Garvee Buffet Sideboard Cabinet Instruction Manual

Model: wSoMlj61hjYgfw7Ph4ocCQ7E

Introduction

Thank you for choosing the Garvee Buffet Sideboard Cabinet. This manual provides essential information for the safe assembly, operation, maintenance, and troubleshooting of your new cabinet. Please read these instructions carefully before beginning assembly and retain them for future reference.
This modern console table features three drawers and a two-door cabinet with glass doors, designed for organizing various items in your kitchen, dining room, or living room. It includes a faux marble top, fluted design elements, and a gold alloy frame.

Important Safety Information

- Always follow the assembly instructions carefully.
- Use appropriate tools and safety gear when assembling the cabinet.
- Keep children and pets away from the assembly area to prevent injuries.
- Ensure all connections are secure before use.
- Do not overload shelves or drawers.
- Attach the anti-tipping device to a wall stud to prevent accidental tipping, especially in households with children.

Package Contents

Before assembly, verify that all parts listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Top Panel (Faux Marble)
- Side Panels (Left & Right)
- Bottom Panel
- Back Panels

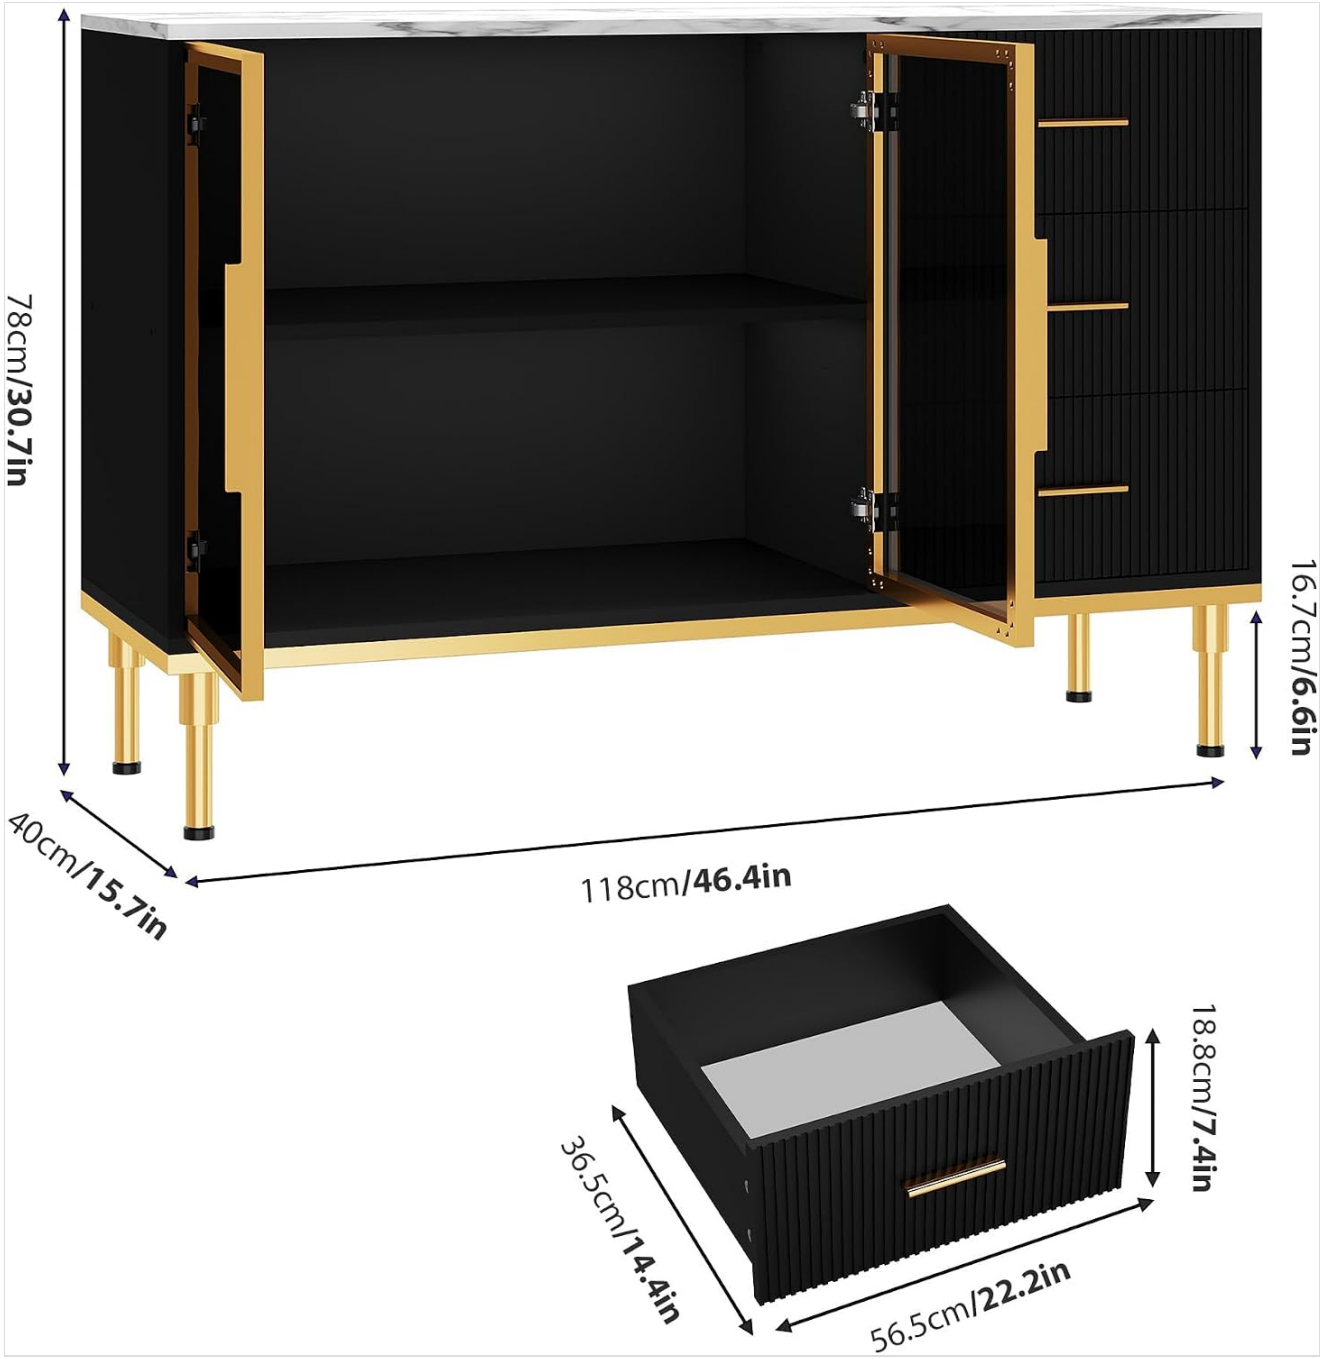
- Adjustable Shelves
- Glass Doors (2)
- Drawers (3) with Fluted Fronts
- Legs (Gold Alloy)
- Door Hinges
- Drawer Slides
- Handles (Gold)
- Anti-Tipping Hardware
- Assembly Hardware (screws, dowels, cam locks, etc.)
- Instruction Manual

