2. Safety Information

Your safety and the safety of your child are paramount. Please read and adhere to the following safety guidelines:

- **Age Recommendation:** This product is recommended for children aged 6 years and up.
- **Material Safety:** The building blocks are made from high-quality, environmentally friendly plastic that is safe, non-toxic, and durable.
- **Smooth Edges:** Each piece features a smooth surface with rounded edges and corners, ensuring no burrs that could harm children's hands during assembly or play.
- **Small Parts Warning:** This set contains small parts which may pose a choking hazard for children under 3 years of age. Adult supervision is recommended, especially for younger children.
- **Battery Safety:** If your specific animal model includes a light-up feature, ensure batteries are inserted correctly and kept out of reach of small children. Do not mix old and new batteries.

3. Package Contents

Upon opening your ALITTDRE Mini Animal Building Blocks Set, you should find the following items:

- One (1) Mini Animal Building Blocks Set (specific animal variant, e.g., Cattle)
- One (1) Detailed Instruction Manual for the specific animal model
- Necessary components for the light-up base (if applicable to your model)

4. Setup and Assembly

Assembling your mini animal building block set is a straightforward process, designed to be enjoyable without the need for glue. Each animal comes with its own dedicated manual to guide you through the steps.

1. **Unpack Components:** Carefully open the packaging and lay out all the building block pieces. It is recommended to sort pieces by color or shape to facilitate assembly.
2. **Consult Manual:** Refer to the specific instruction manual included with your animal set. Follow the step-by-step diagrams to connect the blocks.

3. **Assemble Base First:** Typically, assembly begins with the base. Pay close attention to the instructions regarding clear and colored blocks for the base, as some models may use clear blocks for the light-up feature.
4. **Build Animal Figure:** Continue building the animal figure layer by layer, ensuring each block is securely connected.
5. **Integrate Light Unit (if applicable):** If your model includes a light-up feature, follow the manual's instructions for inserting the light unit into the base. A small tool may be provided to assist with activation.

5. Operating Instructions

Once assembled, your mini animal building block figure is ready for display and interactive play.

- **Display:** Place your assembled animal on a flat, stable surface. These figures are perfect for desks, shelves, or as decorative items.
- **Light-Up Feature:** If your model has a light-up base, use the provided small tool (or a similar pointed object) to gently press the activation point on the base. This will illuminate the base, creating a vibrant glow. Press again to turn off the light.
- **Play:** Children can engage in imaginative play with their assembled animals, fostering creativity and storytelling.

6. Maintenance

To ensure the longevity and appearance of your ALITTDRE Mini Animal Building Blocks Set, follow these simple maintenance guidelines:

- **Cleaning:** To clean the blocks, gently wipe them with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these may damage the plastic or paint.
- **Storage:** Store the assembled figures or disassembled blocks in a cool, dry place away from direct sunlight and extreme temperatures. This helps prevent discoloration and warping.
- **Avoid Water Immersion:** Do not immerse the figures, especially those with light-up features, in water. Water can damage the electronic components.

7. Troubleshooting

If you encounter any issues with your building block set, please refer to the following common solutions:

Problem	Possible Cause / Solution
Difficulty Assembling Base: Blocks not fitting correctly or confusion with colors.	Ensure you are using the correct pieces as indicated in the manual. Some models use clear blocks for the base, which can be mistaken for white. Refer to the specific animal's manual for precise guidance.
Light-Up Feature Not Working: Base does not illuminate.	◦ Verify that the light unit is correctly inserted into the base according to the manual. ◦ Ensure the activation point on the base is pressed firmly with the provided tool or a similar pointed object. ◦ Check if the battery (if replaceable) is inserted with the correct polarity. ◦ If the light unit is sealed, it may have a limited lifespan. Contact customer support if the issue persists.
Missing or Damaged Pieces: Components are absent or broken.	Carefully check all packaging materials. If pieces are genuinely missing or damaged, please contact ALITTDRE customer support for assistance.
