Paladone One Piece Straw Hat Posable Desk Light User Manual

Model: PP14468OPNF

1. Setup

Follow these steps to set up your Paladone One Piece Straw Hat Posable Desk Light:

1. **Unpack the Device:** Carefully remove all components from the packaging. Ensure you have the desk light unit and the integrated USB power cable.
2. **Connect Power:** Insert the USB connector of the integrated cable into a compatible USB power source (e.g., a USB wall adapter, computer USB port, or power bank). The light requires 5 Volts.
3. **Position the Lamp:** Place the desk light on a stable, flat surface. The flexible arm allows for adjustment of the light direction.

The Paladone One Piece Straw Hat Posable Desk Light is packaged in a yellow box featuring the product image and branding.

2. Operating Instructions

Operating your desk light is straightforward:

1. **Power On/Off:** Locate the push button switch, typically on the base of the lamp. Press the button once to turn the light on, and press it again to turn it off.
2. **Adjusting the Light:** The lamp features a flexible, posable arm. Gently bend the arm to direct the light to your desired area. Avoid excessive force or sharp bends to prevent damage.

The desk light features a straw hat-shaped lamp head with a flexible arm, illuminating a warm glow.

3. Maintenance

To ensure the longevity and proper function of your desk light, follow these maintenance guidelines:

- **Cleaning:** Disconnect the lamp from its power source before cleaning. Use a soft, dry cloth to wipe down the lamp. Do not use abrasive cleaners, solvents, or excessive moisture, as these can damage the plastic material and electronic components.
- **Storage:** When not in use for extended periods, store the lamp in a cool, dry place away from direct sunlight and extreme temperatures.
- **Cable Care:** Regularly inspect the USB power cable for any signs of damage. If the cable is damaged, discontinue use and replace it with a suitable alternative if possible, or contact support.

4. Troubleshooting

If you encounter issues with your desk light, refer to the following troubleshooting steps:

- **Light Does Not Turn On:**
  - Ensure the USB cable is securely connected to both the lamp and the power source.
  - Try plugging the USB cable into a different USB power source to rule out a faulty outlet or adapter.
  - Verify that the power button is functioning correctly by pressing it firmly.
- **Light Flickers or is Dim:**
  - Check the power source; an unstable power supply can cause flickering.
  - Ensure the USB cable is not damaged or kinked.
- **Arm Does Not Hold Position:**
  - The arm is designed to be posable. If it does not hold its position, ensure it is not overextended or bent at an extreme angle.
  - Repeated forceful adjustments may reduce the arm's ability to hold position over time.

If these steps do not resolve the issue, please contact customer support.
