Assembly Instructions

Follow the step-by-step instructions provided in the included color manual. Pieces are typically organized into numbered bags to correspond with assembly stages. Take your time and ensure each connection is secure.

Step 1: Prepare Your Workspace

Clear a well-lit, flat surface. Open the numbered bags one at a time as instructed by the manual to avoid mixing pieces.

Step 2: Assemble Individual Roses

Each rose is constructed from multiple layers of petals and a central core. Pay close attention to the orientation of each piece as shown in the manual diagrams.

Step 4: Arrange Your Bouquet

Once all individual roses and stems are assembled, arrange them into a bouquet. The stems are designed for flexibility, allowing you to customize the arrangement to fit your desired display vase or aesthetic.

Troubleshooting

Pieces Not Fitting Securely

If you encounter difficulty connecting pieces, ensure they are correctly aligned according to the instruction manual. Some smaller connection points may require a gentle twisting motion rather than direct force to prevent damage. Avoid excessive pressure, especially on delicate parts.

Missing Pieces

In the event of missing pieces, please refer to the contact information provided in your instruction manual or on the product packaging to reach ENJBRICK customer service for assistance.
