Instructions for pairing with Smart Life/Tuya app

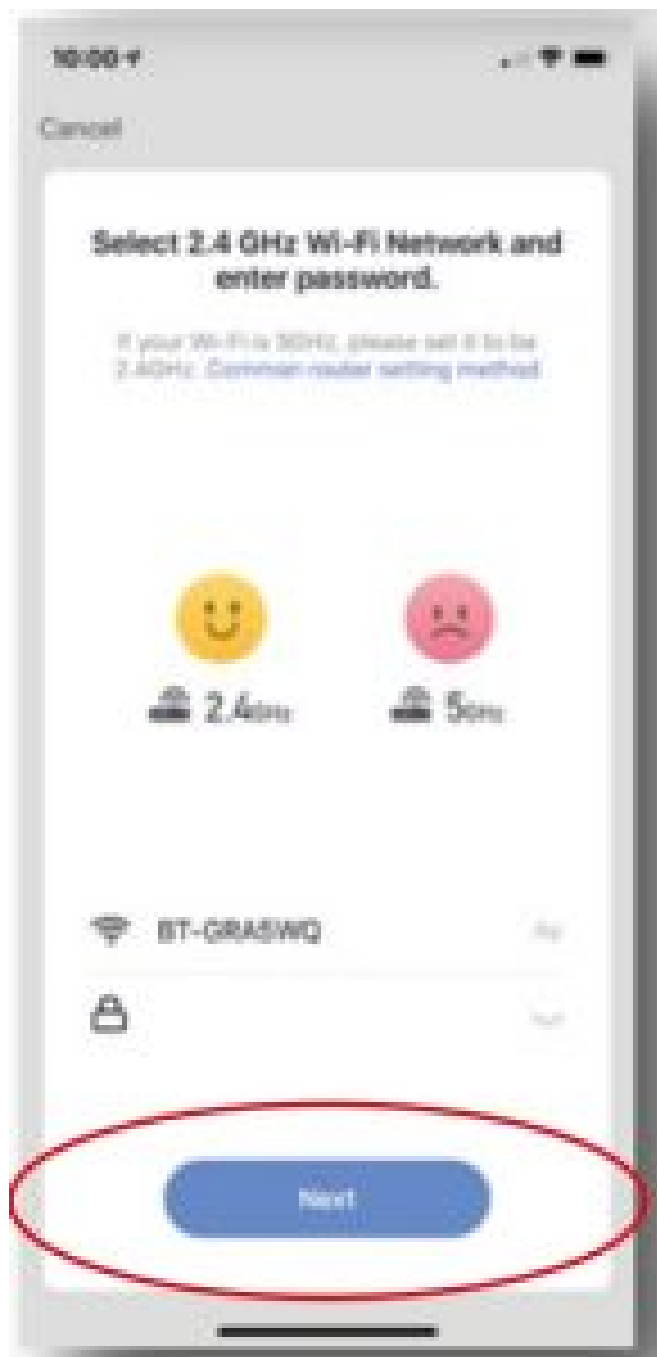

1. Download & register an account on the Smart Life or Tuya App. Open app then select “+”.

2. Select “Lighting (Wi-Fi)” under the “Lighting”.

3. Enter your WIFI credentials to connect to your home network.

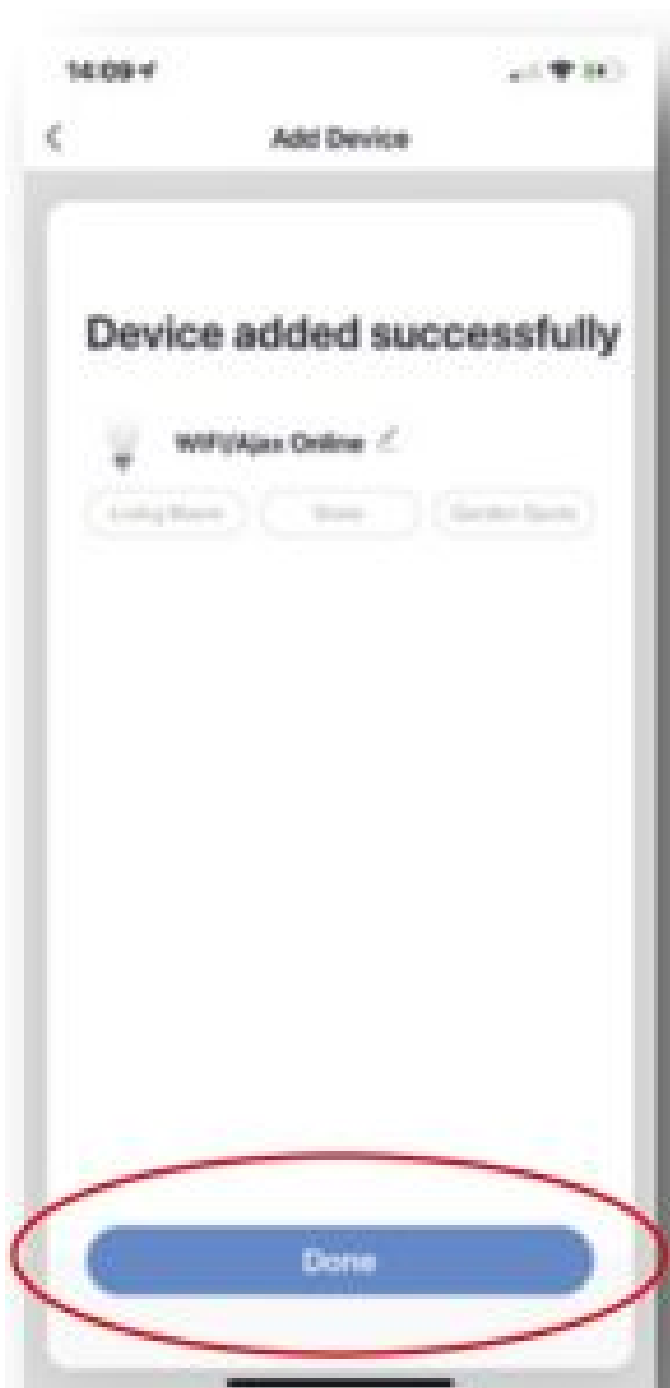

4. Now follow the 4 instructions on the app.

5. Please note if you cannot pair your device you may need to reset the bulb in order to switch to the alternative pairing mode.

