Wall Anchor

ø6x30mm  
**E** x12

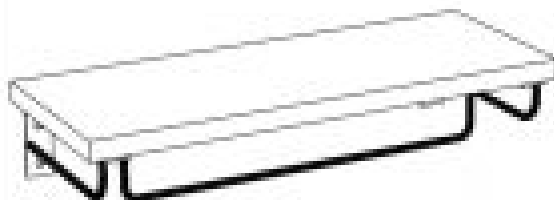

### ⚠ CAUTION!

This wall anchor **[E]** is for concrete or brick walls ONLY. DO NOT use them in drywall or wood studs.

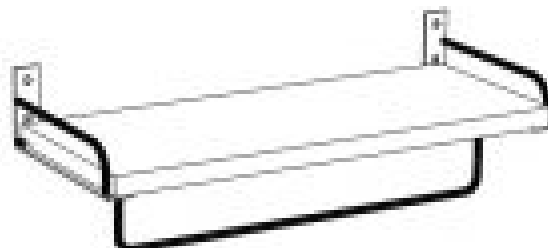

### Step 1 Secure the Metal Frame [01], [02] and [03] to the Wood Board [04]

There are 2 installation options while attaching the metal frame on the wood board, you can choose the installation method according to your needs.

Option A:

Option B:

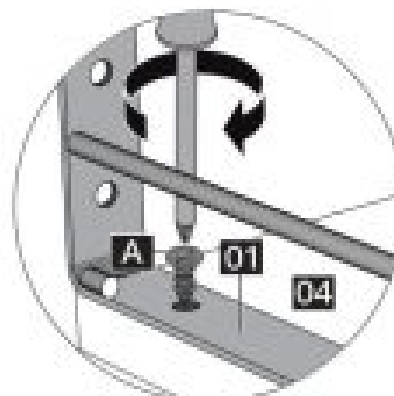

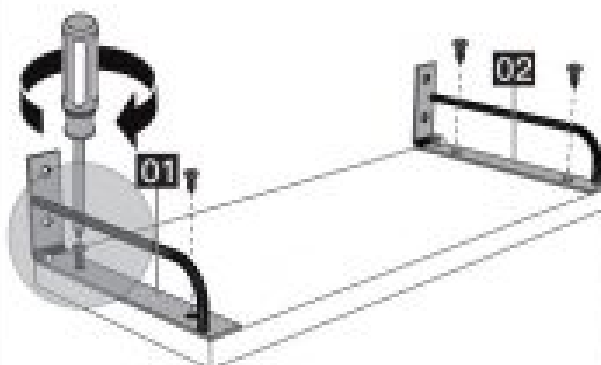

#### For Option A Installation

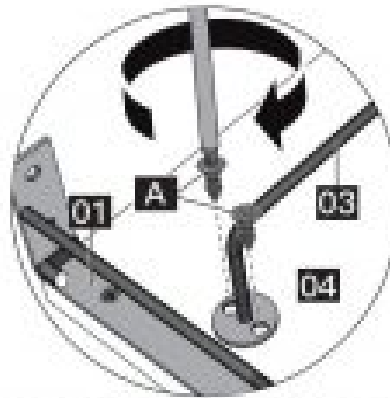

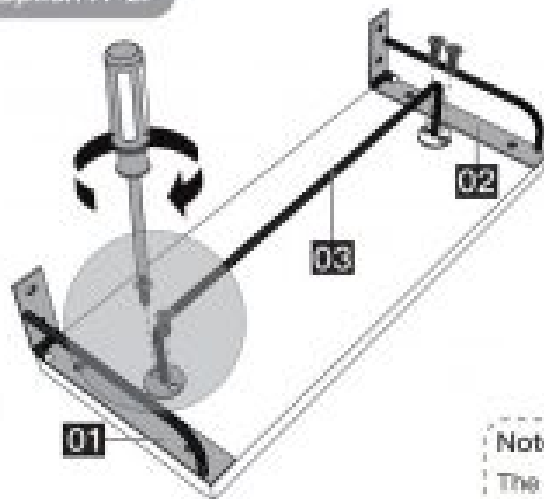

Option A-1:

##### Caution:

The metal frame [01] and [02] should be secured along the side of the wood board. Otherwise the towel rack [03] can not be fixed on the large wood board.