Setup and Assembly Instructions

Assembly is required for this product. All components are clearly labeled, and hardware is included. Follow these general steps, referring to the included detailed assembly diagram for specific part identification and sequence.

1. **Prepare the Area:** Clear a spacious, clean, and level area for assembly. Lay down a blanket or cardboard to protect the cabinet parts and your floor.
2. **Identify Parts:** Unpack all components and hardware. Match them with the parts list and diagrams in your separate assembly guide.
3. **Assemble the Frame:** Attach the side panels to the bottom panel using the provided hardware (e.g., dowels, cam locks). Ensure the grooves for the back panel are correctly oriented.
4. **Install Drawer Slides:** Secure the drawer slides to the interior side panels of the cabinet frame. Ensure they are level and correctly aligned. *Note: Some users have reported needing to slightly adjust or bend the ends of the slides to align holes during assembly.*
5. **Assemble Drawers:** Construct the three drawers by attaching the sides, front (fluted panel), and back to the bottom panel. Install the gold handles onto the drawer fronts. Attach the corresponding drawer slide mechanisms to the drawer sides.
6. **Insert Back Panels:** Slide the back panels into the grooves of the assembled frame and secure them.
7. **Attach Legs:** Securely fasten the gold alloy legs to the bottom of the cabinet.
8. **Install Shelves:** Insert the adjustable shelf pins into the desired holes inside the cabinet compartments. Place the adjustable shelves onto the pins.
9. **Attach Glass Doors:** Mount the hinges to the glass doors and then attach the doors to the cabinet frame. Adjust hinges as needed for proper door alignment.
10. **Install Anti-Tipping Device:** Secure the anti-tipping hardware to the top rear of the cabinet and then to a wall stud using appropriate wall anchors. This is a critical safety step.
11. **Final Check:** Ensure all screws are tightened, and the cabinet is stable.