6. Once the bulb is discovered, rename it and 6 Select "Done".

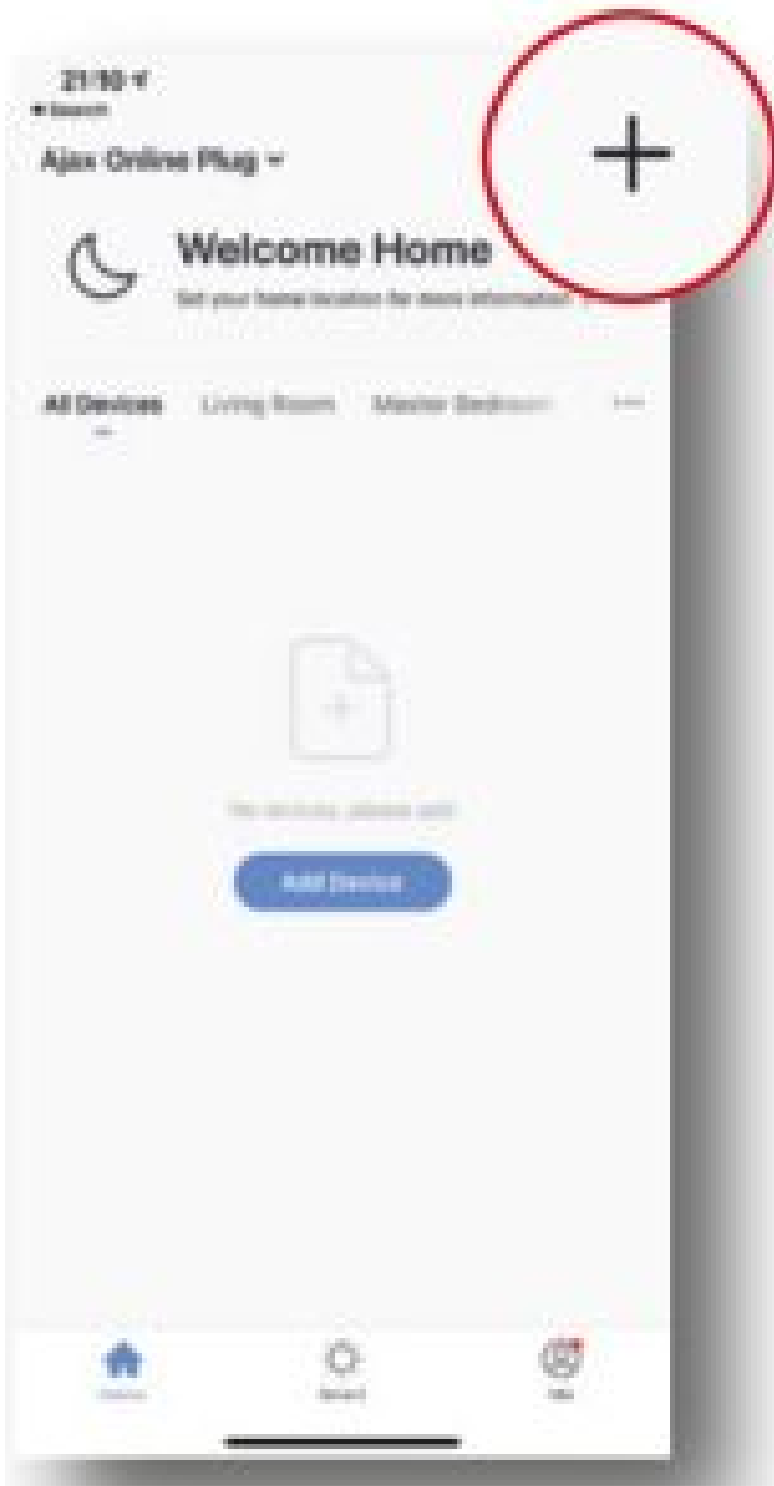

Method 2: Instructions for pairing with Smart Life/Tuya app

Please try method 1 first, if this fails please try method 2 below.

Please note that you need to pair each device one at a time. Please ensure that your WIFI connection is on 2.4 GHz

