4. Setup and Assembly Instructions

Follow these step-by-step instructions to assemble your ENJBRICK Gilmore House.

4.1 Preparation

1. Clear a well-lit, flat, and stable workspace.
2. Open the instruction manual and familiarize yourself with the overall building process.
3. Locate the numbered bags of building blocks. Do not open all bags at once; open them as instructed in the manual.

4.2 Step-by-Step Assembly

Refer to the included instruction manual for detailed, visual, step-by-step guidance. Each step will indicate which numbered bag to open and which pieces to use.

- **Base Construction:** Begin by assembling the base of the house and the ground floor structure.
- **Interior Details:** As you build each floor, add the interior furniture and fixtures as shown in the manual.
- **Second Floor:** Construct the second floor and its interior elements.
- **Roof Assembly:** Attach the roof sections securely.
- **Exterior Landscaping:** Complete the model by adding the garden and other exterior details.

5. Usage and Display

Once assembled, your ENJBRICK Gilmore House is ready for display or imaginative play.

- **Display:** Place your completed model on a stable, flat surface such as a shelf, desk, or display cabinet.
- **Interaction:** The modular design allows for easy access to the interior by removing the upper floor and roof sections, facilitating interactive play with the detailed rooms and furniture.
- **Care:** Avoid placing the model in direct sunlight or extreme temperatures to prevent material degradation or

discoloration.

6. Maintenance

Proper care will ensure the longevity and appearance of your building set.

- **Cleaning:** To clean the model, gently wipe with a soft, dry cloth. For stubborn dust, a slightly damp cloth can be used, followed by immediate drying. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** If disassembling for storage, keep all pieces in a sealed container to prevent loss and protect from dust.
- **Handling:** Handle the assembled model with care to prevent pieces from detaching.

7. Troubleshooting

Common issues and their solutions.

Problem	Solution
Missing or damaged parts	Review the package contents list. If parts are genuinely missing or damaged, contact ENJBRICK customer support with details of the missing/damaged part and your purchase information.
Pieces do not fit together	Ensure you are using the correct pieces for the current step as indicated in the instruction manual. Verify the orientation of the pieces. Apply gentle, even pressure. Do not force pieces together.
Model is unstable	Double-check all connections according to the instruction manual. Ensure all pieces are fully pressed into place. Re-examine the base structure for any missed steps.
