ensure it is fully charged.

3.1. Initial Charging

1. Connect the shaver to the charging cable.
2. Plug the charging cable into a power outlet.
3. The battery indicator lights on the shaver will illuminate to show charging progress. A full charge typically takes about 1 hour and provides up to 60 minutes of cordless shaving.
4. Alternatively, place the shaver in the SmartCare 6-in-1 station. Ensure the shaver is correctly seated for charging and cleaning.

3.2. SmartCare Station Setup (if applicable)

1. Open the SmartCare station lid.
2. Insert a Braun cleaning cartridge into the station until it clicks into place.
3. Close the lid.
4. Connect the SmartCare station to a power outlet using the provided power cord.

4. Operating Instructions

4.1. General Shaving

1. Ensure your shaver is charged.

2. Press the On/Off button to start the shaver.
3. Hold the shaver at a right angle (90°) to your skin.
4. Stretch your skin and shave against the direction of beard growth.
5. For optimal results, shave before washing your face.

A man demonstrates the Braun Series 9 PRO+ electric shaver, highlighting its ability to provide an effective and gentle shave with each pass, ensuring skin comfort.

4.2. Shaving Different Beard Lengths

The Series 9 PRO+ is designed to handle various beard lengths with ease:

- **1-Day Beard:** Provides an incredibly close and smooth shave.
- **3-Day Beard:** The ProLift blade effectively lifts and cuts longer hairs.
- **7-Day Beard:** The advanced shaving elements work together to tackle even dense, longer growth efficiently.

This image illustrates the versatility of the Braun Series 9 PRO+ electric shaver, showing its effectiveness on different beard lengths, from a short 1-day stubble to a longer 7-day growth.

4.3. Using the ProTrimmer

The integrated ProTrimmer is ideal for precise styling and trimming.

1. Slide the trimmer release button upwards to activate the ProTrimmer.
2. Use the trimmer to shape sideburns, moustaches, or to trim longer hairs before shaving.
3. After use, push the trimmer back down until it locks into place.

5. Maintenance

Regular cleaning and maintenance will ensure optimal performance and extend the lifespan of your Braun shaver.

5.1. Cleaning with SmartCare 6-in-1 Station

The SmartCare station provides a hygienic and convenient way to clean, lubricate, dry, and charge your shaver.

1. After shaving, rinse the shaver head under running water to remove most hair residue.
2. Place the shaver head-down into the SmartCare station.
3. Press the start button on the station. The station will automatically select the appropriate cleaning program, clean the shaver, dry it, and charge it.

4. The cleaning cartridge should be replaced approximately every 8 weeks, or when the cleaning indicator light on the station illuminates.

5.2. Manual Cleaning

If you do not use the SmartCare station, or for quick cleaning:

1. Remove the shaver head by pressing the release buttons on the sides.
2. Tap out any loose hair from the shaver head and the shaver body.
3. Rinse both the shaver head and the shaver body under warm running water until all hair and debris are removed. You can use a mild liquid soap if needed.
4. Allow both parts to air dry completely before reattaching the shaver head.
5. For thorough cleaning, you can use the small cleaning brush provided to remove stubborn hair, but avoid using it on the foil parts as it may damage them.

5.3. Replacing Shaver Parts

To maintain 100% shaving performance, replace the shaver head (foil and cutter block) approximately every 18 months. Replacement parts are available from authorized Braun retailers or online.

6. Troubleshooting

If you encounter any issues with your Braun Series 9 PRO+ shaver, please refer to the following common solutions:

Problem	Possible Cause	Solution
Shaver does not turn on.	Battery is depleted.	Charge the shaver for at least 5 minutes, or fully charge it.
Poor shaving performance.	Shaver head is dirty or worn out.	Clean the shaver head thoroughly. If performance does not improve, replace the shaver head.
Shaver pulls hair.	Shaver head is worn out or beard is too long.	Replace the shaver head. For longer beards, use the ProTrimmer first.
SmartCare station not cleaning.	Cleaning cartridge is empty or station is not powered.	Replace the cleaning cartridge. Ensure the station is properly plugged in.

If the problem persists after trying these solutions, please contact Braun customer support for further assistance.
