IN THE BOX

- Mouse, User Manual

E-Waste Disposal

- Be a Responsible User. Recycle or refurbish your old Amazon brand products to help protect the environment. The crossed-out bin symbol on this product or its packaging signifies that this product should be discarded separately from ordinary household waste at its end of life. Be aware that it is your responsibility to dispose of e-waste in such a manner that no damage to human health and the environment occurs. E-waste is generated from electronic and electrical appliances/components that have reached their end-of-life period or are no longer fit for their original intended use and are destined for recovery, recycling, or disposal. E-waste when disposed of or recycled improperly, can cause severe environmental pollution and adversely affect the human body as they contain toxic chemicals.
- Please ensure that the electronic products that are unwanted, not working, and nearing or at the end of life are disposed of only through authorization. Recycling or refurbishing points.
- Please contact your municipal waste management authority or your household waste disposal service for additional details.
- This product and the components thereof conform to the provisions of hazardous substances.
- Specified under Rule 16 (1) and Rule 16 (4) of E-waste (Management) Rules, 2022 [Chapter VII titled The Reduction in the Use of Hazardous Substances in the Manufacture of Electrical and Electronic Equipment and their Components or consumables or Parts or spares].

Don'ts

- **a.** Do not dismantle your electronic products on your own.
- **b.** Do not throw electronics with having “Do not Dispose” symbol on the product package in your regular garbage bins along with municipal waste since it will ultimately reach a landfill.
- **c.** Do not give e-waste to informal and unorganized sectors like local scrap dealers. Be a Responsible User.
- Recycle your E-Waste for a Greener Planet.
