ENJBRICK 1038

ENJBRICK Hylaea Botanical Butterfly Garden Building Set Instruction Manual

Model: 1038

1. Introduction

This instruction manual provides comprehensive guidance for assembling, operating, and maintaining your ENJBRICK Hylaea Botanical Butterfly Garden Building Set. This set allows you to construct a detailed botanical display featuring a butterfly, chameleon, and other insects within a garden environment. Please read all instructions carefully before beginning assembly.

2. Safety Information

- **Age Recommendation:** This building set is recommended for individuals 8 years and up.
- **Small Parts Warning:** The set contains small parts which may pose a choking hazard for children under 3 years. Keep all components out of reach of young children.
- **Assembly Supervision:** Adult supervision is recommended during assembly, especially for younger builders.
- **Handling:** Handle all pieces with care to prevent breakage or injury.

3. Setup and Assembly

Follow the step-by-step instructions provided in the included physical manual. The general assembly process involves constructing the base, adding botanical elements, and then assembling the animal figures. Refer to the visual aids below for an overview of the assembly process and the final product.

3.1 Assembly Overview Video

ENJBRICK Tropical Rainforest Toy Building Set

Video: This video demonstrates the assembly process for the ENJBRICK Tropical Rainforest Toy Building Set, showing how various components are put together to form the complete display.

3.2 Key Assembly Steps and Components

Image: Detailed view of hands assembling the butterfly component, with the instruction manual visible for guidance. This highlights the precision required for smaller elements.

