XIAOMI POCO C85

XIAOMI POCO C85 Smartphone User Manual

Model: POCO C85

1. Introduction

This manual provides essential information for the safe and efficient use of your XIAOMI POCO C85 smartphone. Please read this manual carefully before using your device and retain it for future reference.
The POCO C85 is designed to offer a comprehensive mobile experience with its powerful features and user-friendly interface.

2. Setup

2.1. Package Contents

Verify that all items are present in your product box:

- XIAOMI POCO C85 Smartphone
- USB Cable
- Protective Case (Clear Silicone)
- SIM Ejector Tool
- Quick Start Guide

The image above displays the typical contents found in the POCO C85 retail package.

2.2. Device Overview

Familiarize yourself with the physical components of your POCO C85.

This image shows the front and back of the POCO C85. Key features include the display, camera module, and side buttons.

2.3. Initial Power On and SIM Card Installation

1. To power on, press and hold the Power button located on the side of the device until the XIAOMI logo appears.
2. Insert the SIM ejector tool into the small hole on the SIM card tray to open it.
3. Place your Nano-SIM card(s) and/or microSD card into the tray with the gold contacts facing down.
4. Carefully reinsert the tray into the phone.
5. Follow the on-screen instructions to complete the initial setup, including language selection, Wi-Fi connection, and Google account setup.

3. Operating Instructions

3.1. Display Features

The POCO C85 features a large 6.9-inch display with a 120Hz AdaptiveSync refresh rate for smooth visuals and navigation. It also includes Eye Care protection with TÜV Rheinland certification and Wet Touch 2.0 technology for responsive control even with wet fingers.

The display offers a clear and vibrant viewing experience. The 120Hz refresh rate enhances fluidity during scrolling and gaming.

