GarveeTech 73-inch Arched Metal Storage Cabinet with Glass Door

Model: uhE1_byxKrKDl9yce7n8-ALQded

Introduction

This manual provides detailed instructions for the assembly, operation, maintenance, and troubleshooting of your GarveeTech 73-inch Arched Metal Storage Cabinet with Glass Door. Please read all instructions carefully before assembly and use to ensure safe and proper functionality.

Safety Information

- **Anti-Tipping Device:** This cabinet includes an anti-tipping device. It is crucial to install this device securely to a wall stud to prevent accidental tipping, which can cause serious injury or death.
- **Weight Capacity:** Do not exceed the maximum weight capacity of 100 lbs per shelf. Distribute weight evenly to maintain stability.
- **Assembly:** Assembly should be performed by at least two adults. Keep children and pets away from the assembly area.
- **Placement:** Place the cabinet on a flat, level, and stable surface. Avoid placing it in areas with high humidity or direct sunlight, which can affect material integrity over time.
- **Glass Doors:** Handle glass doors with care. Avoid sudden impacts or excessive force. In case of breakage, clean up glass fragments immediately and safely.

Package Contents

Before beginning assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact GarveeTech customer support.

- Cabinet Panels (Top, Bottom, Sides, Back)
- Glass Doors (2)
- Adjustable Shelves (2)
- Legs (4)

- Metal Handles (2)
- Hardware Pack (screws, bolts, shelf pins, anti-tipping kit)
- Assembly Tool (e.g., Allen wrench)

Setup and Assembly Instructions

Please follow these steps carefully. A Phillips head screwdriver (not included) may be required in addition to the provided tool.

1. **Prepare the Area:** Clear a spacious, clean, and level area for assembly. Lay out all components and hardware.
2. **Attach Legs:** Secure the four legs to the bottom panel of the cabinet using the provided screws. Ensure they are tightened firmly.
3. **Assemble Frame:** Connect the side panels to the bottom panel, then attach the back panel. Follow the diagrams in your specific assembly guide for correct orientation and hardware.
4. **Install Top Panel:** Secure the arched top panel to the assembled frame.
5. **Insert Shelf Pins:** Determine desired shelf heights and insert the shelf pins into the corresponding holes on the side panels.
6. **Place Shelves:** Carefully place the two adjustable shelves onto the installed shelf pins. Ensure they are level and secure.
7. **Attach Handles:** Mount the metal handles to the glass doors using the provided hardware.
8. **Install Doors:** Attach the glass doors to the cabinet frame using the hinges. Adjust hinges as needed to ensure proper door alignment and smooth opening/closing.
9. **Install Anti-Tipping Device:** This is a critical safety step. Secure the anti-tipping strap or bracket to the top rear of the cabinet and then firmly attach it to a wall stud using appropriate wall anchors and screws.

This image illustrates the overall dimensions of the cabinet: 72.8 inches height, 30.7 inches width, and 15.4 inches depth. It also indicates a maximum weight capacity of 100 lbs per shelf.

The interior of the cabinet features multiple pre-drilled holes for adjusting the height of the two included shelves, allowing for customized storage.

Operating Instructions

- **Opening/Closing Doors:** Use the metal handles to gently open and close the glass doors. Avoid forcing the doors.
- **Adjusting Shelves:** To adjust shelf height, carefully remove all items from the shelf. Lift the shelf slightly, remove the four shelf pins, reposition them to the desired height, and then place the shelf back onto the pins. Ensure all four pins are securely seated before placing items back on the shelf.
- **Loading Cabinet:** Place heavier items on lower shelves for better stability. Distribute weight evenly across each shelf, adhering to the 100 lbs per shelf limit.

This image points out the glass doors, two adjustable shelves, metal handles, and moisture-proof legs of the cabinet.

Maintenance

- **Cleaning:** Wipe the metal surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals, which can damage the powder-coated finish. For glass doors, use a standard glass cleaner and a soft cloth.
- **Regular Checks:** Periodically check all screws and connections to ensure they remain tight. Re-tighten if necessary. Verify that the anti-tipping device is still securely attached to both the cabinet and the wall.
- **Avoid Overloading:** Do not overload shelves beyond their stated capacity to prevent damage or instability.

This image details the arched top design, the durable metal handles, and the stable base of the cabinet.

TROUBLESHOOTING

Cabinet is wobbly:
Ensure the cabinet is placed on a level surface. Check that all leg connections and frame screws are tightened. Verify the anti-tipping device is properly installed.

Doors do not align or close properly:
Check hinge adjustments. Most hinges allow for minor adjustments to align doors. Ensure the cabinet frame is square and level.

Difficulty adjusting shelves:
Ensure shelves are empty before attempting to move them. Verify that shelf pins are fully inserted into the desired holes and are not obstructed.

If you encounter issues not covered here, please contact GarveeTech customer support for assistance.

Specifications

Feature	Detail
Brand	GarveeTech
Model Number	uhE1_byxKrKDI9yce7n8-ALQded
Color	White With Legs
Material	Metal
Overall Dimensions (H x W x D)	72.8" x 30.7" x 15.4"
Item Weight	86.31 Pounds
Number of Doors	2 (Glass Front)
Number of Adjustable Shelves	2
Shelf Weight Capacity	100 lbs per shelf
Additional Features	Anti-Tipping Device, Powder Coated Finish
Installation Type	Freestanding

This image highlights the robust construction of the cabinet and the flexibility provided by its adjustable shelves, suitable for various item sizes.

Warranty and Support

Your GarveeTech cabinet is designed for durability and functionality. For any manufacturing defects or issues, please refer to the retailer's return policy, which typically includes a 30-day return window.
For further assistance, missing parts, or technical support, please contact GarveeTech customer support directly. Contact information can usually be found on the packaging or the retailer's website.

Ask a question about this manual

Ask about setup, troubleshooting, compatibility, parts, safety, or missing instructions. Manuals+ will review the question and use this page's manual context to help answer it.