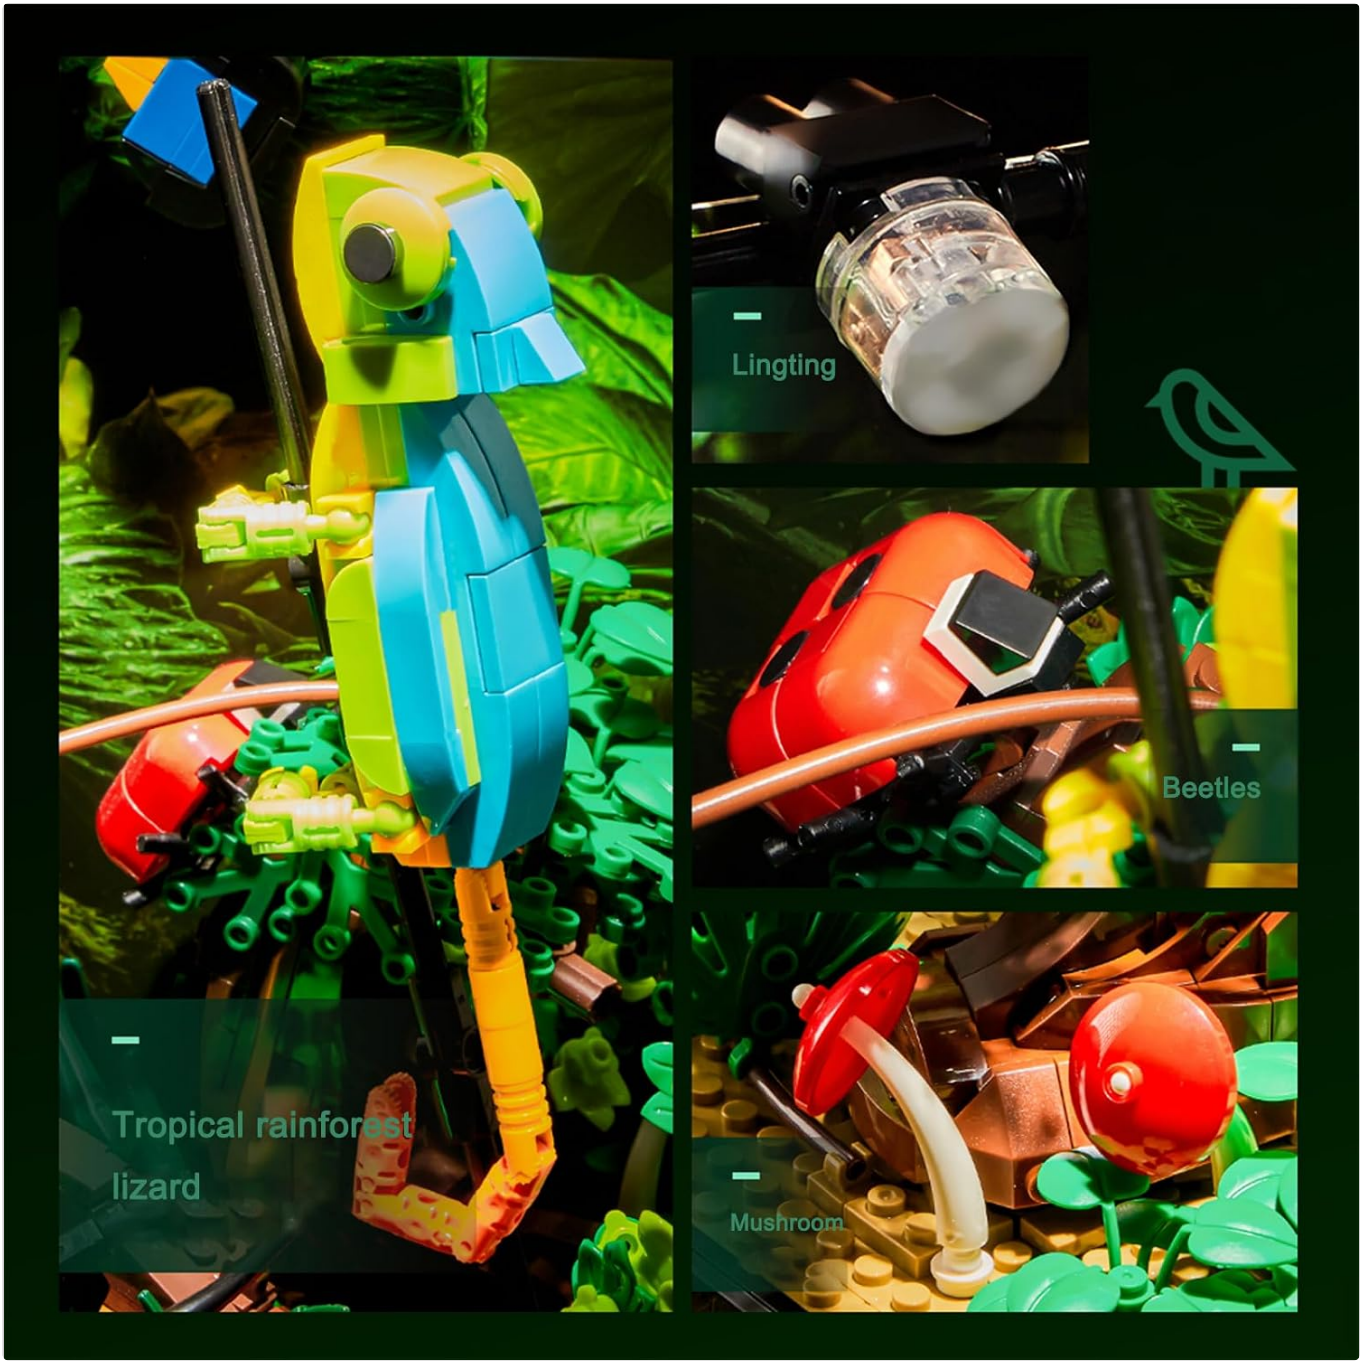

Image: A collage showcasing close-up details of the assembled chameleon, beetles, mushroom, and the integrated lighting system, illustrating the intricate design of the set's inhabitants and features.

Ensure all pieces are securely connected. Some connections may require firm pressure. If a piece does not fit easily, double-check the instruction manual to ensure correct orientation and part selection.

4. Operating Instructions

Once assembled, your ENJBRICK Hylaea Botanical Butterfly Garden Building Set is ready for display. The set includes integrated lighting to enhance its visual appeal.

4.1 Activating the Lighting

- Locate the power source or switch for the integrated lighting system, typically found at the top or rear of the display case.
- Activate the switch to illuminate the botanical garden scene.
- Ensure batteries (if applicable, not specified in product data but common for lighting) are correctly installed and charged.

Image: The ENJBRICK Hylaea Botanical Butterfly Garden Building Set illuminated by its integrated lighting, showcasing the vibrant details of the chameleon, butterfly, and plant life.

4.2 Display and Interaction

The set is designed for static display. While some components may have limited articulation (e.g., chameleon's tail, butterfly wings), avoid excessive force to prevent damage. Position the display in a stable location away from direct sunlight or extreme temperatures.

Video: This video provides a detailed view of the fully assembled ENJBRICK Flowers Botanical Butterfly Garden Building Set, highlighting its various features and overall aesthetic.

5. Maintenance

- **Cleaning:** To clean the set, gently wipe with a dry, soft cloth. Avoid using harsh chemicals or abrasive materials,

as these can damage the plastic components.

- **Dust Removal:** Use a soft brush or compressed air to remove dust from intricate areas.
- **Storage:** If disassembling for storage, keep all pieces organized to prevent loss. Store in a cool, dry place away from direct sunlight.

6. Troubleshooting

- **Difficulty Assembling Pieces:**

  Ensure you are using the correct pieces and following the instructions precisely. Some pieces may require a firm, but gentle, push to connect. Avoid forcing pieces, as this can cause damage.

- **Missing Parts:**

  Carefully check all packaging materials and the assembly area. If parts are genuinely missing, contact ENJBRICK customer support with your product model number (1038) and a description of the missing components.

- **Set is Flimsy or Breaks Easily:**

  This can occur if pieces are not fully connected or if the internal support structures are not correctly assembled. Review the assembly steps, paying close attention to the base and frame connections. Ensure all interlocking pieces are firmly pressed together. If the issue persists, consider reinforcing critical joints if possible, or contact support.

- **Lighting Not Working:**

  Check if the power source is properly connected and if any required batteries are correctly inserted and charged. Ensure the switch is in the "on" position. If the lighting still fails, contact customer support.

7. Specifications

Product Name	ENJBRICK Hylaea Botanical Butterfly Garden Building Set
Model Number	1038
Brand	ENJBRICK
Number of Pieces	1284 PCS
Product Dimensions (Assembled)	11.02 x 8.66 x 11.42 inches
Item Weight	3.21 pounds
Recommended Age	8 years and up
Manufacturer	ENJBRICK