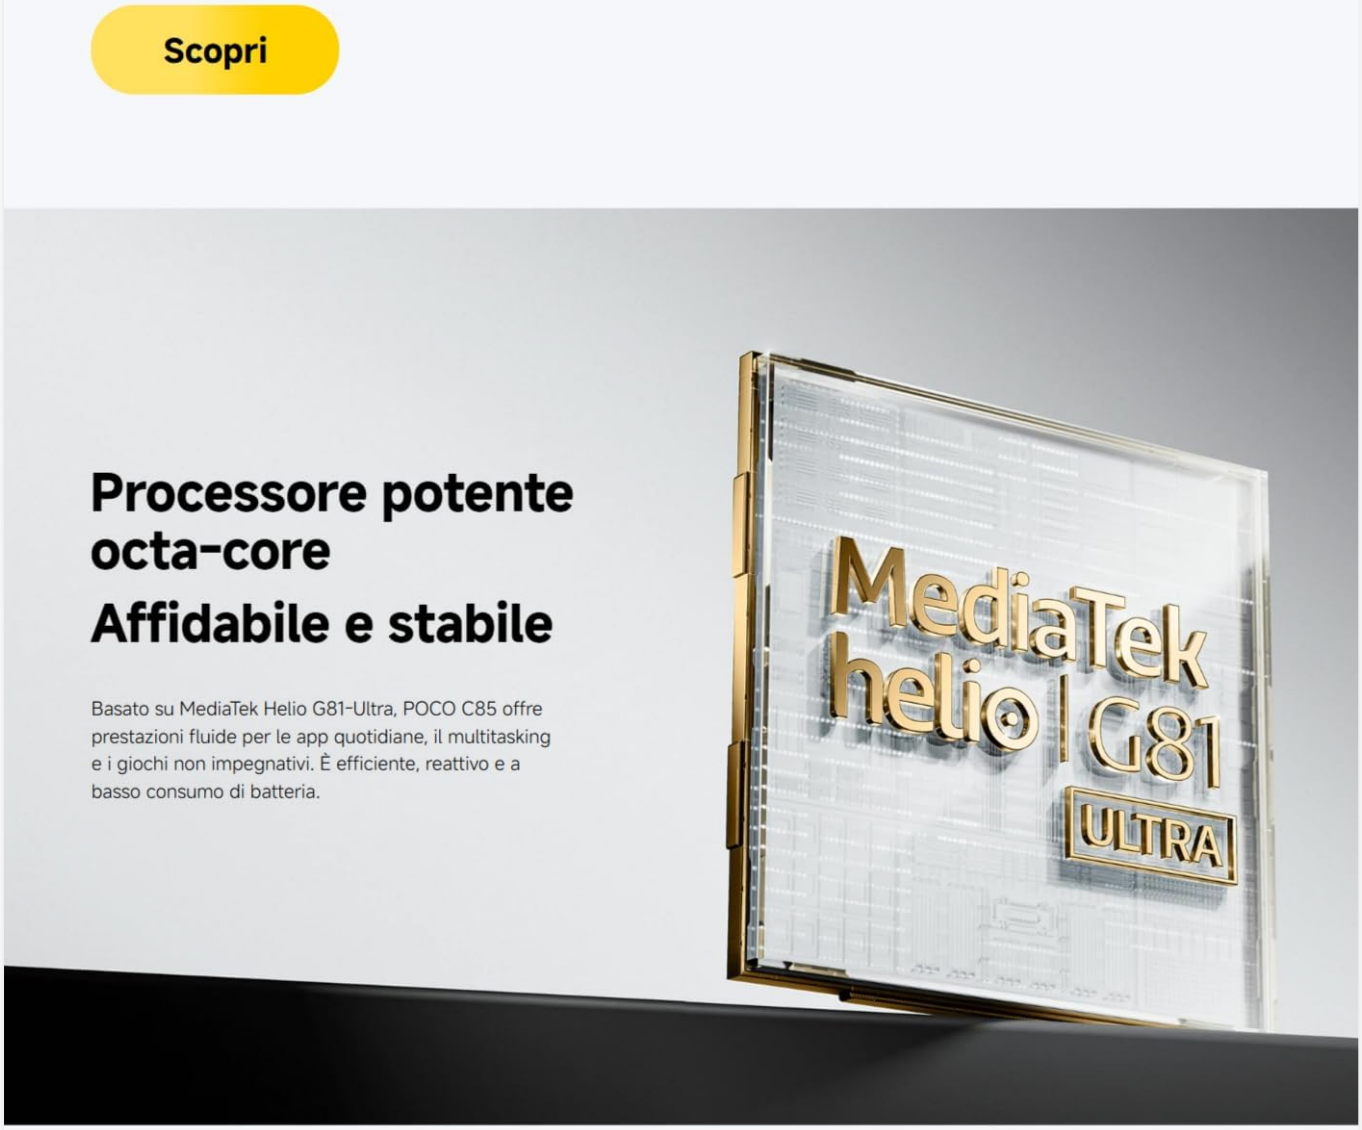
3.2. Camera Operation

Capture high-quality photos and videos with the 50MP AI Dual Camera system. The Ultra HD mode allows for sharp and detailed images.

The 50MP AI dual camera system adapts to various shooting scenarios, capturing rich textures and realistic light and shadows.

3.3. Performance

The POCO C85 is powered by the MediaTek Helio G81-Ultra octa-core processor, ensuring smooth performance for daily applications, multitasking, and gaming. The device supports RAM expansion up to 16GB (8GB + 8GB virtual RAM) for enhanced fluidity.



The MediaTek Helio G81-Ultra processor provides efficient and responsive operation with low battery consumption.

3.4. Battery and Charging

The device is equipped with a powerful 6000mAh (typ) battery, offering long-lasting power. It supports 33W fast charging, allowing you to charge up to 50% in just 31 minutes. The POCO C85 also supports reverse charging, enabling it to act as a power bank for other devices.

Ricarica rapida da 33 W

La ricarica rapida e intelligente da 33 W ti semplifica la vita, creando un equilibrio perfetto tra una ricarica rapida e una durata della batteria prolungata.

Ricaricare al 50% in soli 31 minuti

*I dati provengono dai laboratori interni POCO. I risultati effettivi potrebbero variare.
*Alimentatore non incluso nella confezione. Si consiglia di utilizzare un alimentatore Xiaomi da 33 W.

Supporta la ricarica inversa

Con la ricarica inversa, il telefono può essere utilizzato come power bank per ricaricare gli altri dispositivi in qualsiasi momento e luogo.

*Supporta la ricarica inversa con cavo fino a 10 W, compatibile con dispositivi verificati attraverso test dei laboratori interni POCO. Le prestazioni effettive possono variare a seconda delle condizioni della batteria e altri fattori. Quando utilizzi questa funzionalità, assicurati che la batteria del telefono sia sufficientemente carica e verifica la compatibilità del dispositivo ricevente.

The intelligent charging engine improves charging efficiency and extends battery life.

Supporta la ricarica inversa

Con la ricarica inversa, il telefono può essere utilizzato come power bank per ricaricare gli altri dispositivi in qualsiasi momento e luogo.

With reverse charging, your phone can be used as a power bank to charge other devices anytime, anywhere.

4. Maintenance

To ensure the longevity and optimal performance of your POCO C85, follow these maintenance guidelines:

- Keep the device clean by wiping it with a soft, dry cloth. Avoid abrasive materials or harsh chemicals.
- Protect the screen with a screen protector and use the provided protective case to prevent scratches and damage.
- Avoid exposing the device to extreme temperatures, direct sunlight, or excessive moisture.
- The device has an IP64 rating for dust and splash resistance. While it offers protection, avoid intentional submersion in water.

The IP64 rating indicates resistance to splashes and dust under specific laboratory conditions.

5. Troubleshooting

If you encounter issues with your POCO C85, try the following steps:

- **Device not turning on:** Ensure the battery is charged. Connect the device to a charger for at least 30 minutes before attempting to power it on again.
- **Apps crashing or freezing:** Close the problematic app and reopen it. If the issue persists, restart the phone.
- **Poor battery life:** Adjust screen brightness, disable unnecessary background apps, and turn off Wi-Fi/Bluetooth when not in use.
- **Network connectivity issues:** Check your SIM card installation. Try restarting the device or resetting network settings.
- **Fingerprint sensor not working:** Ensure your finger is clean and dry. Re-register your fingerprint if necessary.
- **Factory Reset:** As a last resort, if software issues persist, you may perform a factory reset.**Warning: This will erase all data on your device. Back up important data before proceeding.** Navigate to Settings > System > Reset options > Erase all data (factory reset).