Option A-2:

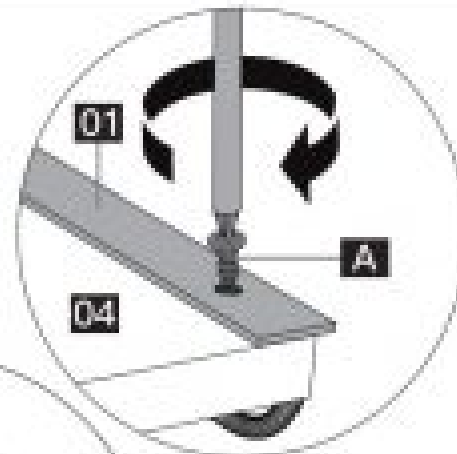

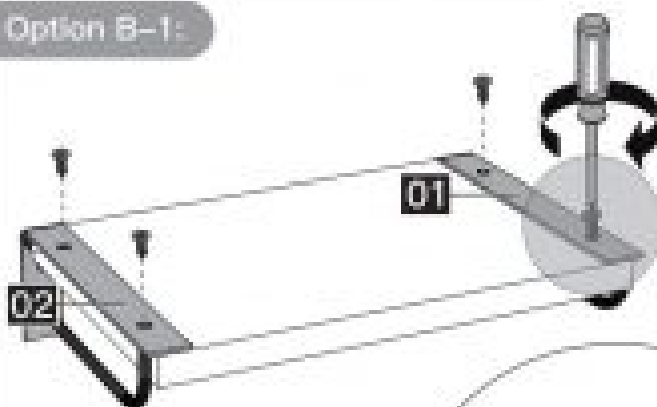

Please refer to method of the Option A-1 to secure the towel rack [03] on the wood board

Note:

The towel rack [03] is only suitable for the largest wood board. For better to install the wood board on wall, you need to attach the towel rack [03] on the center location of the largest wood board.

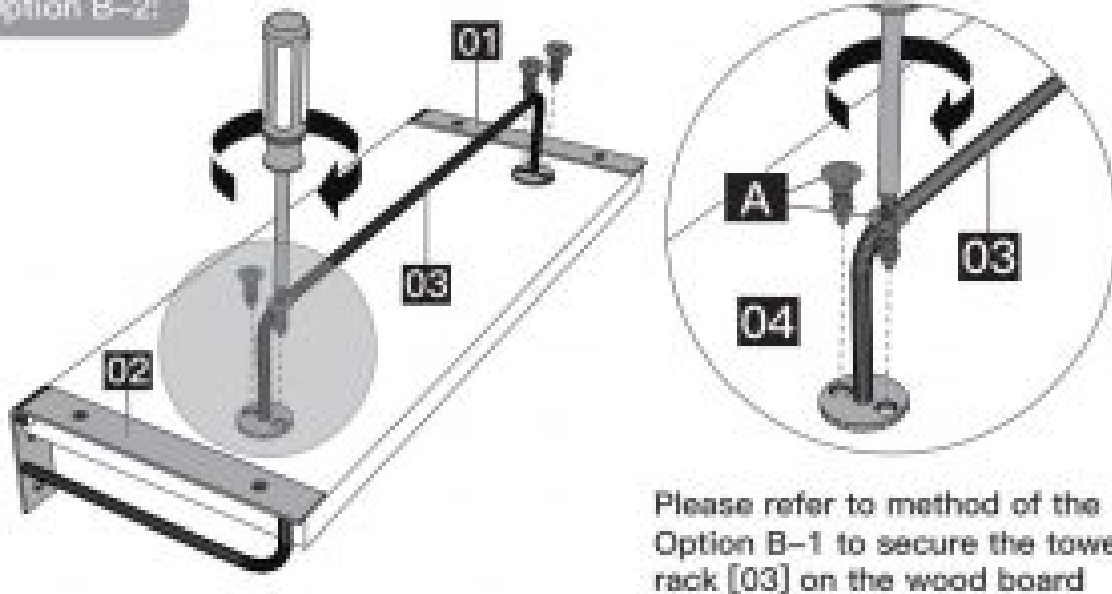

For Option B Installation

Option B-1:

Electric screw driver  
is recommended  
[Not Included]

### Option B-2:

## Step 2 Secure Metal Frame with Wood Board on Wall

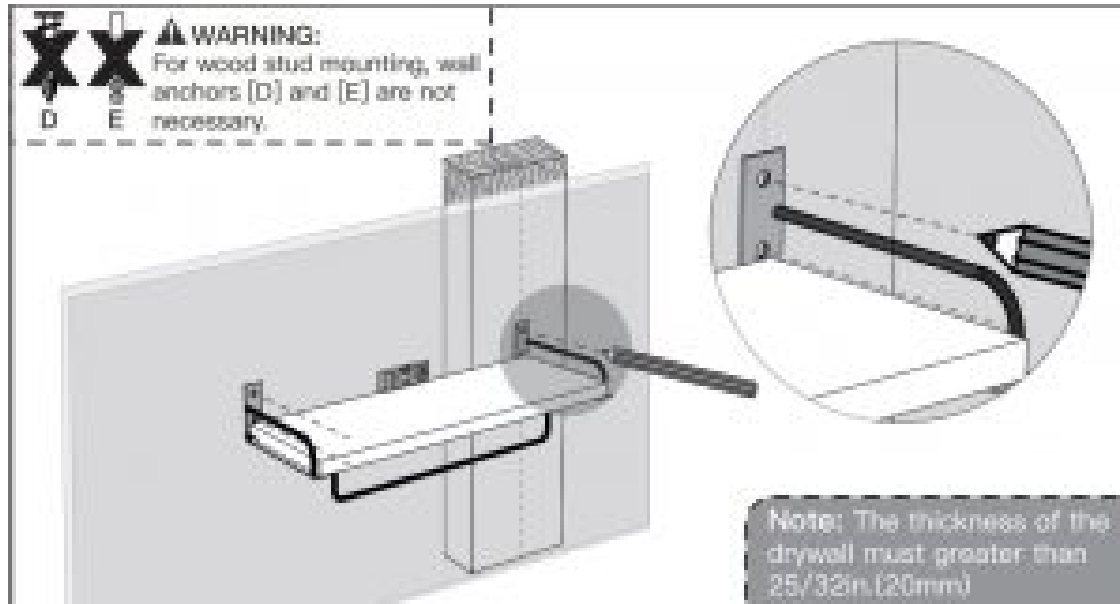

Before installation, please identify your wall type.

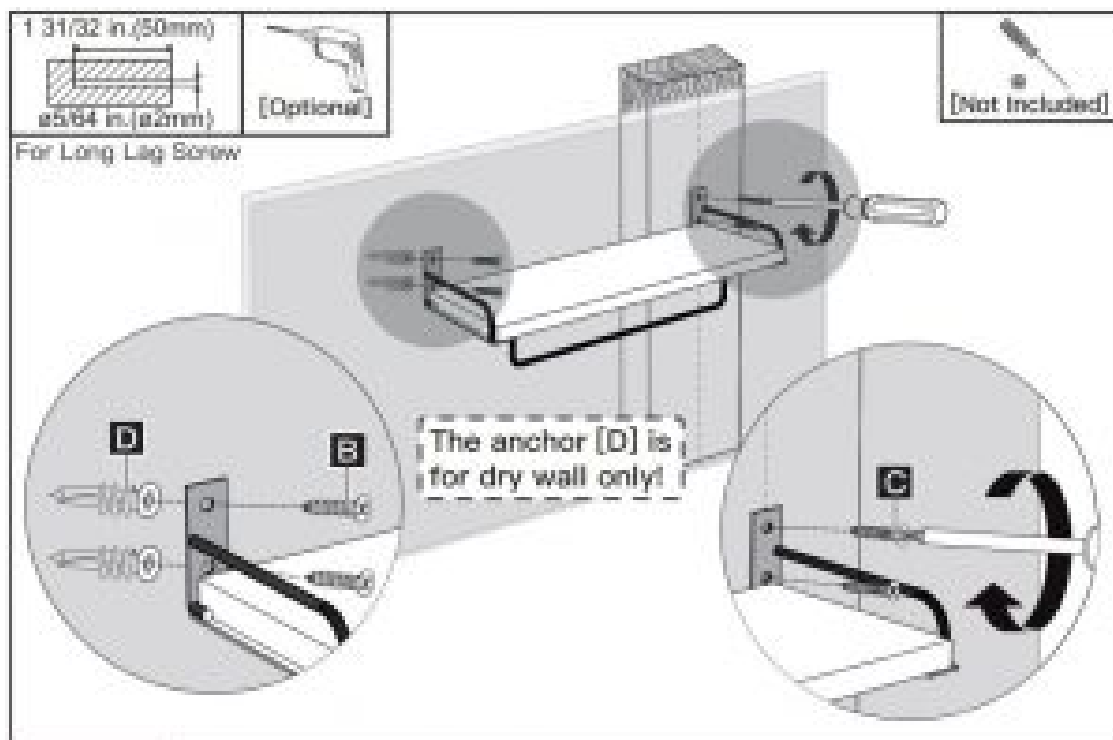

For wood stud installation, follow the step 2A.

For drywall installation, follow the step 2B.

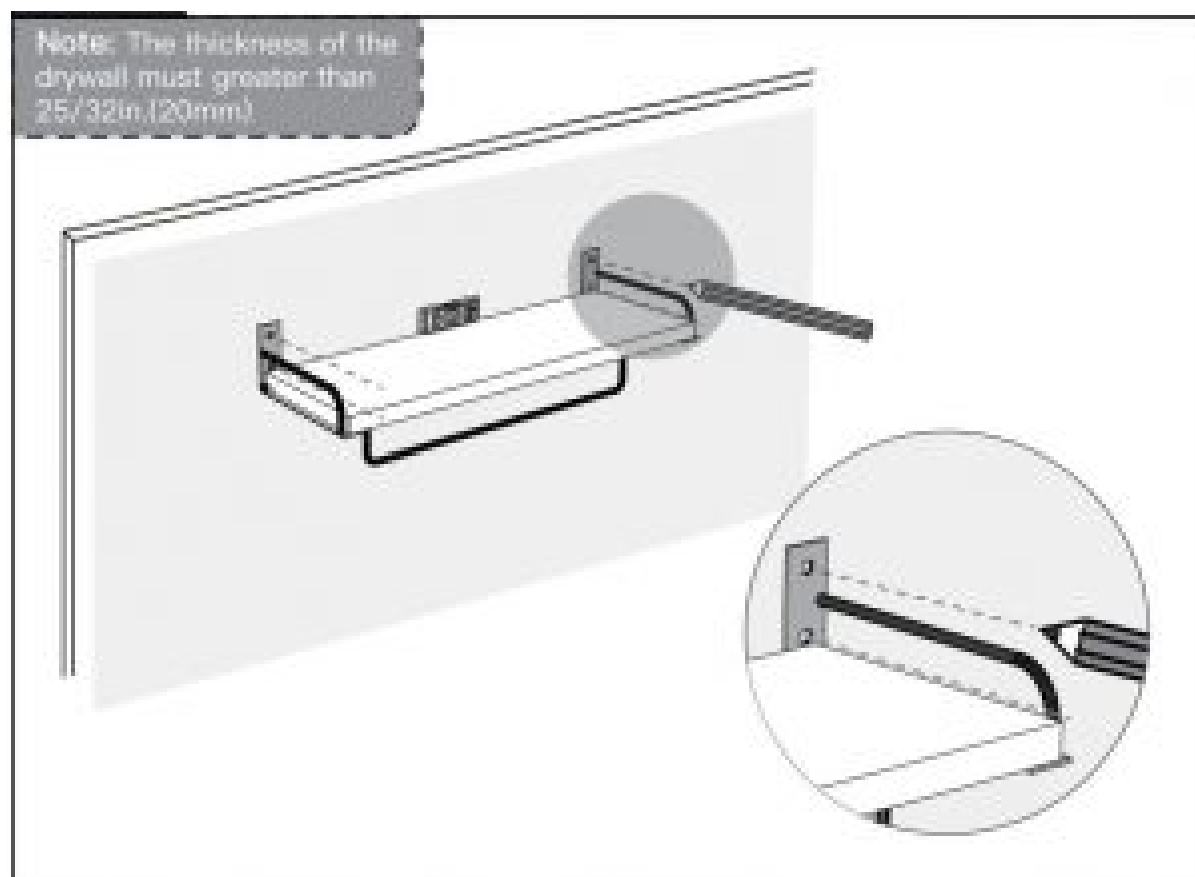

For solid concrete and concrete block walls installation, follow the step 2C

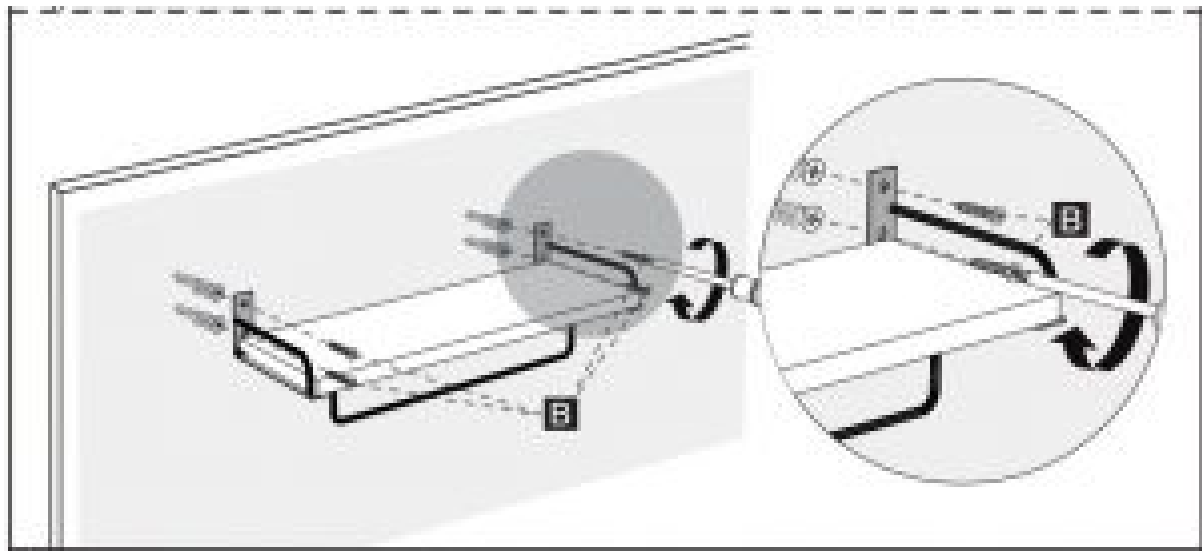

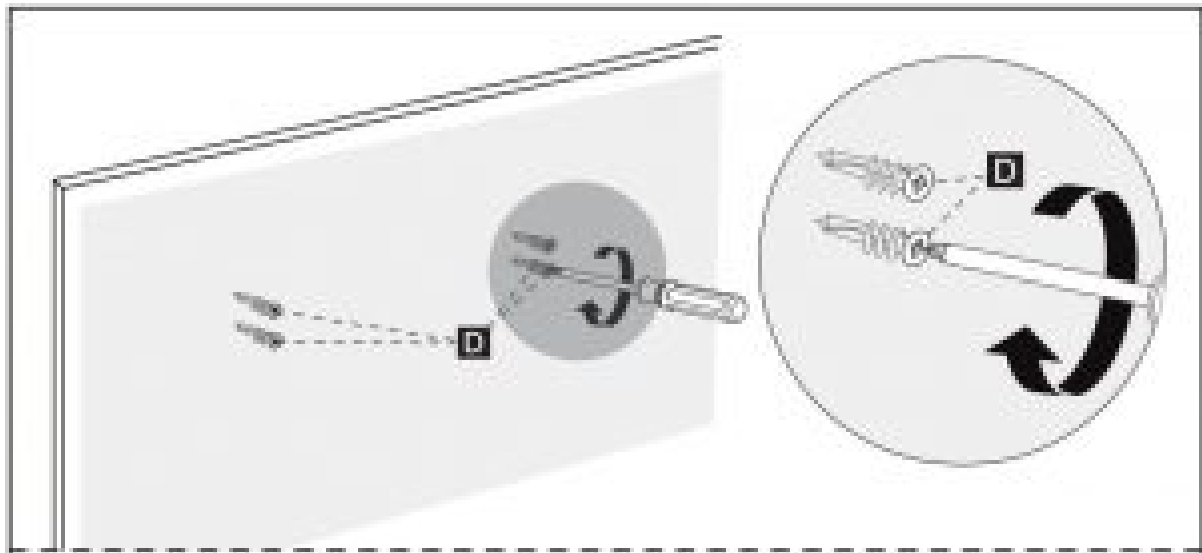

### Step 2A For Wood Stud

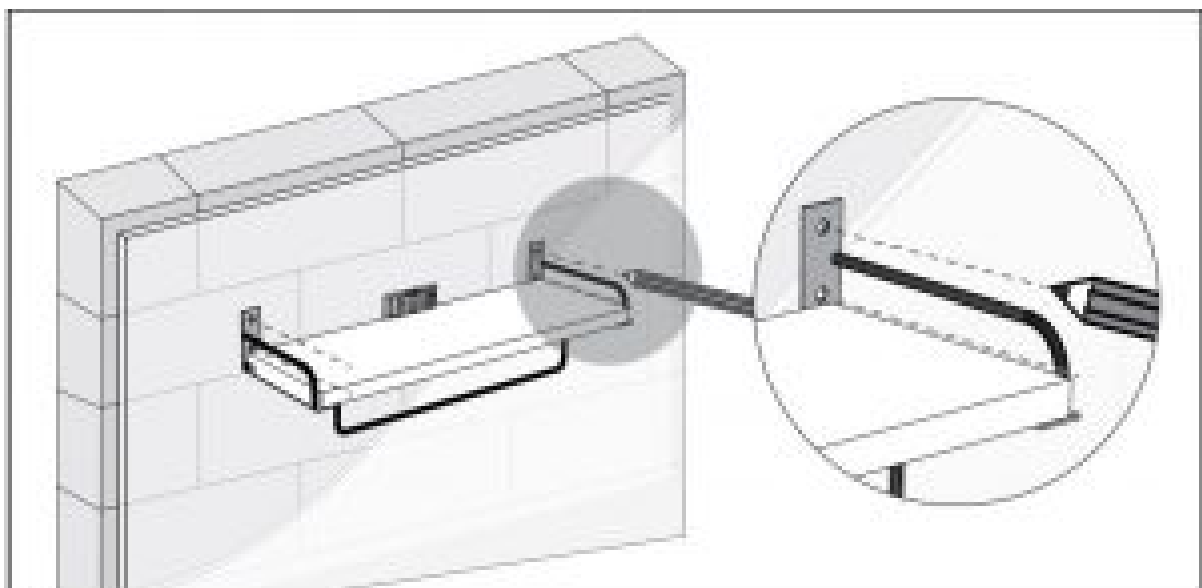

## Step 2B For Drywall

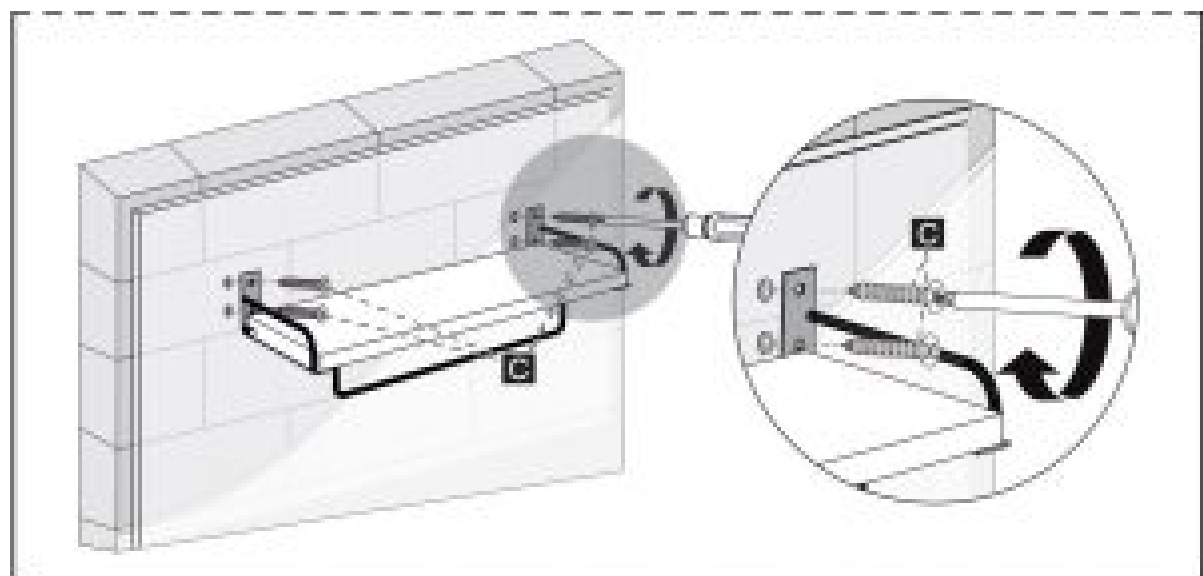

