Genérico BT-3401

User Manual

Alarm Clock with Light and Bluetooth Speaker

Model: **BT-3401** | Brand: **Genérico**

Product Overview

This innovative light alarm clock with Bluetooth speaker combines the functionality of an alarm clock with the convenience of a smart LED table lamp and integrated wireless charger. It features adjustable LED light, music synchronization, and a colorful ambient light with rainbow effects. The high-quality Bluetooth speaker connects easily to mobile devices for immersive audio. Intuitive controls make it versatile and user-friendly, perfect for any room.

Key Features

The BT-3401 offers a range of functionalities designed for convenience and ambiance:

- **Smart Alarm Clock:** Combines alarm functionality with light and sound.
- **Integrated Bluetooth Speaker:** High-quality audio for music streaming from mobile devices.
- **Dimmable LED Table Lamp:** Adjustable light intensity for various activities.
- **Built-in Wireless Charger:** Conveniently charge compatible mobile devices without cables.
- **Music Synchronization Night Light:** Lights change rhythmically with your music.
- **Colorful Ambient Light:** Customizable rainbow effect with various color options.
- **Easy Connectivity & Control:** Intuitive interface for light and music adjustments.
- **Multifunction & Compact Design:** Stylish and space-saving, suitable for any room.
- **Multiple Playback Modes:** Supports Bluetooth, USB, TF card, and AUX input.
- **FM Radio:** Built-in FM radio for listening to your favorite stations.

Setup Guide

1. Power Connection

Connect the provided power adapter to the DC IN port on the back of the device. Plug the adapter into a standard wall outlet. The device will power on automatically, and the display will illuminate.

Figure 4: Rear view with power input and connectivity ports.

2. Initial Placement for Wireless Charging

For optimal wireless charging, place your compatible mobile device centrally on the charging pad located on top of the unit. Ensure the device is aligned correctly for efficient charging.

Figure 5: Correct placement for wireless charging.

Operating Instructions

1. Time and Alarm Setting

Refer to the control buttons on the front panel (see Figure 6). Typically, a "SET" or "MODE" button allows you to enter time setting mode. Use the "+" and "-" buttons to adjust hours and minutes. Press "SET" again to confirm and move to alarm settings. Follow similar steps to set your desired alarm time and activate/deactivate the alarm.

Figure 6: Front panel with display and control buttons.

2. Bluetooth Speaker Operation

1. **Pairing:** Press the Bluetooth button (often indicated by a Bluetooth icon) to enter pairing mode. The device will emit an audible prompt or the Bluetooth indicator light will flash.
2. **Connect:** On your mobile device, enable Bluetooth and search for "BT-3401" or a similar device name. Select it to pair. Once connected, you will hear a confirmation sound.
3. **Playback:** Play audio from your mobile device. Use the volume buttons on the alarm clock or your mobile device to adjust the sound level.

Figure 8: Wireless charging and Bluetooth connectivity in action.

3. Light Control

Press the light control button (often indicated by a light bulb icon) to cycle through different light modes and colors. Hold the button to adjust brightness (dimmable function). The device offers 13 RGB light modes, including various solid colors and dynamic rainbow effects.

Figure 9: Explore 13 adjustable RGB light modes.

4. Music Synchronization

When playing music via Bluetooth, the night light can synchronize with the rhythm of the audio. This feature creates an immersive atmosphere where the lights adapt to your favorite songs. This mode is usually activated automatically when music is playing or can be toggled via the light control button.

Figure 10: Visual representation of music synchronization.

5. Multiple Playback Modes (USB, TF Card, AUX, FM Radio)

In addition to Bluetooth, the device supports various audio input methods:

- **USB Play:** Insert a USB flash drive into the USB port (see Figure 4) to play audio files directly.
- **TF Card Play:** Insert a TF (microSD) card into the designated slot to play audio files.
- **AUX Play:** Connect an external audio device using a 3.5mm AUX cable to the AUX input port.
- **FM Radio:** Switch to FM radio mode using the mode button. Use the navigation buttons to scan for stations or tune manually.

Figure 11: Side view with various input ports.

Maintenance

Proper maintenance ensures the longevity and optimal performance of your device.

- **Cleaning:** Gently wipe the surface of the device with a soft, dry cloth. For stubborn marks, a slightly damp cloth can be used, followed by a dry cloth. Do not use abrasive cleaners, solvents, or strong chemicals, as these may damage the finish.
- **Storage:** When not in use for extended periods, store the device in a cool, dry place away from direct sunlight and extreme temperatures.
- **Bulb Cleaning:** For information on cleaning the LED components, refer to general guidelines for LED lamp

maintenance. Avoid direct contact with water.

Troubleshooting

If you encounter any issues, please refer to the following table for common problems and solutions.

Problem	Possible Cause	Solution
Device does not power on.	Power adapter not connected properly or power outlet issue.	Ensure the power adapter is securely connected to the device and a working power outlet. Try a different outlet.
Wireless charging not working.	Phone not aligned correctly, phone case too thick, or phone not compatible with wireless charging.	Adjust phone placement on the charging pad (refer to Figure 5). Remove thick phone cases. Verify your phone supports Qi wireless charging.
Bluetooth speaker not connecting.	Device not in pairing mode, Bluetooth disabled on mobile device, or too far from the device.	Ensure the alarm clock is in Bluetooth pairing mode. Enable Bluetooth on your mobile device. Move closer to the alarm clock (within 10 meters).
Light not changing colors or dimming.	Incorrect button press or temporary software glitch.	Press the light control button repeatedly to cycle through modes. Hold the button to adjust brightness. If unresponsive, try power cycling the device.
No sound from speaker.	Volume too low, incorrect input mode selected, or audio source issue.	Increase volume on both the device and your audio source. Ensure the correct input mode (Bluetooth, USB, AUX, TF) is selected. Check audio source for playback issues.

Specifications

Detailed technical specifications for the BT-3401 model.

Feature	Detail
Brand	Genérico
Manufacturer	SAO SL
Product Dimensions (L x W x H)	10 x 3.81 x 30 cm
