## **Aipsun 8461 Crystal Modern Vanity Light**

## INTRODUCTION

The Aipsun 8461 Crystal Modern Vanity Light is a gorgeous combination of style and utility that will add brilliant brilliance to your bathroom or vanity area. This 4-light fixture, which was introduced in early 2024 and costs **\$109.90**, exudes modern elegance with its sleek black metal body and premium K9 crystal shades. It is the ideal size for medium to big mirrors or dressing areas, measuring 32.3 inches in length and 7.3 inches from the wall. This vanity fixture, which is made by Aipsun, a respectable company that produces elegant, long-lasting lighting, is dimmable and compatible with E26 bulbs (not included), allowing you to regulate the atmosphere. Flexibility is increased by the up/down lighting direction, while durability and glitz are added by the combination of frosted metal and faceted crystal. The 8461 adds dazzling charm and reliable performance to any area, whether it is utilized as a dressing table, powder room, or bathroom.

## FEATURES

- **Elegant Crystal Design:** Beautiful K9 crystal shades that create an opulent and glittering atmosphere.
- **4-Light Fixture:** This fixture has four E26 sockets to provide evenly distributed, broad illumination.

- **Up or Down Installation:** Depending on the lighting requirements and style of the space, it can be installed facing either upward or downward.
- **Superior Material:** Made of long-lasting iron, aluminum, and crystal for enduring dependability.
- **Matte Black Finish:** This smooth, frosted black coating helps keep things looking new and avoid corrosion.
- **Dimmable Compatibility:** Compatible with a compatible dimmer switch and dimmable E26 bulbs (bulbs not included).
- **Generous Dimensions:** Its generous dimensions are 32.3" long, 7.2" wide, and 7.3" out from the wall.
- **Crystal Removability:** Crystal lampshades are simple to remove for upkeep and cleaning.
- **Modern Styling:** A variety of modern bathroom and vanity aesthetics are complemented with modern styling.
- **Conventional Voltage Use:** Compatible with conventional U.S. wiring, it runs on 110V AC.
- **Bulb Base Type:** Suitable for LED, incandescent, or CFL bulbs, this bulb base type accepts E26 bulbs (recommended length under 4.7").
- **No Switch/Plug:** For a smooth, seamless look, this device is intended to be hardwired with a wall switch control.
- **Versatile Lighting:** Appropriate for halls, dressing rooms, powder rooms, vanity tables, and restrooms.
- **High Wattage Capacity:** Supports a maximum of 240W over 4 bulbs, with a maximum of 60W per bulb.
- **Components Included:** Crystal shades and mounting hardware are included for simple assembly.

## SETUP GUIDE

- **Turn Off the Circuit Breaker:** Before starting any installation.
- **Prepare the Mounting Space:** Locate and clean the wall's electrical junction box location.
- **Mounting Bracket Attachment:** Use the included screws to secure the bracket to the electrical box.

- **Wire the Fixture:** Connect green/copper to ground, white to neutral, and black to live.
- **Secure Fixture Base:** Using screws, fasten the vanity light body to the bracket, making sure it is level.
- **Install Crystal Shades:** Gently place the crystal shades by hand into each socket.
- **Install E26 Bulbs:** Screw in bulbs that are less than 4.7" long; if necessary, dimmable.
- **Select Light Direction:** Choose if you want the lights to be installed facing up or down.
- **Tighten All Screws:** Verify that all screws, including those holding crystals in place, are securely fastened.
- **Turn On Power:** Check your installation and restore power at the breaker.
- **Use Compatible Switch:** If dimmable bulbs are being utilized, install a dimmer switch.
- **Avoid Overloading:** To avoid overheating, don't use more than 60W per socket.
- **Test Functionality:** Verify all plugs and make sure the brightness is consistent.
- **Use Dry Hands:** Always use clean, dry hands when handling crystal parts and bulbs

## CARE & MAINTENANCE

- **Frequent Dusting:** Every week, lightly dust the metal frame and crystals with a delicate microfiber cloth.
- **Clean Crystals Carefully:** Take out the crystal shades from time to time, wash them with mild soap and water, and then dry completely.
- **Check Screws:** Make sure that all brackets and crystals are securely fastened on a regular basis.
- **Steer Clear of Harsh Chemicals:** Avoid abrasives, bleach, or ammonia as they could harm the finish or crystals.
- **Turn Off Power:** Always turn off the electricity at the breaker before performing any maintenance or cleaning.
- **Examine Wiring Annually:** Make sure it is safe and intact.
- **Replace Bulbs Carefully:** Let them cool before handling or changing.
- **Avoid Excessive Moisture Exposure:** Although suitable for bathrooms, keep it away from lengthy water splashes.
- **Use Suggested Bulbs:** For optimal heat management and fit, stick to E26 bulbs under 4.7".

