LALFPET MDLX-D4

LALFPET MDLX-D4 Dog Crate Furniture with Drawers

Instruction Manual

Introduction

Thank you for choosing the LALFPET MDLX-D4 Dog Crate Furniture. This product is designed to provide a comfortable and secure space for your pet while seamlessly blending with your home decor as a piece of furniture. It features a flexible two-room configuration, integrated storage drawers, and convenient 360-degree rotatable wheels for easy movement. Please read this manual thoroughly before assembly and use to ensure proper setup and safe operation.

Safety Information

- Always ensure all latches and fasteners are securely engaged before leaving your pet unattended.
- Do not exceed the maximum weight capacity of 130 lbs (59 kg) for the crate interior.
- Keep small children away from the crate during assembly and operation to prevent injury.
- Regularly inspect the crate for any loose parts, damage, or wear. Discontinue use if any structural integrity issues are found.
- This product is intended for indoor use only.
- Ensure your pet's collar or tags cannot get caught on any part of the crate.

Package Contents

Before beginning assembly, verify that all components are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Top Panel
- Bottom Panel
- Side Panels (2)
- Back Panels
- Front Doors with Metal Bars (4)
- Internal Divider Panel
- Drawers (2) with hardware
- Removable Trays (2)
- 360° Rotatable Wheels (6)
- Assembly Hardware (screws, bolts, latches, handles, etc.)

- Assembly Tool (e.g., Allen wrench, if applicable)

Setup and Assembly Instructions

Assembly typically requires a Phillips head screwdriver (not included). Follow the numbered steps carefully. It is recommended to assemble on a soft, clean surface to prevent scratches.

1. **Unpack and Identify Parts:** Lay out all components and hardware. Refer to the parts list to ensure everything is present.
2. **Attach Wheels:** Secure the six 360° rotatable wheels to the underside of the bottom panel using the provided screws. Ensure they are firmly attached.
3. **Assemble Side and Back Panels:** Connect the side panels to the bottom panel, then attach the back panels. Use the designated hardware to secure these connections.
4. **Install Internal Divider:** Decide whether you need a one-room or two-room configuration. If a two-room setup is desired, insert the internal divider panel into the designated slots or attach it with hardware as instructed. For a single large room, omit this step.
5. **Attach Front Doors:** Install the four front doors to the main frame using the hinges and screws. Ensure the doors swing freely and the latches align properly.
6. **Assemble and Install Drawers:** Follow the instructions to assemble the two drawers. Once assembled, slide them into their respective compartments above the crate section. Attach handles to the drawers.
7. **Place Top Panel:** Secure the top panel to the assembled frame using the remaining hardware.
8. **Insert Trays:** Slide the removable trays into the bottom of each crate compartment.

Operating Instructions

- **Opening/Closing Doors:** To open a crate door, unlatch the bolt and pull the door outwards. To close, push the door shut and slide the bolt into the locked position. Always ensure latches are secure.
- **Adjusting Room Configuration:** The internal divider allows for either one large room or two separate rooms. If the divider was installed during assembly, you have two rooms. To switch to one large room, the divider must be removed (reverse assembly step 4).
- **Using Storage Drawers:** The two top drawers provide extra storage space for pet supplies, toys, or household items. Pull the handles to open and push to close.
- **Moving the Crate:** The 360° rotatable wheels allow for easy repositioning of the crate. Simply push or pull the unit to move it. For stability, ensure the wheels are locked if the crate is to remain stationary for extended periods (if wheels have locking mechanism).
- **Pet Comfort:** Place a soft, thick cushion or bed inside the crate for your pet's comfort.

Maintenance

- **Cleaning the Trays:** The removable plastic trays can be easily pulled out for cleaning. Wash with mild soap and water, then dry thoroughly before returning them to the crate.
- **Cleaning Surfaces:** Wipe down the wooden and metal surfaces with a damp cloth. Avoid harsh chemicals or abrasive cleaners that could damage the finish.
- **Hardware Check:** Periodically check all screws, bolts, and latches to ensure they remain tight and secure. Tighten any loose hardware as needed.
- **Wheel Maintenance:** Keep the wheels free of pet hair and debris to ensure smooth rotation.

Troubleshooting

- **Doors Not Closing Properly:** Check if the crate is on a level surface. Ensure all assembly screws are tightened. Verify that the door hinges are correctly installed and not bent.
- **Wheels Not Rolling Smoothly:** Inspect the wheels for any trapped debris (e.g., pet hair, carpet fibers). Clean them thoroughly. Ensure the wheels are securely attached and not damaged.
- **Crate Feels Unstable:** Double-check all connections and tighten any loose hardware. Ensure the crate is placed on a flat, stable surface.
- **Drawers Sticking:** Ensure the drawer slides are clean and free of obstructions. Verify that the drawers were assembled correctly and are aligned within their tracks.

If you encounter issues not listed here or require further assistance, please contact customer support.
