Sweetcrispy ELTP63-WT

Sweetcrispy ELTP63-WT Electric Adjustable Height Standing Desk User Manual

Model: ELTP63-WT | Brand: Sweetcrispy

Introduction

This manual provides comprehensive instructions for the assembly, operation, and maintenance of your Sweetcrispy ELTP63-WT Electric Adjustable Height Standing Desk. Please read thoroughly before use to ensure proper functionality and safety.

Safety Information

- Do not exceed the maximum weight limit of 154 pounds to prevent motor damage and ensure stable operation.
- Keep cords and wires out of reach of pets to prevent entanglement or injury.
- Ensure all screws are securely tightened before use.
- Avoid placing liquids directly on the control panel.
- Do not allow children to operate the desk without adult supervision.

Parts List

Please verify all components are present before beginning assembly. Refer to the assembly video for visual guidance.

- Desktop Panels (3 spliced boards)
- Desk Legs (2)
- Crossbeam/Frame
- Electric Motor
- Drive Rod
- Control Panel with LED Display
- Power Adapter
- Foot Pads
- Cable Management Hooks (2)

- Assembly Tools (Hex key, screws)
- Wire Holes (2)

Assembly Instructions

Follow these steps carefully for proper assembly. An installation video is provided for visual assistance.

1. Unpack all components and verify against the parts list.
2. Assemble the desk frame by connecting the crossbeam to the desk legs. Ensure proper alignment of holes.
3. Insert the drive rod into the left leg and connect the electric motor. Secure the motor housing.
4. Attach the desktop panels to the assembled frame using the provided screws. Ensure the panels are aligned and secured with connecting plates.
5. Install the control panel and connect all necessary cables.
6. Attach the foot pads and cable management hooks.
7. Perform initial setup and calibration as per operating instructions.

Operating Instructions

Control Panel Functions

The desk features an intelligent control panel with an LED display.

- **Up/Down Buttons:** Use the arrow buttons to smoothly adjust the desk height.
- **Memory Presets (1, 2, 3):** Press and hold a memory button (1, 2, or 3) for 3 seconds to save the current height. To recall a saved height, simply press the corresponding button.
- **Anti-Collision Feature:** The desk is equipped with an anti-collision system that automatically stops movement if an obstruction is detected.

Setting Memory Presets

1. Adjust the desk to your desired height using the up/down arrows.
2. Press and hold one of the memory buttons (1, 2, or 3) for approximately 3 seconds until the display flashes or beeps, indicating the height is saved.
3. Repeat for other desired height settings.

This image shows the advanced control panel with its LED display and memory preset buttons.

Maintenance

- Regularly wipe the desk surface with a dry cloth to remove dust and debris.
- Avoid using harsh chemicals or abrasive cleaners that may damage the finish.
- Periodically check all screws and connections to ensure they remain tight.
- Keep the motor and electrical components free from moisture.

Troubleshooting

If you encounter any issues with your standing desk, please refer to the following common solutions:

- **Desk not moving:** Check all power connections. Ensure the power adapter is securely plugged into both the desk and a working wall outlet.
- **Uneven movement:** Ensure the desk is placed on a level surface. Check for any obstructions under the desk.
- **Control panel unresponsive:** Unplug the desk from the power outlet for 10 seconds, then plug it back in to reset the system.
- **Error codes:** Consult the full instruction manual (if provided separately) for specific error code interpretations.

If problems persist, please contact Sweetcrispy customer support.
