ALITTDRE 7230

ALITTDRE Flowers Building Blocks Sets - Carnation Model 7230 User Manual

Your guide to assembling and caring for your Micro Flower Toys Building Set.

Introduction

Welcome to the world of ALITTDRE Micro Flower Building Blocks! This set allows you to construct a beautiful and detailed Carnation flower bonsai, perfect for office or home decoration. Designed for both adults and children aged 6 and up, this set provides a creative and engaging building experience. The finished model offers a lasting display of floral beauty that never fades.
This instruction manual will guide you through the assembly process, provide care tips, and offer solutions to common questions.

What's Included

Your ALITTDRE Carnation Building Blocks Set includes:

- All necessary micro building block pieces for the Carnation model.
- A decorative pot for the assembled flower.
- Detailed graphical instruction manual (this document).

Setup and Assembly

Follow these steps to assemble your Carnation building block set. It is recommended to work on a clean, flat surface to prevent loss of small pieces.

1. **Unpack Components:** Carefully open the packaging and lay out all the bags of building blocks. Do not open all bags at once unless instructed, as pieces may be sorted by step.
2. **Review Instructions:** Familiarize yourself with the included graphical instruction manual. Pay attention to the color and shape of the micro blocks.
3. **Sort Pieces (Optional but Recommended):** For easier assembly, sort the blocks by color, size, or type. This can significantly speed up the building process.
4. **Assemble the Pot Base:** Begin by constructing the base of the flower pot according to the first steps in the graphical manual. Ensure all connections are firm.
5. **Build the Flower Stems and Leaves:** Proceed to assemble the stems and leaves of the carnation. These often

involve connecting smaller, elongated pieces.

6. **Construct the Flower Petals:** The petals are typically made from multiple small, curved, or flat pieces. Attach them carefully to form the carnation bloom.
7. **Combine and Secure:** Once the flower and pot are separately built, connect the flower assembly to the pot. Ensure it is securely seated and stable.
8. **Final Touches:** Add any remaining decorative elements or small accent pieces as indicated in the final steps of the manual.

Display and Arrangement

Once assembled, your ALITTDRE Carnation building block set is ready for display.

- **Placement:** Place the assembled flower on any flat, stable surface such as a desk, shelf, or windowsill.
- **Grouping:** If you have multiple ALITTDRE flower sets, consider arranging them together to create a larger, more diverse floral display.
- **Creative Integration:** The compact size allows for versatile placement in various settings, adding a touch of color and creativity to any room.

Maintenance and Care

To ensure your ALITTDRE building block set remains in excellent condition:

- **Cleaning:** Dust regularly with a soft, dry cloth or a soft brush. For deeper cleaning, gently wipe with a slightly damp cloth and then dry immediately. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** If disassembling for storage, keep all pieces in a sealed container or bag to prevent loss. Store in a cool, dry place away from direct sunlight to prevent potential discoloration over long periods.
- **Handling:** While durable, avoid dropping the assembled model or applying excessive force, as small connections may loosen.

Troubleshooting

Issue	Possible Cause	Solution

Issue	Possible Cause	Solution
Pieces do not fit together.	Incorrect piece selected or not aligned properly.	Double-check the graphical instructions to ensure you are using the correct piece and aligning it as shown. Apply firm, even pressure.
Missing pieces.	Pieces may be very small and easily overlooked or lost.	Thoroughly check the packaging, work surface, and surrounding area. If pieces are genuinely missing, contact ALITTDRE customer support.
Assembled model is unstable.	Connections are not fully secured.	Review the assembly steps, particularly where sections connect. Press firmly on all connections to ensure they are fully clicked into place.
