3. Setup and Assembly Instructions

Assembly of the DERCASS Murphy Bed requires careful attention to detail. Follow the step-by-step instructions provided in the included Installation Manual. It is recommended to have at least two people for assembly.

1. **Unpack and Identify Parts:** Carefully unpack all packages and lay out components on a clean, soft surface to prevent scratches. Identify each part using the labels and diagrams in the Installation Manual.
2. **Assemble the Cabinet Frame:** Begin by assembling the main cabinet structure, including the side bookshelves, according to the manual.
3. **Install Bed Mechanism:** Attach the folding bed mechanism to the cabinet frame as instructed. Pay close attention to the orientation of parts.
4. **Attach Bed Frame and Slats:** Assemble the bed frame and install the wooden slats. These slats provide support for your mattress, eliminating the need for a box spring.
5. **Secure to Wall:** This is a critical step. Securely anchor the assembled Murphy bed cabinet to a wall stud or appropriate structural support using the provided wall mounting hardware. This prevents the unit from tipping over.
6. **Final Adjustments:** Once assembled and secured, test the folding and unfolding mechanism to ensure smooth operation.