- **Steer Clear of Frequent Switching:** Especially with incandescent bulbs, as rapid cycling shortens bulb life.
- **Wipe Black Finish Gently:** Use a soft, slightly moist towel to avoid scratching.
- **Check for Flickering:** Tighten connections or replace bulbs if needed.
- **Steer Clear of Vibration:** Avoid installing near slamming doors or vents to prevent crystal loosening.
- **Properly Store Crystals:** Wrap in soft cloth before storing to prevent chipping or scratches.
- **Contact Support for Defects:** Reach out to Aipsun’s customer service for quality or assembly issues.

**TROUBLESHOOTING**

Issue	Possible Cause	Suggested Solution
Light not turning on	Loose wiring or wall switch issue	Confirm connections and check wall switch
Flickering bulbs	Incompatible or loose E26 bulbs	Replace with properly sized, secure E26 bulbs
One bulb not working	Faulty bulb or socket contact	Replace bulb and check socket alignment
Dim light output	Low-wattage bulb used	Install higher wattage (within safe range) bulb
Crystal appears dull	Dust or fingerprints on surface	Remove and clean crystal shades carefully
Fixture feels loose	Improper mounting or unsecured screws	Tighten all mounting hardware
Not dimming properly	Non-dimmable bulbs used	Use compatible dimmable E26 bulbs

Issue	Possible Cause	Suggested Solution
Bulbs overheat quickly	Wrong bulb type or wattage	Use bulbs under 240W total and < 4.7" long
Difficulty in installing	Misaligned backplate or junction box	Align backplate and use standard US box
Uneven lighting effect	Misplaced or angled crystal shades	Adjust shades to face uniformly

## PROS & CONS

### PROS

- Elegant modern design with sparkling crystal shades
- Dimmable when paired with suitable bulbs
- Durable aluminum construction with corrosion resistance
- Versatile up or down lighting direction
- Easy to clean with removable crystal shades

### CONS

- Bulbs not included
- Requires separate wall switch; no built-in switch
- Not suitable for small spaces due to its size
- Only compatible with bulbs under 4.7 inches in length
- Hardwired installation may need professional help

## WARRANTY

The Aipsun 8461 Crystal Vanity Light includes a **12-month** manufacturer's warranty. This covers defects in materials or workmanship under normal residential use. For any issues, Aipsun offers responsive customer support via Amazon, with a resolution usually provided within 24 hours.

## FREQUENTLY ASKED QUESTIONS

What kind of bulbs does the Aipsun 8461 vanity light support?

It uses E26 base bulbs and supports bulbs with lengths less than 4.7 inches. Bulbs are not included.

Is the Aipsun 8461 Crystal Light dimmable?

The Aipsun 8461 is dimmable when paired with dimmable E26 bulbs and a compatible wall dimmer switch.

What materials are used in the Aipsun 8461 model?

The fixture is crafted from aluminum and iron with high-quality K9 crystal shades for an elegant appearance and durability.

Is the Aipsun 8461 vanity light easy to install?

It comes with mounting hardware and is designed for simple hardwiring to a standard US electrical box. No switch or plug is included.

What is the maximum wattage supported by the Aipsun 8461 light?

The total maximum wattage is 240 watts (60 watts per E26 bulb socket).

How do I clean the Aipsun 8461 crystal shades?

The crystal shades are removable. Detach them carefully and wipe with a soft, damp cloth. Avoid harsh cleaners to maintain clarity and shine.

What type of control is used with the Aipsun 8461 model?

It uses a push-button wall switch or standard wall control. The unit itself does not include a switch or remote.
