PORIYA US-SC-001

PORIYA 6-in-1 Split Dog Car Seat Cover Instruction Manual

Model: US-SC-001

Introduction

This manual provides instructions for the PORIYA 6-in-1 Split Dog Car Seat Cover, designed to protect your vehicle's interior while ensuring comfort and safety for your pet. This versatile cover can be configured in multiple ways to suit various needs, including a dog hammock, bench seat cover, passenger-friendly style, pet front seat cover, trunk cargo liner, or picnic mat.

What's in the Box

- Dog Car Seat Cover
- Dog Seat Belt

Setup and Installation

The PORIYA 6-in-1 Split Dog Car Seat Cover offers multiple configurations. Follow these steps for general installation and specific modes.

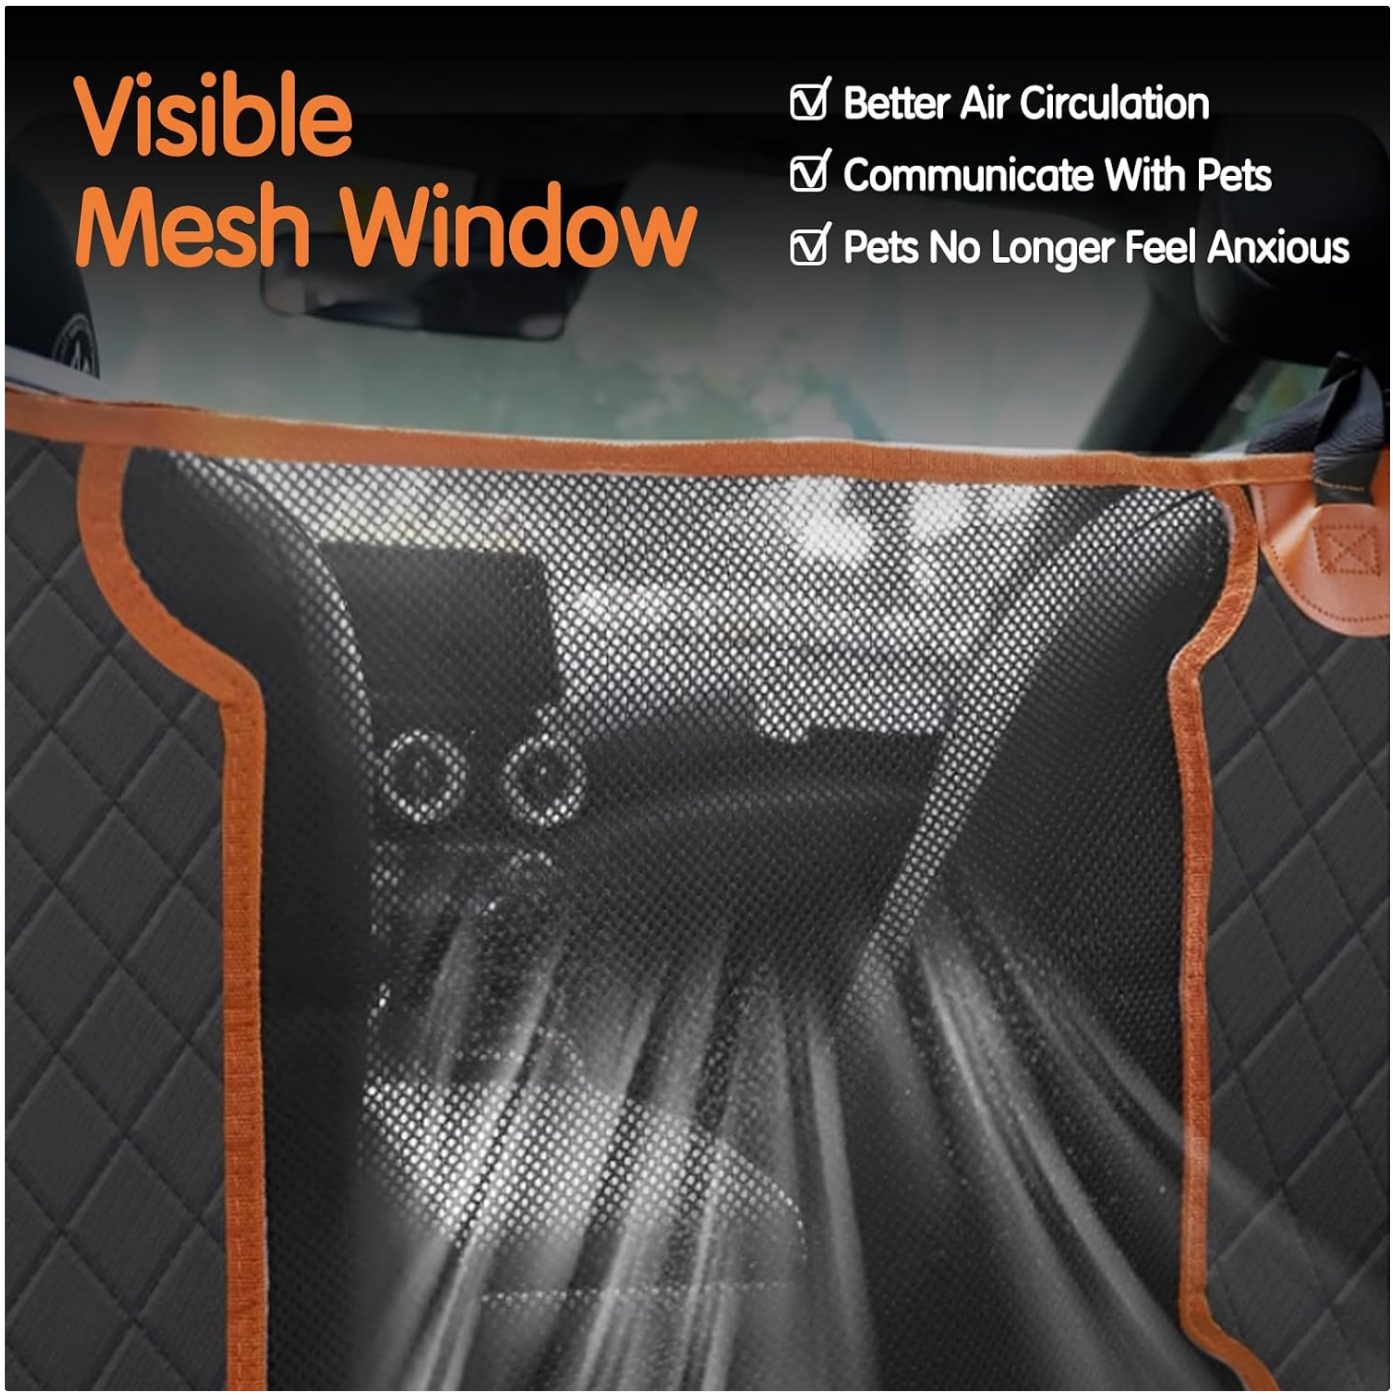
Illustration of the six possible configurations: Dog Hammock, Car Bench, Passenger-friendly, Front Seat Cover, Cargo Liner, and Picnic Blanket.