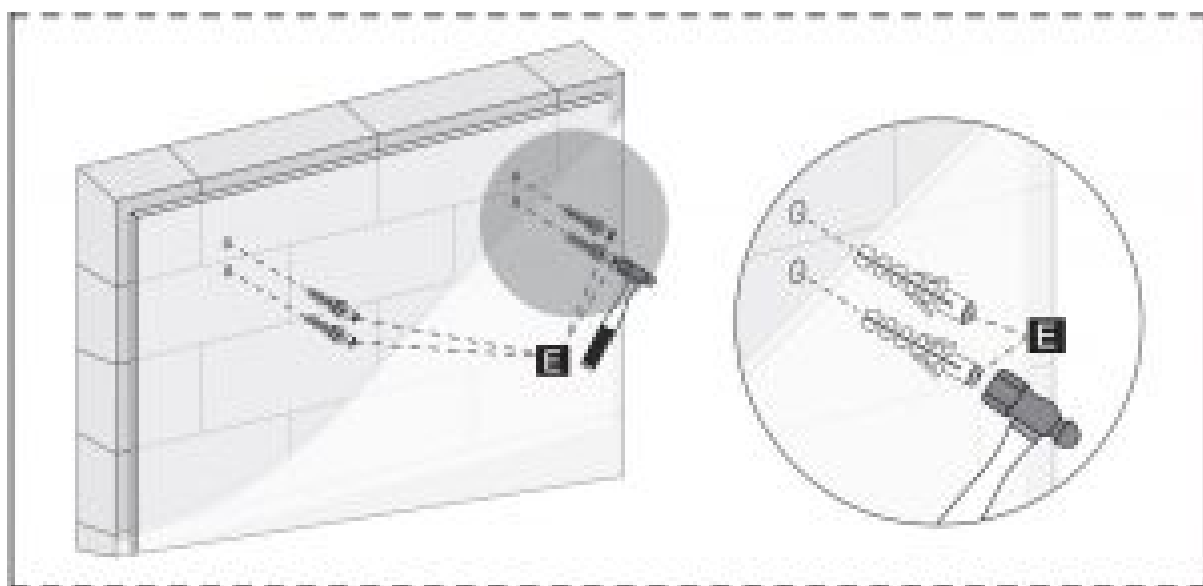

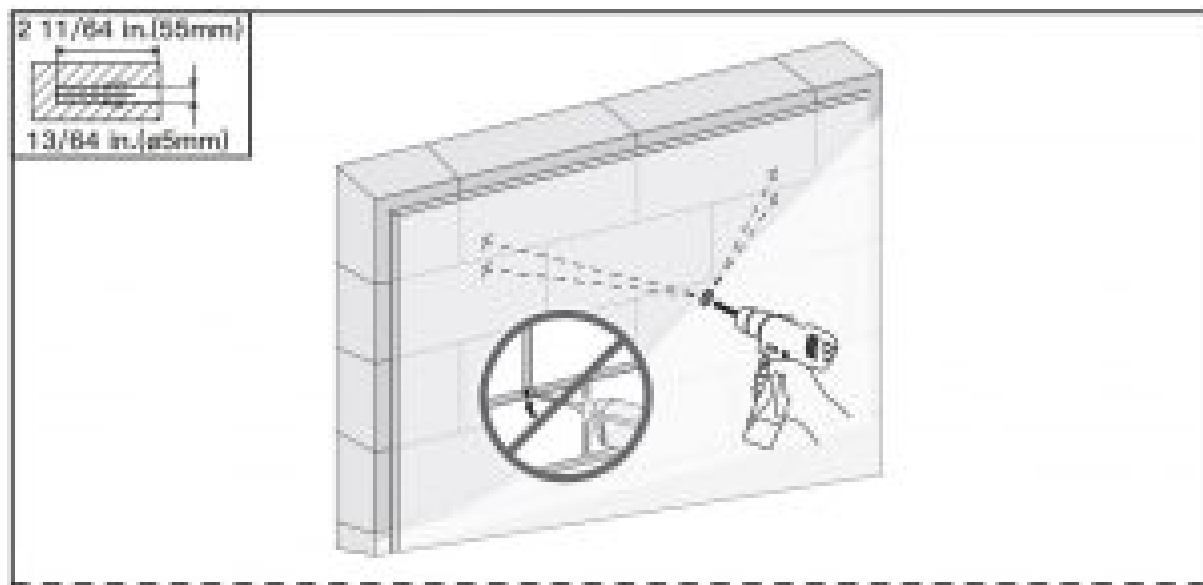

**Step 1C** For Solid Concrete and Concrete Block Walls
