## Operation Instructions

### Types of Precautions

 <b>Prohibited</b>	Indicates a prohibited action (must not be performed).
 <b>Prohibited</b>	Indicates that disassembly is prohibited.
 <b>Mandatory</b>	Indicates a mandatory operation (must be performed).
	Indicates that it should draw your close attention.

### Warning

**In case of problems, please stop using the device immediately.**

Continued use may result in personal injury or damage to the product. Please return the product to the authorised Alpine dealer or nearby Alpine service center for repair.

**The product is only suitable for 12V negative-grounded vehicles.**

Use within other types of vehicles may create a fire or electrical hazard.

**Please contact a professional for wiring and installation.**

This product requires professional expertise to wire and install. Please contact the dealer from whom you bought the product to install it safely.

**Please do not disassemble or refit.**

Doing so may result in product damage, fire or electrical hazard.

**Small items like bolts or screws must be kept out of the reach of children.**

If ingested, please seek Immediate medical attention to avoid serious injury.

**Please do NOT use functions that may distract you while driving.**

Any device function that may influence your attention must be used only when the vehicle is stopped completely. To use these functions, make sure to stop your vehicle in a safe area first. Otherwise, it may result in an accident.

**While driving, you must maintain the volume at a level that allowsth outside noise to remain audible.**

It is very dangerous not to hear an emergency vehicle alarm or road warning signal (such as a railway crossing) and may result in an accident. Moreover, excessively loud volume may create permanent hearing damage or hearing loss.

**Caution**

**Product maintainance**

Please regularly clean the item with a soft, dry cloth. For tough stains, use only water to dampen the cloth as other solvents may result in dissolution.

**Temperature**

Before starting the device, please ensure that the temperature inside the vehicle is between +60°C and -20°C.

**Repair**

In the case of a problem, please do not attempt to repair the product yourself. Please return the product to the authorised Alpine dealer or Alpine service center.

**System matching**

This product is specially designed for Tesla cars and is not suitable for other vehicles.

**Installation environment**

The device cannot be installed at the following locations:

- Under direct sunlight or near a source of heat.
- With high humidity or near a source of water.
- Dusty environments.
- Environments with violent vibration.

## Components

Woofers	Tweeter
	
× 3	× 1

## Specifications

Woofers	4" (165mm) Woven carbon fibre cone
Tweeter	1" (25mm) Teteron soft-dome
Single body diameter	Woofers: 102mm Tweeter 41mm
Alto screw hole spacing	1:98.6mm 2:81.7mm
Installation diameter	Woofers 92mm Tweeter: 49mm
Installation depth/plug-in installation	Woofers 44mm Tweeter: 10.6mm
Installation height	Woofers 5.8mm Tweeter: 15.2mm
Unit weight	Woofers 219g Tweeter: 64g
Maximum rated power (RMS)	40W
Maximum peak power (Peak)	160W
Impedance	4Ohm (DCR 3Ohms)
Sensitivity	90dB SPL (1W @ 1m)
Frequency response	100Hz – 20kHz
Resonance frequency	100Hz
