**AKKO MOD007 Multi Modes Mechanical Keyboard**

## Product Information

### Specifications

- **Model:** MOD007B
- **Keyboard Type:** Mechanical
- **Connectivity:** USB, Bluetooth 1, Bluetooth 2, Bluetooth 3, 2.4G Wireless
- **Compatibility:** Windows PC, Mac

### Product Usage Instructions

#### USB Connection

To connect the keyboard to your computer via USB:

1. Plug the USB cable into an available USB port on your computer.
2. The keyboard will start working once connected.

#### Bluetooth Connection

##### To pair Bluetooth devices:

1. Ensure the Bluetooth device is in pairing mode.
2. Press the corresponding Bluetooth key on the keyboard (BT1, BT2, BT3).
3. Follow the on-screen instructions on your device to complete the pairing process.

#### 2.4G Wireless Connection

##### To connect via 2.4G wireless:

1. Insert the wireless receiver into a USB port on your computer.
2. Switch the keyboard to 2.4G mode using the designated key combination.

### FAQ

- **How do I change the backlight settings?**

To adjust backlight settings, use the designated function keys as outlined in the user manual. You can change

brightness levels, colours, and effects using the specified key combinations.

- **How do I switch between modes on the keyboard?**

To switch between different modes (USB, Bluetooth, 2.4G), use the corresponding keys on the keyboard labelled for each mode (e.g., USBUSB, BT1, BT2, BT3, 2.4G).

- **How do I know if the keyboard is connected successfully?**

The indicator lights on the keyboard will provide feedback on the connection status. Refer to the user manual for details on interpreting the indicator light signals.

## **Thank you for supporting AKKO**

To provide you with a better user experience, please read this manual carefully before using the product.

## **Packing List**

## **System Requirement**

Windows®XP / Vista / 7 / 8 / 10 or higher version

## **USB Connection**

Connect the keyboard to your computer by plugging the USB cable into an available USB port to start using it.

## **MOD007B PC Multi-modes RGB User Manua**

## Wireless/Wired Connection Guide

Fn+	E	=	Bluetooth Device 1	 <p>The switch is located under the CAPS key</p>	Top: Mac (built-in power supply on)
	R		Bluetooth Device 2		Middle: Default Windows (built-in power supply off)
	T		Bluetooth Device 3		Bottom: Windows (built-in power supply on)
	Y		2.4G Wireless Device		
	U		Wired Mode		

## Bluetooth Pairing

After turning on the keyboard, press Fn+E/R/T to enter Bluetooth mode. Press and hold the Fn+E/R/T combination key for 3 seconds to put the keyboard in pairing mode, with the red/blue/yellow indicator light flashing quickly. Once the connection is established, the indicator light will stay on for 2 seconds. If the device fails to

connect, the indicator light will turn off and the keyboard will enter sleep mode.

## **2.4G Pairing**

After turning on the keyboard, press Fn+Y to enter 2.4G mode. Then press and hold the Fn+Y combination key for 3 seconds to enter pairing mode. Then insert the receiver, and the indicator light will flash quickly. Once pairing is successful, the LED indicator will stay on for 2 seconds. If no available device is found within 30 seconds, the LED indicator will turn off and the keyboard will enter sleep mode.

## **Battery Level Check**

Press the Fn + Space combination keys to check the battery level. If the battery level is below 30%, the space key will show a red light. If it's between 30-50%, the space key will show an orange light. If it's between 50-70%, the space key will show a purple light. If it's between 70-90%, the space key will show a yellow light. If it's 90-100%, the space key will show a green light.

## **Key/Lighting Effects Customization Instruction**

1. The driver can be connected and lighting and key can be customized under the three working modes of the keyboard
2. The three working modes of the keyboard can be matched to drive the music's rhythm
3. Please download the Akko Cloud driver on our website
4. Users can download the driver via [en.akkogear.com](http://en.akkogear.com).

## **AKKO Warranty and Service Statement**

1. Akko provides a One-Year warranty for customers in mainland China. For other regions, please contact your seller (Akko distributor) for a specific warranty policy.
2. If the warranty window expires, customers need to pay for repairs. Akko will also provide instructions if users prefer to repair the keyboard by themselves. However, users shall take full responsibility for any loss that happens during self-repair.
3. Defects resulting from disassembly of our product, improper usage and incorrect installation are not covered by warranty.
4. The return and warranty policy may vary on different platforms and are subject to the specific distributor at the time of purchase.
