Einhomn 956C2

Einhomn Queen Size Bed Frame with LED Lights & Charging Station

Model: 956C2 | Brand: Einhomn

Introduction

Thank you for choosing the Einhomn Queen Size Bed Frame. This manual provides essential information for the safe assembly, operation, and maintenance of your new bed frame. Please read these instructions carefully before beginning assembly and retain them for future reference.

Safety Information

WARNING: Failure to follow these safety instructions may result in injury or damage to the product.

- Be cautious of hidden legs during assembly and use to prevent toe injuries.
- Do not exceed the maximum weight limit of **1000 pounds**.
- Always follow the manufacturer's instructions for the safe use of the charging station to prevent fire hazards.
- Ensure all connections are secure before use. Regularly check and tighten fasteners.
- Keep small parts and packaging materials away from children to prevent choking hazards.

Package Contents

Before assembly, verify that all components are present and undamaged. If any parts are missing or damaged, please contact

customer support.

- Headboard with integrated LED lights and charging station
- Bed frame side rails
- Metal slat system with EVA cushioning
- Support legs
- Hardware kit (screws, bolts, Allen wrenches)
- Remote control for LED lights
- Installation Manual (this document)

Assembly Instructions

Assembly is designed to be straightforward and can typically be completed in under 60 minutes with two people. All parts are pre-sorted and numbered.

Tools Required:

- Included Allen wrenches
- Phillips head screwdriver (not included, recommended for faster assembly)

Step-by-Step Assembly:

1. **Unpack and Identify Parts:** Lay out all components on a clean, soft surface (e.g., a rug or blanket) to prevent scratches. Match each part to the corresponding number in the instruction manual.
2. **Assemble the Headboard:** Attach the headboard support pieces to the main headboard unit. Ensure the LED strip and charging station are correctly oriented.
3. **Connect Side Rails:** Attach the side rails to the headboard and footboard using the provided hardware. Do not fully tighten screws until all major components are connected.
4. **Install Center Support:** Secure the center support beam and legs to the frame.
5. **Place Slats:** Position the metal slats across the frame. The EVA-cushioned slats are designed to prevent noise. Use the anti-slip adhesive strips to secure your mattress in place.
6. **Final Tightening:** Once all parts are in place and aligned, securely tighten all screws and bolts.
7. **Connect Power:** Plug in the power cord for the LED lights and charging station.

Operating Instructions

LED Ambient Lighting:

The integrated LED lights offer a wide range of customization options:

- **Color Selection:** Choose from over 6,000 colors using the included remote control or a compatible smartphone application.
- **Flashing Modes:** Select from multiple dynamic flashing modes to suit your preference.
- **Timers:** Set timers for the lights to turn on or off automatically.
- **Music Sync:** Activate microphone and music sync features for a dynamic light show that responds to sound.

Charging Station:

The headboard features a built-in 20W fast-charging station for your electronic devices:

- **Ports:** Includes 2 AC outlets, 1 USB-A port, and 1 Type-C port.
- **Usage:** Simply plug your devices into the appropriate ports for convenient overnight charging.

Maintenance

Proper maintenance ensures the longevity and performance of your bed frame.

- **Cleaning:** Wipe down the wood surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Fasteners:** Periodically check all screws and bolts and tighten them as needed to maintain stability and prevent squeaks.
- **LED Lights:** If LED lights malfunction, ensure the power connection is secure. Do not attempt to repair the LED strip yourself; contact customer support.
- **Charging Station:** Keep the charging ports free of dust and debris. Do not overload the charging station.

Troubleshooting

Problem	Possible Cause	Solution
Bed frame squeaks or is unstable.	Loose fasteners; uneven assembly.	Tighten all screws and bolts. Ensure the frame is assembled on a level surface.
LED lights are not working.	Power connection issue; remote control battery dead; app not connected.	Check power cord connection. Replace remote control battery. Ensure smartphone app is correctly paired.
Charging station is not providing power.	Power cord disconnected; device not compatible; overloaded circuit.	Verify the bed frame's power cord is securely plugged into a working outlet. Check device compatibility. Avoid plugging in too many high-power devices simultaneously.
Mattress slides on the frame.	Anti-slip strips not applied or worn out.	Ensure anti-slip adhesive strips are properly applied to the slats. Replace if worn.

Specifications

- **Model:** 956C2
- **Size:** Queen
- **Material:** Metal frame with wood finish
- **Product Dimensions (L x W x H):** 84.6" x 60.4" x 38.6"
- **Style:** Farmhouse / Modern Floating
- **Special Features:** Integrated LED Lighting, Charging Station (2 AC + 1 USB-A + 1 Type-C), Remote Control, Space Saving Design, Storage Headboard Shelf
- **Maximum Weight Recommendation:** 1000 pounds
- **Item Weight:** 86.8 pounds
- **Included Components:** Headboard, Bed Frame, Slat System, Installation Manual