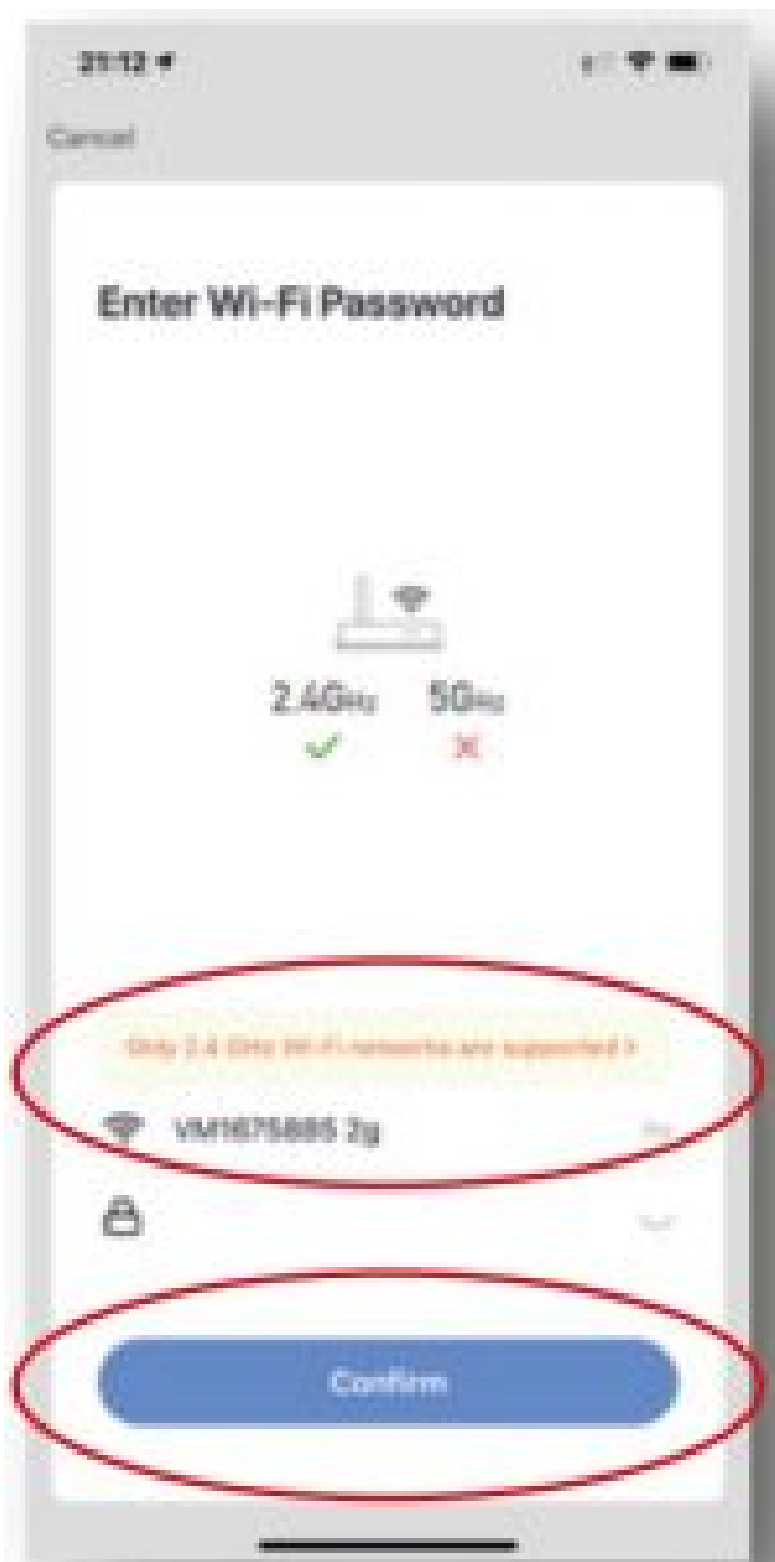

1. Download and register an account on the Smart Life or Tuya App. Then select “+”.

2. Select “Lighting (Wi-Fi)” under “Lighting”.

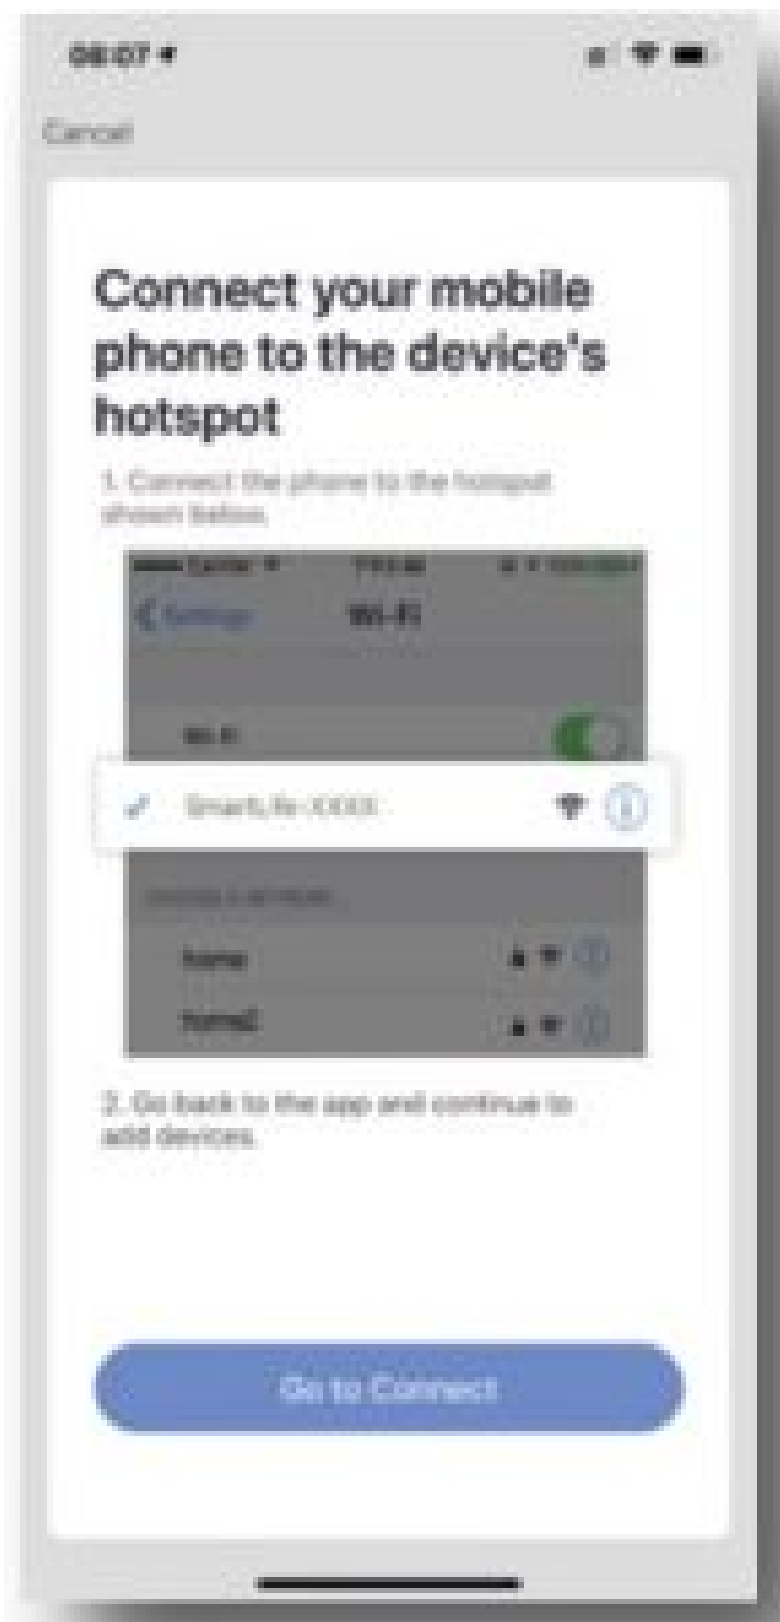

3. Enter your WIFI credentials to connect to your home 3 network.

4. Select "AP Mode" under "Net Pairing Mode". Check that the light is flashing slowly and then follow the instructions in the app.

5. Select "Go to Connect" and then select "SmartLife-XXXX" in your device's WIFI settings. Finally go back to the app to continue.

6. Once the bulb is discovered, rename it to your desired name and select "Done".
