Einhomn Queen Size Floating Bed Frame with LED Headboard and Charging Station Manual

Model: 100326C1

Sections:

Introduction Safety Information Package Contents Assembly Instructions Operating Instructions Maintenance Troubleshooting Specifications Warranty & Support

1. Introduction

Thank you for choosing the Einhomn Queen Size Floating Bed Frame. This bed frame is designed to provide a unique aesthetic with its floating appearance, integrated LED lighting, and convenient charging station. This manual will guide you through the assembly, operation, and maintenance to ensure safe and optimal use of your new bed frame.

2. Important Safety Information

Please read all instructions carefully before assembly and use. Failure to follow these safety guidelines may result in injury or damage to the product.

- **Weight Limit:** Do not exceed the weight limit of 1,000 pounds for this bed frame.
- **Electrical Components:** Keep all electrical components (charging station, LED light strips) dry and away from flammable materials.
- **Adult Use:** This bed frame is intended for adult use only. Do not use with children or infants without proper supervision.
- **Assembly:** Ensure all bolts and screws are securely tightened before use. Periodically check and re-tighten fasteners.
- **Placement:** Place the bed frame on a level surface to prevent instability.
- **Cleaning:** Disconnect power to the charging station and LED lights before cleaning.

3. Package Contents

Before beginning assembly, verify that all parts are present and undamaged. If any parts are missing or damaged, please contact Einhomn customer support.

- 1 x Metal Bed Frame (various components)

- 1 x Wooden Headboard
- 1 x Charging Station (with Type A&C ports and 2 USB ports)
- 1 x LED Light Strip (2 x 6ft for headboard, 21ft for under-bed)
- 1 x Remote Control for LED Lights
- 1 x Installation Manual
- Hardware Pack (screws, bolts, tools)

4. Assembly Instructions

Assembly typically requires two adults and approximately 1-2 hours. Please follow the step-by-step instructions provided in the included Installation Manual. Below are general steps and helpful tips.

4.1 Preparation

- Clear a spacious area for assembly.
- Lay out all components and hardware.
- Keep the included Installation Manual handy for detailed diagrams.

4.2 General Assembly Steps

1. **Assemble the Headboard:** Attach the headboard components as per the manual's diagrams.
2. **Construct the Bed Frame:** Connect the side rails and support beams to form the main bed frame structure.
3. **Install Slats:** Secure the heavy-duty metal slats into the frame. Ensure the EVA foam is correctly positioned to prevent noise.
4. **Attach Legs:** Install the 9 thick support legs, ensuring protective foot pads are in place.
5. **Integrate Charging Station:** Mount the charging station into the designated slot on the headboard.
6. **Apply LED Light Strips:** Secure the LED light strips using the pre-attached Velcro to the headboard and under the bed frame.
7. **Final Check:** Verify all connections are tight and the frame is stable.

5. Operating Instructions

5.1 LED Lighting System

The integrated LED light strips offer customizable ambiance for your bedroom. They can be controlled via the included remote control or a dedicated smartphone application.

- **Power On/Off:** Use the power button on the remote or in the app to turn the lights on or off.

- **Color Selection:** Choose from over 6000 colors using the color wheel in the app or preset buttons on the remote.
- **Brightness Adjustment:** Adjust the light intensity to your preference.
- **Music Mode:** The lights can synchronize with music played through your device, creating dynamic lighting effects.
- **Microphone Mode:** The lights can react to sounds detected by your device's microphone.
- **Timing Function:** Set schedules for the lights to turn on or off automatically.
- **Self-Choice Light Function:** Customize and save your preferred lighting settings.

5.2 Charging Station

The headboard features a built-in charging station for your electronic devices.

- **Power Outlets:** Two standard 110V/12A AC outlets are available for larger electronics.
- **USB Ports:** Two 5V/2A USB ports (Type A & C) are provided for charging smartphones, tablets, and other USB-powered devices.
- **Power Cord:** The charging station is equipped with a 6-foot power cord for connection to a wall outlet.

Image: A close-up view of the practical fast charging station integrated into the headboard, showing two AC outlets and two USB ports (Type A & C) in use, charging a tablet and other devices.

6. Maintenance

- **Cleaning:** For the wooden and metal surfaces, use a soft, dry cloth. For stubborn marks, a slightly damp cloth with mild soap can be used, followed by immediate drying. Do not use harsh chemicals or abrasive cleaners.
- **Electrical Components:** Ensure the charging station and LED lights remain dry. Disconnect power before cleaning.
- **Fasteners:** Periodically check all bolts and screws and re-tighten them as necessary to maintain stability and prevent noise.
- **LED Strips:** If LED strips become loose, re-secure them using the Velcro.

7. Troubleshooting

7.1 LED Lights Not Working

- **Check Power:** Ensure the bed frame's power cord is securely plugged into a working wall outlet.
- **Remote Battery:** Replace the battery in the remote control if it's unresponsive.
- **App Connection:** Verify your smartphone app is correctly paired with the LED lights via Bluetooth or Wi-Fi (refer to the app's instructions).
- **Strip Connection:** Check if the LED light strips are securely connected to their power source and to each other.

7.2 Charging Station Not Functioning

- **Power Connection:** Confirm the bed frame's main power cord is plugged in and the wall outlet is active.
- **Device Compatibility:** Ensure your device is compatible with the charging station's voltage and amperage (5V/2A for USB, 110V/12A for AC outlets).
- **Cable Integrity:** Try a different charging cable to rule out a faulty cable.

7.3 Squeaking or Noise

- **Tighten Fasteners:** Re-tighten all assembly bolts and screws. Loose connections are a common cause of noise.
- **Check Slats:** Ensure all metal slats are properly seated and the EVA foam is intact to prevent metal-on-metal contact.
- **Level Surface:** Verify the bed frame is on a level floor. Uneven surfaces can cause stress and noise.

8. Specifications

Feature	Detail
Model Number	100326C1
Size	Queen
Product Dimensions (L x W x H)	86.21" x 60.24" x 38.19"
Weight Capacity	1000 lbs
Material	Steel, Wooden
Color	Black
Headboard Material	Wood
Charging Station	2 x 110V/12A AC Outlets, 2 x 5V/2A USB Ports (Type A & C)
LED Light Strip Length	Approx. 27 ft (2x 6ft for headboard, 21ft for under-bed)
Special Features	Fast Charging Station, RGB LED Lights, Remote/APP Control, Squeak Resistant, Wooden Ergonomic Headboard
Assembly Required	Yes
Product Care	Dry Clean Only (referring to fabric components, for frame wipe clean)

Answered questions about this manual

Where does the round connector for the LED lights plug into on the Einhomn King Size Bed Frame (Model 956D1)?

Based on the Einhomn bed frame configuration, the round connector you are describing is likely the DC power input for the LED control box. Here is how to locate where it plugs in: Check...
