KMM VC-01

KMM VC-01 4-in-1 Handheld Vacuum Cleaner and Air Duster

INSTRUCTION MANUAL

Introduction

Thank you for choosing the KMM VC-01 4-in-1 Handheld Vacuum Cleaner and Air Duster. This versatile device is designed to provide powerful cleaning for various environments, including your car, home, and office. With its compact design, strong suction, and multiple functions, it simplifies your cleaning tasks.

- **4-in-1 Multifunction:** Offers suction, blowing, inflation, and vacuuming capabilities.
- **Powerful Suction:** Equipped with a 120W motor providing up to 16000Pa suction power across 3 adjustable speeds.
- **Cordless & Portable:** Lightweight at only 0.66 lbs, making it easy to handle and store.
- **Rechargeable Battery:** Built-in 4000mAh battery with fast charging (2.5 hours for a full charge).
- **LED Light:** Integrated LED for illuminating dark cleaning areas.
- **Multiple Accessories:** Includes 6 types of detachable nozzles for various cleaning needs.

Product Overview

Familiarize yourself with the components of your KMM VC-01 device:

Image: The KMM VC-01 handheld device showcasing its dual suction and blowing capabilities with multiple interchangeable nozzles.

Included Components:

- Vacuum Cleaner Body
- Extended Suction Nozzle
- Brush Suction Nozzle
- Dust Blowing Nozzle
- Air Inflation Nozzle
- Vacuum Nozzle (for storage bags)
- Hair Dryer Nozzle
- HEPA Filter (pre-installed + spare)
- USB Charging Cable
- User's Manual

Setup

1. **Initial Charge:** Before first use, fully charge the device using the provided USB charging cable. Connect the cable to the charging port on the device and a compatible USB power source (car charger, power bank, laptop, or adapter). The charging time is approximately 2.5 hours. A white indicator light signifies a full charge, while a red light indicates charging is required.
2. **Attach Desired Nozzle:** Select the appropriate nozzle for your cleaning task. For suction, attach the desired nozzle to the front (vacuum intake) of the device. For blowing or inflation, attach the nozzle to the rear (air outlet) of the device. Ensure the nozzle is securely twisted or pushed into place.

Operating Instructions

1. **Power On/Off:** Press and hold the power button for 2 seconds to turn on the device. Press the button again to cycle through the 3 speed modes (Eco, Medium, Max). Press and hold for 2 seconds to turn off.
2. **Adjusting Suction/Blowing Power:** The device offers 3 levels of power: Eco (7KPa), Medium (12KPa), and Max (16KPa). Short press the power button to switch between these modes.

3. **Using the LED Light:** The integrated LED light activates automatically when the device is powered on, assisting in cleaning dimly lit areas.
4. **Suction Function:** Attach the Extended Suction Nozzle for gaps and drawers, or the Brush Suction Nozzle for hair and dust on keyboards or dashboards.
5. **Blowing Function:** Attach the Dust Blowing Nozzle to the rear for blowing dust, leaves, or for starting barbecues. The Hair Dryer Nozzle can be used for drying clothes or hair.
6. **Inflation/Vacuuming Storage Bags:** Use the Air Inflation Nozzle for items like balloons or swimming rings. The Vacuum Nozzle can be used to vacuum air from storage bags.

Maintenance

Regular maintenance ensures optimal performance and longevity of your KMM VC-01.

1. **Emptying the Dust Bin:** With one-click dismantling, rotate the dust collection bin to unclip it from the main unit. Dump the collected garbage into a trash receptacle.
2. **Cleaning the HEPA Filter:** Remove the HEPA filter from the dust collection bin. The HEPA filter is washable. Rinse it under running water until clean. Ensure the filter is completely air-dried before reinserting it into the dust bin.
3. **Reassembly:** Once the dust bin and HEPA filter are clean and dry, place the HEPA filter back into the dust bin, then reattach the dust bin to the main unit by rotating it until it locks securely.

Troubleshooting

If you encounter any issues with your KMM VC-01, refer to the following common solutions:

- **Device not turning on:** Ensure the battery is fully charged. Connect to a power source and allow it to charge for 2.5 hours.
- **Low suction power:** Check if the dust bin is full and empty it. Inspect the HEPA filter for blockages and clean it if necessary. Ensure all nozzles are securely attached.
- **Device stops unexpectedly:** The battery might be low. Recharge the device.
- **Unusual noise:** Check for any foreign objects lodged in the nozzles or the main unit's intake/outlet.

Specifications

Feature	Detail
Brand	KMM
Model Name	VC-01
Special Feature	Compact, Cordless, HEPA, Portable, Washable Filter
Filter Type	HEPA Filter
Is Cordless?	Yes
Capacity	150 ml/min
Wattage	120 Watt-hours
Charging Time	2.5 Hours
Maximum Suction	16000Pa (Max)
Form Factor	Handheld
Color	Gray
Battery Description	Lithium-Ion or Lithium (4000mAh)
Noise Level	70 Decibels
Battery Life	Up to 30 minutes (Eco mode)
Item Weight	10.6 ounces
Product Dimensions	8.18"L x 6.16"W x 2.32"H
Controller Type	Push Button
Number of Speeds	3
Indoor/Outdoor Usage	Indoor, Outdoor
Power Source	Battery Powered
