Garvee SX-GV-ZDP

Garvee 10x10 Pop Up Canopy Tent Instruction Manual

Model: SX-GV-ZDP

1. Introduction

Thank you for choosing the Garvee 10x10 Pop Up Canopy Tent. This manual provides essential information for the safe and efficient setup, operation, and maintenance of your canopy. Please read these instructions carefully before assembly and retain them for future reference.

This 10x10 ft pop-up canopy tent offers 100 square feet of shade, providing ample room for various outdoor activities while protecting from sun and light rain. It features an upgraded central lock system for easy installation and a durable, waterproof, and UV-protective fabric.

2. Safety Information

- Always ensure the canopy is securely anchored to the ground using stakes and ropes, especially in windy conditions.
- Avoid assembling or leaving the fully assembled canopy in adverse weather conditions, including strong winds, heavy rain, or snow.
- Keep the canopy away from heat sources and open flames to prevent fire hazards.
- Do not use the canopy as a permanent structure. It is designed for temporary outdoor use.
- Ensure all locking mechanisms are fully engaged during setup and before use.

3. Package Contents

Please verify that all components are present before beginning assembly:

- Pop-Up Canopy Frame (Alloy Steel)
- Canopy Top Fabric (210D Oxford fabric with silver coating)
- 3 Sidewalls (Gray)
- Carrying Bag
- Stakes and Ropes (for anchoring)

4. Setup Instructions

The Garvee Pop Up Canopy Tent is designed for easy, one-person setup. Follow these steps for quick assembly:

1. **Step 1: Open the Canopy Frame**
   Place the folded canopy frame in the desired location. With a partner or by yourself, gently pull the outer legs of the frame outwards, partially expanding the frame.
2. **Step 2: Attach the Canopy Top**
   Unfold the canopy top fabric and drape it over the partially opened frame. Secure the corners of the fabric to the frame's corners using the attached fasteners (e.g., Velcro straps). Ensure the fabric is centered and evenly distributed.
3. **Step 3: Fully Extend the Frame**
   Stand inside the canopy frame. Locate the central lock mechanism. Press the central lock upwards until it clicks into place, fully extending the canopy frame. This system allows for quick and secure setup.
4. **Step 4: Adjust Height**
   Each canopy leg has 3 height adjustment holes. Press the push-button on each leg and extend it to your desired height. Ensure all four legs are set to the same height for stability.
5. **Step 5: Attach Sidewalls (Optional)**
   If using the sidewalls, attach them to the canopy frame using the provided fasteners (e.g., zippers, Velcro).
6. **Step 6: Secure the Canopy**
   Use the provided stakes and ropes to anchor the canopy legs and corners to the ground. This is crucial for stability, especially in outdoor conditions.

Image: The canopy illustrating its three adjustable height settings, with measurements indicating 5.9 FT, 6.23 FT, and 6.56 FT.

5. Operating Instructions

Once set up, the Garvee Pop Up Canopy Tent provides a versatile shelter for various outdoor needs.

- **Height Adjustment:** The canopy legs feature a push-button mechanism for quick height adjustments. Select one of the three available height settings to suit your specific requirements.
- **Shade and Protection:** The 10x10 ft canopy offers 100 square feet of shade. The 210D Oxford fabric with a silver coating provides UPF 50+ UV protection and is waterproof, offering protection from both sun and light rain.
- **Sidewall Use:** The included sidewalls can be attached to provide additional privacy, wind protection, or sun blockage as needed.

Image: A close-up of the canopy fabric with water droplets and sun rays, highlighting its waterproof and UV protection capabilities.

6. Maintenance

Proper maintenance will extend the life of your Garvee Pop Up Canopy Tent:

- **Cleaning:** Clean the canopy fabric with mild soap and water. Do not use harsh detergents or abrasive cleaners. Rinse thoroughly and allow to air dry completely before storage.
- **Drying:** Always ensure the canopy fabric is completely dry before folding and storing to prevent mildew and mold growth.
- **Storage:** Store the canopy frame and fabric in the provided carrying bag in a cool, dry place, away from direct sunlight and extreme temperatures.
- **Frame Inspection:** Periodically inspect the alloy steel frame for any signs of damage, rust, or loose connections. Tighten any loose bolts or screws as needed.

7. Troubleshooting

If you encounter issues with your canopy, refer to the following common solutions:

- **Canopy not opening smoothly:** Ensure the frame is not obstructed by any debris or tangled fabric. Gently wiggle the frame while expanding to help it slide.
- **Legs not locking into place:** Verify that the push-buttons on the legs are fully depressed and that the legs are extended until they click into one of the height adjustment holes.
- **Canopy unstable:** Confirm that all legs are set to the same height and that the canopy is properly anchored with stakes and ropes. Avoid using in high winds.
- **Water pooling on canopy top:** Ensure the canopy fabric is taut and properly secured to the frame. Adjust the height if necessary to create sufficient slope for water runoff.

8. Specifications

Feature	Specification
Brand	Garvee

Feature	Specification
Model Number	SX-GV-ZDP
Material	Oxford fabric, Alloy Steel
Color	Gray
Item Weight	39.9 Pounds
Item Dimensions (L x W x H)	120"L x 120"W x 79"H (10x10 ft base)