General Installation

1. Attach the adjustable straps around the headrests of your vehicle's rear seats.
2. Push the seat anchors firmly between the seat back and the seat cushion to secure the cover in place.
3. Adjust the side flaps to protect the car doors or allow for easy entry/exit.
4. Ensure the non-slip rubber backing is in full contact with the seat surface to prevent movement.

Specific Configurations

- **Dog Hammock Style:** Connect both front and rear headrest straps to create a barrier, preventing your pet from falling into the footwell.
- **Car Bench Style:** Use only the rear headrest straps, allowing the cover to lay flat across the bench seat.
- **Passenger-Friendly Style:** Utilize the split zipper design to fold down one side of the cover, allowing a human passenger to sit alongside your pet.
- **Front Seat Cover Style:** Install on the front passenger seat by securing the strap around the headrest.
- **Trunk Cargo Liner Style:** Lay the cover flat in the trunk area, securing it with available anchors or straps to protect the cargo space.
- **Picnic Blanket:** Detach the cover completely from the vehicle and use it as a ground cover for outdoor activities.



Close-up view of the mesh visual window, designed for improved air circulation and pet visibility.

Mesh Visual Window: The integrated mesh window allows for better airflow within your vehicle and enables your pet to see you, which can help reduce anxiety during travel.

Details of the Velcro sealed safety socket for seat belts, storage pocket, durable zipper, and nylon material edging.

Seat Belt Openings: Utilize the built-in Velcro openings to access seat belt buckles, allowing you to secure your pet with a safety harness or the included dog seat belt.
Storage Pockets: Use the integrated storage pockets for convenient storage of pet essentials such as toys, treats, or waste bags.

Operating Instructions

The 6-in-1 design allows for flexible use depending on your needs:

- To switch between hammock and bench style, simply adjust or detach the front headrest straps.
- To accommodate a human passenger, unzip the split section of the cover and fold it down.
- Always ensure the included dog seat belt is used to secure your pet for safety during vehicle operation.

Maintenance

Regular cleaning and proper care will extend the life of your seat cover.

- For light cleaning, wipe down the surface with a damp cloth.
- Use a vacuum cleaner to remove pet hair, dirt, and debris.
- For deeper cleaning, the cover is machine washable. Use a gentle cycle with cold water.
- Air dry the cover completely. Do not bleach or tumble dry.

Troubleshooting

- **Cover not staying in place:** Ensure all adjustable straps are securely fastened to the headrests and that the seat anchors are pushed firmly into the gap between the seat back and cushion. Verify that the non-slip rubber backing is in full contact with the seat surface.

- **Difficulty with seat belt access:** Locate the Velcro-sealed openings for seat belts. Ensure they are fully opened to allow seat belt buckles to pass through easily.
- **Zippers not functioning smoothly:** Check for any fabric or debris caught in the zipper teeth. Gently clear any obstructions. If necessary, apply a small amount of zipper lubricant. Avoid forcing zippers.
- **Water leakage:** While the cover is designed to be 100% waterproof, inspect for any tears or punctures that could compromise its integrity. For significant spills, clean promptly to prevent liquid from seeping around the edges of the cover.

Specifications

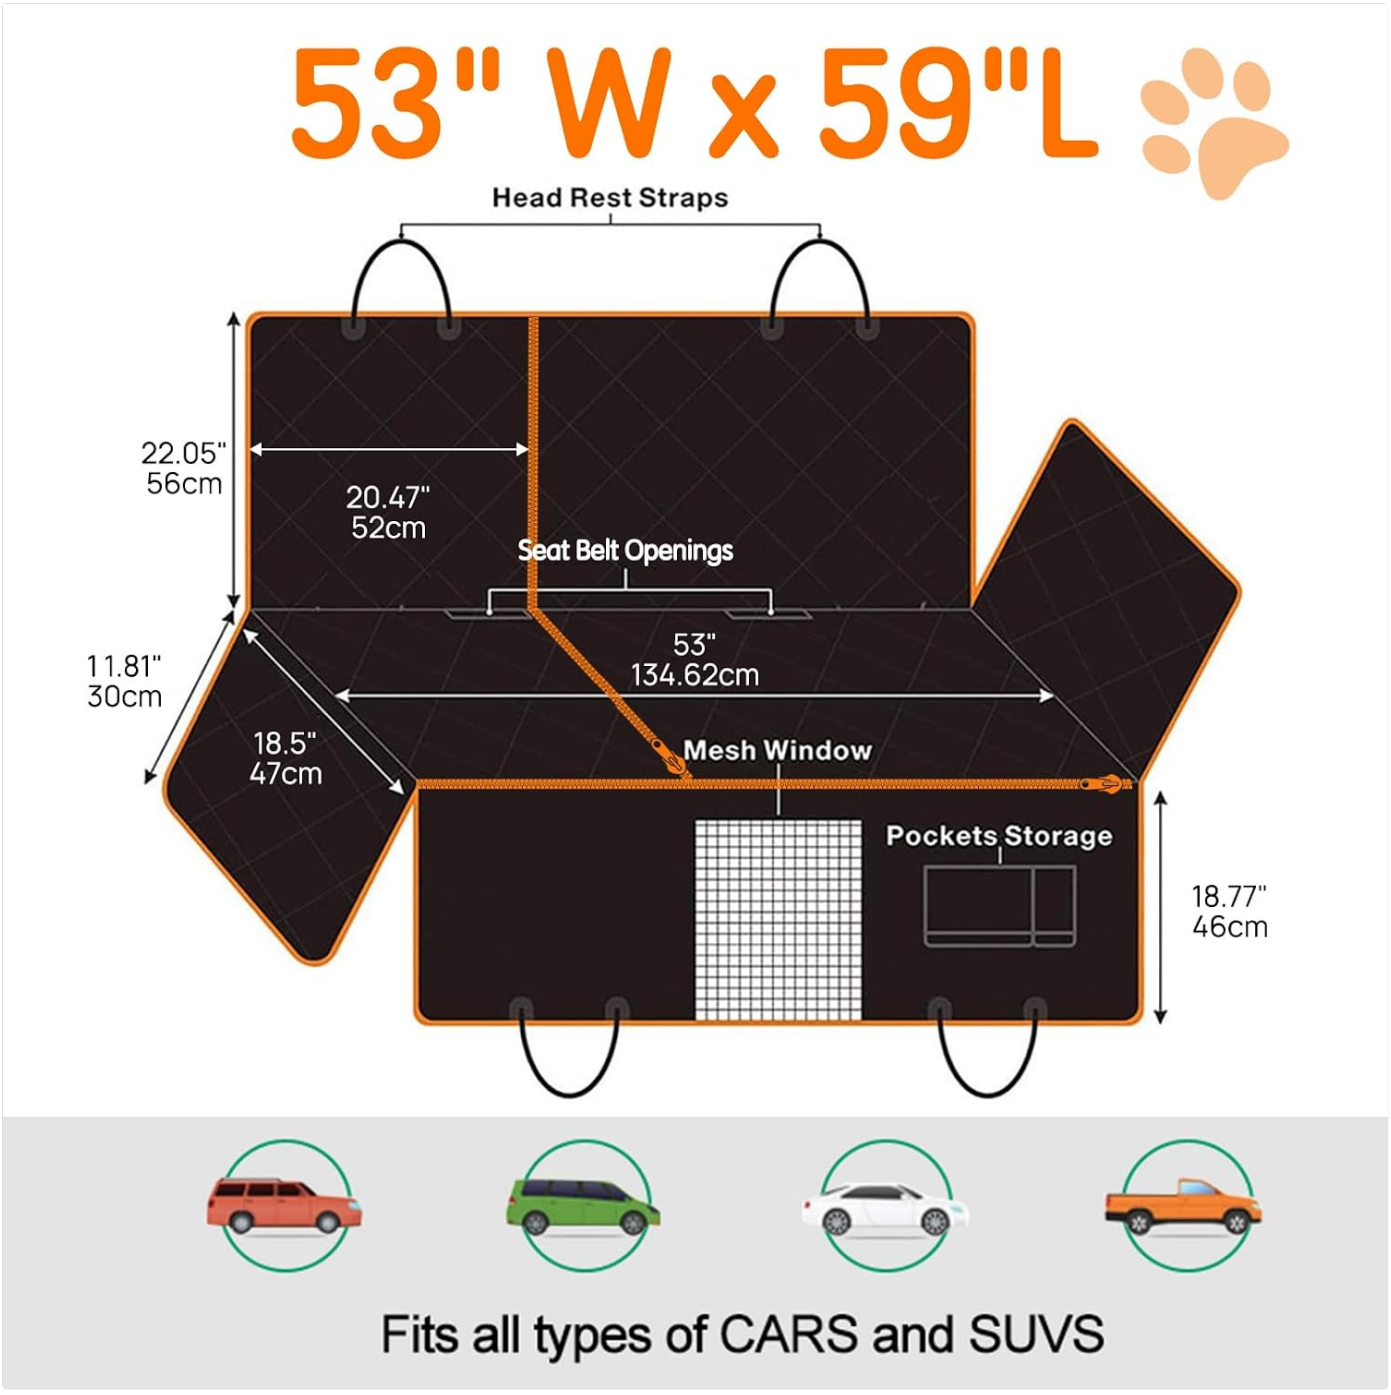


Diagram showing the dimensions of the seat cover: 53 inches wide by 59 inches long, with specific measurements for different sections.

Feature	Detail
Brand	PORIYA
Model Number	US-SC-001
Dimensions	53 inches (W) x 59 inches (L)
