Safety Information

WARNING: CHOKING HAZARD - Small Parts. Not for children under 3 years. This product contains small components that may pose a choking risk if swallowed. Adult supervision is recommended during assembly, especially for younger builders.

Setup and Assembly

The Reobrix F-14 Fighter Jet Model Kit 33032 includes 1443 building blocks, a set of stickers, and a comprehensive instruction booklet. Follow the step-by-step instructions provided in the booklet for a smooth assembly process.

Preparation:

- Unpack all components and verify against the parts list in the instruction booklet.
- Organize blocks by size or color to facilitate easier identification during assembly.
- Ensure you have a clean, well-lit workspace.

Assembly Steps:

1. Begin by following the numbered steps in the instruction booklet. Each step illustrates the blocks required and their placement.
2. Pay close attention to the orientation of each block and ensure secure connections.
3. Apply the provided stickers as indicated in the manual to enhance the model's detail and authenticity.
4. The assembly process involves constructing the main fuselage, wings, tail fins, cockpit, and landing gear.
5. Attach the various missile accessories to the designated points on the underside of the wings and fuselage.

Operating Features

Once assembled, your Reobrix F-14 Fighter Jet model offers several interactive features:

- **Movable Wings:** The wings can be swept back and forth, simulating the variable-sweep wing mechanism of the real F-14.
- **Retractable Landing Gear:** The landing gear can be stowed into the fuselage or extended for display, mimicking take-off and landing configurations.
- **Openable Cockpit Cover:** The cockpit canopy can be opened, allowing a view of the interior details.
- **Detachable Missiles:** The various missile accessories can be attached and detached from the model.

Maintenance

To ensure the longevity and appearance of your Reobrix F-14 Fighter Jet model, follow these maintenance guidelines:

- **Cleaning:** Gently dust the model regularly with a soft, dry cloth or a soft-bristled brush to remove accumulated dust. Avoid using harsh chemicals or abrasive materials.
- **Storage:** Store the model in a cool, dry place away from direct sunlight and extreme temperatures to prevent material degradation or discoloration.
- **Handling:** Handle the model with care, especially when adjusting movable parts like the wings or landing gear, to prevent accidental detachment or damage to components.

Troubleshooting

Should you encounter any issues during or after assembly, consider the following common solutions:

- **Missing or Wrong Parts:** If you discover any missing or incorrect parts, please contact Reobrix customer support immediately for assistance. Refer to the parts list in your instruction booklet.
- **Loose or Detaching Components (e.g., Wings):** Ensure all connections are firmly pressed together. Some parts, particularly the movable wings, may require careful handling due to their design. Re-examine the assembly steps for those sections to confirm correct placement.
- **Unclear Instructions:** Review the instruction booklet carefully. Pay close attention to the visual diagrams, piece counts, and specific connection points. Sometimes, rotating a piece or re-examining the previous steps can clarify the current one.
- **Stickers Not Adhering:** Ensure the surface is clean and dry before applying stickers. Press firmly to secure them.
