Dpofirs 400ml Essential Oil Diffuser Humidifier User Manual

Model: Dpofirsq7nbf26stw-18

Important Safety Information

Please read this user manual carefully and keep it properly before using this product.

- When loading essential oil into the machine, it must be kept upright and not inverted or tilted. Inverting or tilting the machine may damage its internal accessories.
- Do not use overloaded power sockets, power cords, or damaged power plugs. Such conditions may endanger your security and could cause a fire.

Product Overview

The Dpofirs 400ml Essential Oil Diffuser Humidifier is designed to efficiently diffuse essential oils, creating a pleasant and relaxing atmosphere in various environments. It features smart controls and a durable design.

Figure 1: Front view of the Dpofirs Essential Oil Diffuser, displaying the internal components including the essential oil bottle and the digital control panel.

This device is equipped with a 400ml essential oil bottle, making it suitable for extended use in various settings such as homes, hotels, spas, KTVs, and leisure clubs. Its robust construction ensures a long service life.

Figure 2: Rear view of the diffuser, highlighting the wall-mounting points and power connection port.

Setup

1. **Unpacking:** Carefully remove all components from the packaging. Verify that all parts are present: the diffuser unit, power adapter, and wall-mounting accessories (if applicable).

Figure 3: Diffuser unit with power adapter and wall-mounting kit.

2. **Placement:** Choose a stable, flat surface for the diffuser. Ensure it is placed upright and not tilted. For optimal diffusion, place it in a central location within the desired area. The unit can also be wall-mounted using the provided accessories.
3. **Filling the Essential Oil Bottle:** Open the diffuser unit to access the essential oil bottle. Fill the 400ml bottle with your preferred essential oil. Ensure the bottle is securely closed and reinserted into the unit. *Refer to the safety information regarding upright handling during this process.*
4. **Power Connection:** Connect the power adapter to the diffuser's power input port. Plug the adapter into a suitable electrical outlet (240 Volts). Ensure the power socket is not overloaded.

Operating Instructions

The Dpofirs diffuser offers intelligent control options for a customized aromatherapy experience.

Bluetooth Connectivity and Remote Control

This diffuser is Bluetooth enabled, allowing for convenient remote control via a smartphone application. This feature enables easy adjustment of settings from a distance.

Figure 4: Diffuser being controlled wirelessly through a mobile application.

Customizing Diffusion Settings

- **Time Periods:** The diffuser supports 5 distinct time periods, allowing you to schedule diffusion cycles throughout the day.
- **Concentration Settings:** Adjust the intensity of the fragrance by selecting different concentration levels.
- **Multiple Stage Timing:** Utilize advanced timing options to create complex diffusion schedules tailored to your preferences.
- **Intelligent Timing and Quantity Display:** The device features intelligent timing capabilities and a display for monitoring essential oil quantity.

The diffuser employs two-fluid atomization technology for high efficiency, ensuring essential oils are refined and evenly spread, filling your space with a persistent fragrance.

Maintenance

Regular maintenance ensures the longevity and optimal performance of your Dpofirs Essential Oil Diffuser.

- **Cleaning the Essential Oil Bottle:** Periodically empty and clean the essential oil bottle, especially when changing essential oil types. Use a mild cleaning solution and rinse thoroughly. Ensure it is completely dry before refilling.
- **Exterior Cleaning:** Wipe the exterior of the diffuser with a soft, damp cloth. Do not use abrasive cleaners or immerse the unit in water. The PP plastic shell is resistant to corrosion, making cleaning simple.
- **Atomizer Nozzle:** If you notice reduced mist output, the atomizer nozzle may require cleaning. Consult the specific instructions in the full manual (if available) for detailed cleaning procedures for the atomizer.
- **Storage:** If storing the diffuser for an extended period, ensure the essential oil bottle is empty and clean. Store the unit in a cool, dry place.

Troubleshooting

Problem	Possible Cause	Solution
Diffuser not turning on	No power supply; Damaged power adapter/cord; Unit malfunction.	Check power connection and outlet. Ensure power adapter and cord are undamaged. If issues persist, contact customer support.
No mist or low mist output	Essential oil bottle empty; Atomizer nozzle clogged; Incorrect concentration setting.	Refill essential oil. Clean the atomizer nozzle. Adjust concentration setting via the app or control panel.
Bluetooth connection issues	Device out of range; Bluetooth disabled on phone; App malfunction.	Ensure phone is within Bluetooth range. Verify Bluetooth is enabled on your device. Restart the app or diffuser.
Unusual noise during operation	Unit not level; Internal component issue.	Ensure the diffuser is placed on a stable, level surface. If noise persists, contact customer support. The diffuser is designed for low noise operation.  Figure 5: Noise level comparison, illustrating the quiet operation of the diffuser.

Specifications

Feature	Detail
Brand	Dpofirs
Model Number	Dpofirsq7nbf26stw-18
Colour	Black
Product Dimensions	53.34 x 40.64 x 20.32 cm (21 x 16 x 8 inches)
Capacity	400 ml
Power/Wattage	1 watts
Voltage	240 Volts
Material	Plastic (PP)
Auto Shut-off	No
Runtime	8 hours
Special Features	Timer Setting, Bluetooth Control, Intelligent Timing, Quantity Display
