MATTERS NEEDING ATTENTION

- You need a helper to finish the installation.
- Don’t over-tighten the screws until all the parts are in place. Failure to follow the instructions may cause misalignment of the screws.
- DO NOT let children climb the product.
- To avoid suffocation danger, keep small parts and package materials away from children.
- Adult assembly required. Keep children away during the installation.
- Children should not use it without parents’ supervision.
- You could use “corner guard” to protect children from getting hurt by the edges.
- In order to avoid giving you a bad installation experience, please follow the steps in the instruction manual to install and carefully distinguish screws and steel strips.
