| | |
|---------------------|-------------------------------------------------------------------------------------------|
| Model | UCFUHD-SGR |
| Input (Upstream) | 1 x USB-C |
| Output (Downstream) | 1 x HDMI 4K@30Hz, 1 x USB-C 3.1 Gen 1 (5Gbps), 3 x USB-A 3.0 (5Gbps) with BC 1.2 charging |
| Power | Supports BC1.2 on one of the USB-A Ports |
| Warranty | 2 years |

Features

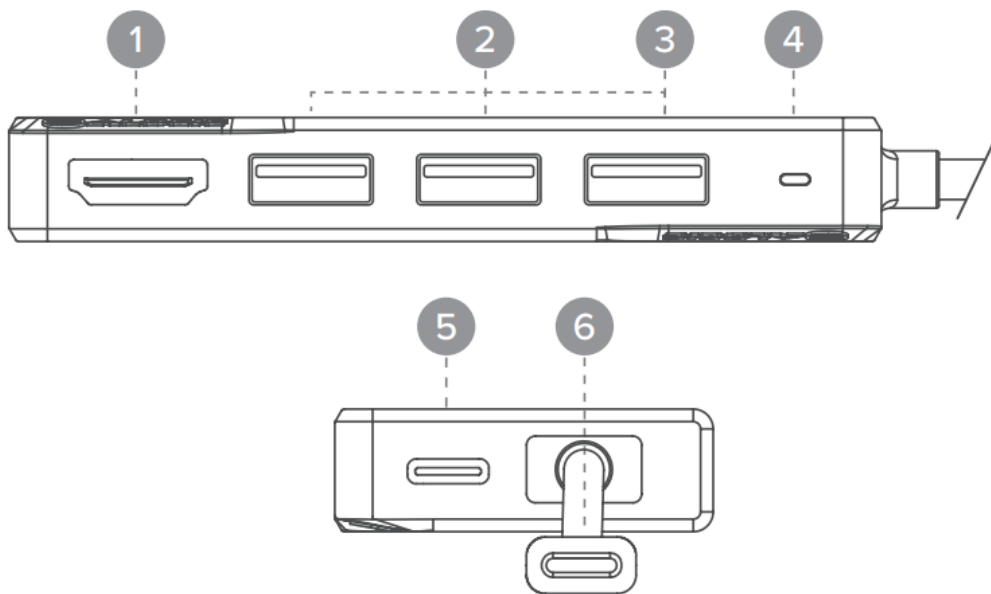

- Features 1 x HDMI 4K@30Hz (or 2K@60Hz), 1 x USB-C (USB 3.1 Gen 1) & 3 x USB-A (USB 3.0) with support for speeds up to 5Gbps and sharing 2A current for charging your mobile devices
- Enables you to mirror or extend the display of your laptop/tablet/phone to a TV, monitor or a projector with up to 4K resolution
- The hub has end to end EMI shielding to eliminate all interference from Wi-Fi and other wireless transmissions
- Can be easily used within your workspace or as a travel hub while working on-the-go
- With a Plug and Play design, there is no need to install any additional software or drivers

Package Contents

- Fusion CORE 5-in-1 Hub
- User Manual

Physical Layout

1. HDMI Port
2. USB Hub
3. USB-A Port with BC1.2
4. LED Indicator
5. USB-C Port
6. USB-C Connector

Operating Instructions

1. Plug in the USB-C connector of your hub into the USB-C port of your iPad Pro, MacBook Pro/Air, or any other USB-C enabled device. With a Plug and Play design, the hub will work automatically without needing additional drivers or software to be installed.
2. Connect your existing cables and accessories like your monitor, mouse or USB flash drive to the respective ports on the hub.
3. If charging a device while connected to your hub, ensure that you connect it to the USB-A port which is equipped with BC1.2.

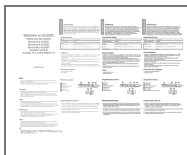

FCC Warning

This device complies with Part 18 of the FCC rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause UNDESIREDD OPERATION.

NOTE: Any changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment
