OKD Farmhouse Lift Top Coffee Table with Sliding Door Instruction Manual

Model: 04250616-baec-468b-8ce9-528d3cf8ebfe

1. Introduction

This manual provides detailed instructions for the assembly, operation, maintenance, and troubleshooting of your OKD Farmhouse Lift Top Coffee Table. Please read this manual thoroughly before assembly and use to ensure proper function and longevity of your product.

2. Safety Information

- Ensure all parts are present and undamaged before beginning assembly. Do not proceed with assembly if any parts are missing or damaged.
- Assemble the table on a soft, clean surface to prevent scratches.
- Do not overtighten screws during assembly, as this may damage the wood.
- Keep small parts away from children during assembly.
- Do not stand or sit on the table.
- When lifting the tabletop, ensure hands and fingers are clear of the mechanism to prevent injury.
- Do not place items exceeding 50 lbs on the extended lift-top surface. The overall tabletop can support up to 150 lbs when not lifted.

3. Package Contents

Verify that all components listed in the included Assembly Guide are present. The package typically includes:

- Table panels (top, sides, bottom, shelves, doors)
- Lift-top mechanism hardware
- Sliding door hardware (track, rollers, handles)
- Assembly screws, dowels, and connectors
- Support legs
- Assembly Guide
- Installation Tool (e.g., Allen wrench)

4. Assembly Instructions

Follow the detailed, step-by-step instructions provided in the included Assembly Guide. All parts are numbered for easy identification. Online installation guidance may also be available.

Recommended Tools:

- Phillips head screwdriver (not included)
- Included Installation Tool (e.g., Allen wrench)

Assembly Tips:

- It is recommended that two people assemble this coffee table to ensure stability and ease of handling, especially when attaching the tabletop.
- Lay out all parts and hardware before starting to ensure nothing is missing.
- Do not fully tighten all screws until the entire unit is assembled, then go back and tighten them securely.

Image: Overview of product dimensions (22"D x 47.5"W x 22"H) and weight capacity (Max 50lbs when fully extended). The table can extend to 28" high when lifted. Caution: Do not use the tabletop before it is fully raised to its highest position.

5. Operating Instructions

5.1 Lift-Top Function

The coffee table features a sturdy metal lift mechanism that allows the tabletop to be raised and lowered smoothly. This provides an elevated surface suitable for working, dining, or other activities.

- **To Lift:** Gently pull the front edge of the tabletop upwards. The spring-loaded mechanism will assist in raising the top to its full height (approximately 28 inches). Ensure the top is fully extended before placing items on it for stability.
- **To Lower:** Carefully push the tabletop downwards from the front edge. Guide it slowly until it rests flush with the table base.

Caution: Do not use the tabletop before it is fully raised to its highest position to prevent instability or damage.

Image: The 48-inch large lifting desktop in use, revealing a spacious hidden storage compartment. The image also highlights adjustable shelves within the side cabinets, suitable for items like pillows, notebooks, gaming consoles, blankets, and toys.

5.2 Sliding Door Operation

The coffee table includes a sliding arched door that provides access to the side storage cabinets. The door is equipped with a smooth-gliding rail system.

- **To Open/Close:** Gently slide the door along its track. The design allows for easy access to the cabinet and saves space compared to hinged doors.

Image: Close-up view of the sliding arched door and the adjustable shelf within the cabinet, demonstrating easy access and space-saving design.

5.3 Adjustable Shelves

The side cabinets and middle open cubby feature adjustable shelves, allowing you to customize the storage space according to your needs.

- **To Adjust:** Remove any items from the shelf. Lift the shelf and reposition the shelf pins into the desired holes on the cabinet sides. Ensure the shelf is level and securely seated on all four pins before placing items on it.

Video: This video demonstrates the key features of the OKD 48" Farmhouse Lift Top Coffee Table, including the smooth operation of the lift-top mechanism, the functionality of the sliding arched door, and the versatility of the adjustable shelves for organized storage.

6. Care and Maintenance

- **Cleaning:** Wipe the table surfaces with a soft, damp cloth. Avoid using harsh chemicals, abrasive cleaners, or polishes that may damage the finish.
- **Spills:** Clean spills immediately with a dry cloth to prevent staining or water damage to the engineered wood.

- **Protection:** Use coasters under drinks and placemats under hot items to protect the tabletop surface.
- **Environment:** Avoid exposing the table to direct sunlight, extreme temperatures, or high humidity, as these can cause warping or fading.
- **Hardware:** Periodically check and tighten all screws and fasteners to ensure the table remains stable.

7. Troubleshooting

7.1 Table Wobbles After Assembly

- **Check Legs:** Ensure all four main support legs and the extra center leg are securely attached and evenly tightened. Uneven tightening can cause wobbling.
- **Floor Surface:** Verify that the table is placed on a flat, even surface. Use furniture pads or shims if necessary to level the table on uneven floors.

7.2 Lift-Top Feels Heavy or Uneven

- **Even Lifting:** Always lift or lower the tabletop from the center or by applying even pressure across the front edge. Lifting from one side may cause it to move crookedly.
- **Mechanism Check:** Inspect the lift mechanism for any obstructions or loose connections. Ensure all screws securing the mechanism are tight.
- **Weight Limit:** Avoid placing excessively heavy items on the lift-top when it is extended, as this can strain the mechanism. The extended top supports up to 50 lbs.

7.3 Sliding Door Jumps Off Track

- **Gentle Operation:** Operate the sliding door gently and smoothly. Forceful or rapid sliding can cause the door to dislodge from its track.
- **Track Inspection:** Check the sliding track for any debris or damage. Ensure the rollers on the door are properly seated within the track.

8. Specifications

Feature	Detail
Brand	OKD
Model Number	04250616-baec-468b-8ce9-528d3cf8ebfe
Product Dimensions (D x W x H)	22"D x 48"W x 22"H
Extended Height (Lift-Top)	Up to 28"
Frame Material	Engineered Wood

Top Material Type	Wood
Color	Light Rustic Oak
Table Design	Coffee Table
Special Features	Adjustable Height, Lift Top, Sliding Door, Adjustable Shelves
Number of Shelves	3
Number of Doors	1 (sliding)
Recommended Number of People for Assembly	1 (assistance recommended for top attachment)
