ALRAM ADC-W115C Smart Chime

Product Information

The ADC-W115C Smart Chime is a wireless doorbell chime and Wi-Fi repeater in one, designed to simplify doorbell camera installations and improve customer satisfaction. Its 2.4 GHz Wi-Fi repeater extends Wi-Fi signals to the home exterior, ensuring signals reach building exteriors and boosting connectivity for other [Alarm.com](https://www.alarm.com) Wi-Fi devices. The Smart Chime supports multiple doorbells or other [Alarm.com](https://www.alarm.com) Wi-Fi devices and connects to Alarm.com for remote troubleshooting and firmware upgrades. With customizable chime tones and adjustable chime volume, customers can personalize their experience for added convenience. The Smart Chime is compatible with the Alarm.com Video Doorbell, Wireless Video Doorbell, and Skybell products.

Product Usage Instructions

1. Plug the ADC-W115C Smart Chime into an electrical outlet.
2. Connect your mobile device to Smart Chime's Wi-Fi network.
3. Open the Alarm.com app and follow the instructions to add Smart Chime to your account.
4. Customize your chime tone and adjust the chime volume to your preference.
5. Connect your doorbell camera or other Alarm.com Wi-Fi devices to Smart Chime's Wi-Fi network.
6. If you experience connectivity issues or need to troubleshoot, connect to [Alarm.com](https://www.alarm.com) for remote assistance.
7. Upgrade firmware as necessary through the [Alarm.com](https://www.alarm.com) app to ensure the Smart Chime is functioning at optimal performance.
