ALC AWC05 HD Web Camera User Guide

Web Camera Full HD 1080p
Model AWC05
Quick Start Guide

### Contents

Getting Started

Web camera with built-in 4.5 ft. USB cable

Flexible mounting bracket

Quick Start Guide

Easy Installation

1. Plug the cable from the back of the camera into the USB port of your laptop or monitor.

USB 2.0 connection

2. Screw in the flexible mounting rod into the camera back and bend as needed to rest the camera securely.

3. **Plug & Play Installation**

No need for software drivers or additional software installation, your web camera supports all UVC standards, it will run by itself automatically. (Compatible with Mac OS 10.10 and higher, Windows 7, 8, 10)

NOTE: On certain applications, you might have to select the camera. If asked, choose the following: "UVC Camera". Then, your webcam should work automatically.
