DERCASS LP000391A

DERCASS Queen Size Murphy Bed with Storage Cabinet and Wine Rack

MODEL: LP000391A

Introduction

This manual provides essential information for the safe assembly, operation, and maintenance of your DERCASS Queen Size Murphy Bed, Model LP000391A. This product is designed to offer a space-saving sleeping solution combined with versatile storage, including a wine rack, glass holder, drawers, and multi-color LED lighting. Please read these instructions thoroughly before beginning assembly or use to ensure proper function and longevity of your product.

Safety Information

- **Wall Mounting:** This Murphy bed unit **must** be securely anchored to a wall. Failure to properly secure the unit can result in serious injury or death. Consult a qualified professional for installation if you are unsure about your wall type or mounting procedures.
- **Weight Capacity:** The bed frame is designed to support a maximum weight of 600 lbs (including mattress and occupant). Do not exceed this limit.
- **Mattress Thickness:** Use a mattress with a thickness between 6 to 8 inches. Do not use a mattress thicker than 8 inches, as this may interfere with the bed's closing mechanism or cause damage.
- **Children and Pets:** Keep children and pets away from the bed mechanism during opening and closing operations.
- **Moving Parts:** Be aware of pinch points when operating the bed. Keep hands and fingers clear of moving parts.
- **Regular Inspection:** Periodically check all fasteners and connections to ensure they remain tight. Tighten as necessary.

Package Contents

Your DERCASS Murphy Bed system is shipped in 3 separate packages. Please verify that all components are present and undamaged before beginning assembly. Refer to the detailed parts list included in your separate assembly manual for specific item counts.
Key components include:

- Bed Frame components
- Storage Cabinet components
- Wine Rack and Glass Holder components

- Drawers and associated hardware
- Slats for mattress support
- Multi-Color LED Strip and associated power supply
- Hardware (screws, bolts, connectors, etc.)
- Assembly Tools (basic tools may be included, but personal tools are recommended)

Setup and Assembly

Assembly of the DERCASS Murphy Bed requires careful attention to detail. A comprehensive, step-by-step assembly manual is included with your product. Please follow those instructions precisely. The following provides a general overview and important considerations:

1. **Preparation:** Clear a large, open area for assembly. Ensure you have all necessary tools and components. It is recommended to have at least two adults for assembly due to the size and weight of the components.
2. **Cabinet Assembly:** Begin by assembling the storage cabinet, including the drawers, wine rack, and glass holder sections.
3. **Bed Frame Assembly:** Assemble the main Murphy bed frame structure.
4. **Integration:** Connect the storage cabinet to the Murphy bed frame as per the assembly manual.
5. **Wall Mounting:** This is a critical step. The entire unit **must be securely anchored to a sturdy wall stud or appropriate wall anchor system**. Use the provided wall mounting hardware and follow the instructions carefully. Improper wall mounting can lead to the unit tipping over.
6. **Slat Installation:** Install the mattress slats onto the bed frame.
7. **LED Strip Installation:** Install the multi-color LED strip behind the wine storage area and connect the two warm-toned lights above the bed. Follow the electrical connection instructions carefully.
8. **Final Checks:** Before placing a mattress, test the bed's opening and closing mechanism several times to ensure smooth operation. Verify all connections are secure.

Operating Instructions

Opening the Murphy Bed:

1. Ensure the area in front of the bed is clear of obstructions.
2. Gently pull the bed frame downwards from the top edge. The spring mechanism will assist in lowering the bed.
3. Continue to guide the bed down until the legs are fully extended and the bed rests securely on the floor.

Closing the Murphy Bed:

1. Remove any items from the bed surface.
2. Lift the bed frame from the bottom edge. The spring mechanism will assist in raising the bed.
3. Guide the bed upwards until it is fully upright and securely latched into the closed position. Ensure the legs fold in

correctly.

Operating LED Lights:

- **Warm-Toned Lights (Above Bed):** These lights are typically controlled by a switch located on the unit or a remote control (if included). Refer to the specific lighting instructions provided in your assembly manual.
- **Multi-Color LED Strip (Behind Wine Storage):** This strip usually comes with a remote control to change colors, brightness, and lighting modes. Ensure the power adapter is plugged into a functional outlet.

Maintenance

- **Cleaning:** Wipe the surfaces with a dry, soft cloth. Avoid using harsh chemicals or abrasive cleaners, which can damage the finish.
- **Hardware:** Periodically check all screws, bolts, and connections for tightness. Re-tighten as needed to maintain structural integrity.
- **Mechanism:** The bed's lifting mechanism is designed for durability. Avoid applying excessive force when opening or closing the bed. Do not attempt to lubricate the mechanism unless specifically instructed by the manufacturer.
- **LED Lights:** Ensure power cords are not pinched or damaged. If an LED strip or light fails, contact customer support for replacement options.

Troubleshooting

- **Bed Does Not Open/Close Smoothly:**
  - Check for obstructions around the bed frame.
  - Ensure the mattress thickness is within the recommended 6-8 inches.
  - Verify all assembly hardware is securely tightened.
- **LED Lights Not Working:**
  - Check if the power adapter is securely plugged into a working electrical outlet.
  - Ensure all connections to the LED strip/lights are firm.
  - If using a remote, check the battery.
- **Unit Feels Unstable:**
  - Immediately cease use.
  - Re-check all wall mounting anchors and ensure they are securely fastened to wall studs or appropriate structural supports.
  - Verify all internal assembly connections are tight.

If you encounter issues not covered here or require further assistance, please contact DERCASS customer support.

Specifications

Feature	Detail
Product Type	Murphy Bed with Storage Cabinet and Wine Rack