Visual Aid: Cabinet Dimensions



This image illustrates the overall dimensions of the cabinet (46.4 inches W x 15.7 inches D x 30.7 inches H) and the dimensions of a single drawer (22.2 inches W x 14.4 inches D x 7.4 inches H).

Visual Aid: Adjustable Shelf and Features

This image demonstrates the adjustable shelf within the cabinet, the textured fluted design on the drawer fronts, the gold handles, and the anti-tipping design for safety.

Operating Instructions

The Garvee Buffet Sideboard Cabinet is designed for straightforward use.

Using the Drawers

- Gently pull the gold handles to open the drawers.
- Push the drawers firmly until they are fully closed. Avoid slamming.
- The drawers are suitable for storing smaller items such as cutlery, linens, or office supplies.

Using the Glass Doors and Shelves

- Open the glass doors by pulling the gold handles.
- The interior features adjustable shelves. To adjust a shelf, remove any items, lift the shelf, reposition the shelf

pins to the desired height, and then place the shelf back on the pins.

- The glass doors allow for display of items while protecting them from dust.

Visual Aid: Storage Space with Glass Doors

This image displays the cabinet with its glass doors open, showcasing the interior storage compartments and adjustable shelves, suitable for various items.

LED Lighting (If Applicable)

Some models may include LED lighting. If your model includes LED strips, refer to the separate LED lighting instruction manual for installation and operation details, including app control and various modes.

Visual Aid: LED Light Features

This image illustrates the potential LED lighting features, including color options, sound-reactive modes, timer functions, and control via a mobile application or remote.

Maintenance and Care

Proper care will ensure the longevity and appearance of your Garvee Buffet Sideboard Cabinet.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that can damage the finish. For the faux marble top, use a mild, non-abrasive cleaner.
- **Glass Care:** Clean glass doors with a standard glass cleaner and a lint-free cloth.
- **Spills:** Immediately wipe up any spills to prevent staining, especially on the faux marble top.
- **Hardware:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.
- **Placement:** Avoid placing the cabinet in direct sunlight or near heat sources, as this can cause fading or warping. Maintain a stable room temperature and humidity.
- **Moving:** When moving the cabinet, always lift it rather than dragging it to prevent damage to the legs and frame.

Troubleshooting

Problem	Possible Cause	Solution
Cabinet is wobbly or unstable.	Loose connections; uneven floor.	Ensure all screws and hardware are tightened. Place shims under legs if the floor is uneven. Verify anti-tipping device is securely installed.
Drawers do not slide smoothly or align properly.	Drawer slides are misaligned or bent; incorrect assembly.	Check that drawer slides are installed correctly and are parallel. Adjust or gently bend slide ends if necessary to align holes. Ensure drawers are assembled squarely.
Glass doors are misaligned or do not close properly.	Hinges are loose or improperly adjusted.	Tighten hinge screws. Adjust hinge settings (usually via screws on the hinge body) to align the doors.
LED strips are not functioning.	Loose connection; faulty LED strip or power supply.	Check all power connections for the LED strips. Ensure the power adapter is plugged in. If issues persist, contact customer support for a replacement.
Missing or damaged parts.	Shipping damage; packaging error.	Do not proceed with assembly. Contact Garvee customer support immediately with your purchase details and a description of the missing/damaged parts.

Product Specifications

Feature	Detail
Brand	Garvee
Model Name	wSoMlj61hjYgfw7Ph4ocCQ7E
Color	Black
Product Dimensions (W x D x H)	47.24" x 15.75" x 31.5" (118cm x 40cm x 78cm)
