#### Installation

- Installation must be carried out by a qualified electrician in accordance with local regulations.
- Keep the device out of the reach of children.
- Keep the device away from water, damp, or hot environments.
- Install the device away from strong signal sources such as microwave oven that may cause signal interruption resulting in abnormal operating of the device.
- Obstruction by a concrete wall or metallic materials may reduce the effective operating range of the device and should be avoided.
- Do NOT attempt to disassemble, repair or modify the device.

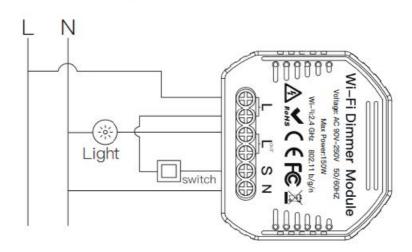

## **Technical Specifications**

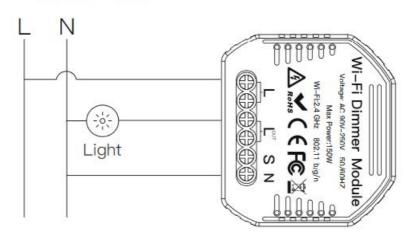

Product type	Wi-Fi Dimmer Module
Voltage	90-250 V AC
Max Power	150 W
Wi-Fi frequency	2.4 GHz Wi-Fi
Operation temp.	-10 °C – +40 °C
Case temp.	Tc: +80 °C (Max.)
Operation rage	≤ 200 m
Dims (W×D×H)	52×47×18 mm
IP rating	IP20

### Wiring Diagram

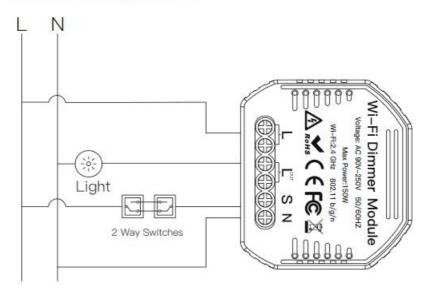

## 1. With one switch

## 2. Without switch

#### 3. With 2 Way switches

#### Wiring Instructions and Diagrams

- 1. Turn off the power supply before carrying out any electrical installation work.
- 2. Connect wires according to the wiring diagram.
- 3. Insert the module into the junction box.
- 4. Connect the power supply and follow switch module configuration instructions.

**Notes:** Put your smartphone close to the switch module when you are configuring it and make sure you have min. 50 % Wi-Fi signal.

#### **FAQ**

Q1: What should I do if I cannot configure the switch module?

- Please check whether device is powered on.
- Make sure your mobile and switch module are under the same 2.4 GHz Wi-Fi network.
- Whether it is in good internet conditions.
- · Make sure the password entered in App is correct.

Q2: What device can be connected to this Wi-Fi switch module?

Most of your household electrical appliances can be, such as lamps, laundry machine, coffee maker, etc.

Q3: What happens if the Wi-Fi goes off?

You can still control the device connected to the switch module with your traditional switch and once the Wi-Fi is active again the device will automatically connect to it.

Q4: What should I do if I change the Wi-Fi network or change the password?

You must re-connect our Wi-Fi switch module to the new Wi-Fi network according to the App User Manual.

Q5: How do I reset the device?

Power on/off device 10 times until the beeper on the module sounds continuously.

#### **Manual Override**

The switch module terminal reserves the access of manual override function for the end-user to switch on/off. Switch on/off for permanent on/off function.

#### Notes:

1. Both the adjustment on App and switch can be reset, the last adjustment remains in memory.

2. The App control is synchronized with the manual switch.

#### App user manual

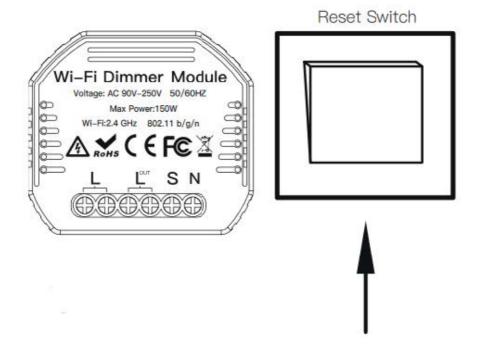

#### iOS / Android App

- Scan the QR code to download Smart Life App. You can also search for keyword "Smart Life" on AppStore or Google Play to download the App.
- Log in or register your account with your mobile number or e-mail address. Type in the verification code sent to your mobile phone or e-mail, then set your login password. Click "Create Family" to enter the app.

• Note: This smart switch module can only be used with reset switch.

After the wiring of switch module is done, press the return button switch 10 times (keep time interval not too short) until the beep sounds continuously and rapidly as Di-Di-Di... for pairing mode.

- Open the App, select "+" on the top right, and choose "Switch (Wi-Fi)" to add a device.
- Make sure your smartphone and Wi-Fi switch module is under the same Wi-Fi network at 2.4 GHz frequency. Confirm when the light blinks rapidly (twice a second).

- The connection will take about 10-120 seconds to complete depending on your network condition.
- When pairing is done, the Dimmer will be shown in the App, and you will be able to change the device name to your own taste.

- Connect to Amazon Alexa or Google Assistant for voice control, or to share the device with your family and friends.
- Enjoy your smart life of home automation for control of the lights by using our All-in-one mobile App wherever you are or simply for comfortable voice control.
